House Passes Anti-Inflation Bill

Housing Issue May Upset Plan To End Session

Senate Group Junks McCarthy Measure, Approves T-E-W Bill

WASHINGTON, Aug. 5 (AP)—The GOP anti-inflation measure was passed, 264 to 97, today by the House in a sharp rebuff for President Truman who only a short time before had labelled it a "feeble compromise."

The measure calls for restoration of wartime controls on installment buying, and a moderate tightening of bank credit. It ignores the President's demand for rationing and price-wage control powers, and for an excess profits tax.

The bill was rushed to the Senate as Republican leaders drove for adjournment of the extra session of Congress Saturday night, or next Tuesday at the latest.

But plans for swift adjournment were imperilled by a wide-open split within Republican ranks on the housing issue.

The Senate Banking Committee, in a surprise move, dumped overboard a housing bill sponsored by Sen. McCarthy (R-Wis) and sent to the Senate floor a revised version of the Taft-Ellender-Wagner housing bill, backed by President Truman. The Senate then began consideration of the latter measure.

New Flareups Of Old Battle

This was a new flareup of an old battle. The T-E-W bill, which has been sponsored by Sen. Taft (R-Ohio) among others, is designed to encourage the construction of 15,000,000 homes in 10 years.

Two features of it, in particular, have aroused controversy. They call for federal loans and subsidies to help clear slums and for federal financing of low-cost homes, which would be owned by public housing agencies in various communities.

Some House leaders have branded the public Housing feature "socialistic." The bill offered by Sen. McCarthy, with the backing of a joint Senate-House committee, omitted the public housing and slum clearance provisions. It was designed to spur the building of low-cost homes and large-scale rental properties, principally by means of more liberal credit.

Angry senators who favored the McCarthy bill predicted the T-E-W measure would be defeated in the House, if not in the Senate.

The Senate agreed to vote on the housing issue at noon (EST) tomorrow.

Tobey Backs T-E-W Bill

Chairman Tobey (R-NH), whose Senate Banking Committee surprised the Senate by sending a slightly modified version of the Taft-Ellender-Wagner bill to the floor, called for its support.

He asked the Senate to "repudiate" the bill drawn up by McCarthy's joint Senate-House housing committee.

Truman Labels Investigations "Red Herring"

President Opens Fire Anew On Legislators For Ignoring Appeals

WASHINGTON, Aug. 5 (AP)—President Truman angrily accused the GOP Congress today of dragging a "red herring" across the trail to distract attention from its "feeble compromises" on the cost of living issue.

His "red herring" remark referred to the current investigations on Capitol Hill, which have produced charges that government officials were involved with a network of Communist spies during the war.

Mr. Truman, at a news conference, opened fire anew on the legislators for ignoring his demands for rationing and price-wage control powers.

Republican leaders immediately replied that the people will decide the issue in November.

"We do not intend," said Sen. Taft (R-Ohio) "to reimpose on the American people the police state methods of price fixing, wage fixing and rationing ended by the President's own order."

Has Powers Now Taft Says

Taft declared the President already has many powers to curb inflation. And Sen. Brewster (R-Me.) charged that the administration, despite its call for lower prices, was forcing wheat prices up by increasing its wheat export goal in the face of bountiful European crops.

Mr. Truman said Congress still has time to perfrom the tasks for which he called it into extra session soon after he was nominated at the Democratic national convention. He demanded that leaders re-consider their plans to adjourn this week or early next.

As for the Communist spy investigation, he said, it is not only failing to bring to light new testimony, but is doing irreparable harm. It is, he said, nothing but a red herring.

Still Hopeful For Peace

Turning to the atomic bomb and peace, Mr. Truman said he was hopeful for peace, and still had faith in the plan to outlaw the atomic bomb as a weapon.

But he would not comment on diplomatic negotiations with Moscow.

(Continued on Page 8, Col. 5)

PROBE FIGURES-- Rep. John McDowell (R-Pa.) (right) gestures with his glasses as he discusses his declaration to the House Un-American Activities Committee yesterday that 1,300 pounds of uranium compounds were shipped to Russia "at the very height of atomic research in 1943." At left, Samuel Klaus, a State Department lawyer, told a Senate investigating committee that Commerce Department officials knew William W. Remington was the subject of "an active investigation for espionage" when they hired him. Remington, now under suspension, has been in a job where he helped pass on shipment of goods to Russia.

Might "Crack" Case, Newsmen Told By Mundt

Rep. McDowell Says Uranium Was Sent To Russia In 1943

WASHINGTON, Aug. 5 (AP) — A mystery witness has been found who may "crack wide open the whole Soviet spy case," the House Un-American Activities Committee announced tonight.

Acting Chairman Mundt (R-SD) told reporters a subcommittee is being sent out of town to interview the witness. Mundt declined to say who the person is, or where he is located.

Earlier in the day, a congressman declared that 1,300 pounds of precious compounds were shipped to Russia "at the very height of atomic research in 1943."

Uranium is a basic material for atomic bombs. The first atomic bomb in warfare was dropped on Hiroshima three years ago today.

Rep. McDowell (R-Pa) told about the alleged uranium shipments to his colleagues on the House Committee on Un-American Activities. It is one of two congressional units now digging into charges that Communists infiltrated into high places in the United States government during the war.

McDowell said the uranium was shipped "after tremendous pressure on all phases of our government from known Russian agents and others who had worked themselves into positions of importance." He said the uranium was dispatched in two shipments from "a small obscure airfield in this country."

Truman Raps Inquiry

Meanwhile President Truman described the spy flurry on Capitol Hill as a "red herring" intended to veil congressional inaction on his anti-inflation program.

The President issued a statement saying the public hearings on the Communists are "serving no useful purpose" and are "doing irreparable harm" to certain persons. He also said they are "seriously impairing the morale of federal employes and undermining public confidence in the government."

Undeterred by the criticism from the White House, both committees went ahead with the investigations they began last week, stemming from the testimony of Miss Elizabeth T. Bentley, self-described former Communist spy.

These were among the day's top developments:

1. Alger Hiss, native Baltimorean and former State Department official, told the House committee under oath that "I am not and never have been a member of the Communist Party." Hiss appeared at his own request after Whittaker Chambers, a previous witness, had testified that Hiss was a member of the "Red underground" here. Hiss now is head of the Carnegie Foundation for International Peace.

Rep. Mundt (R-SD) told reporters that in his opinion Hiss cer-

Mid-Air Collision Of Planes Kills 10 Men, Woman

Navy Ship Burns; Two In Trainer Bail Out

MIAMI, Fla., Aug. 5 (AP) — A Navy transport crashed and burned after colliding with a light training plane near here late today, killing 10 Navy men and a woman.

The Navy craft, an R4D which corresponds to the C-47 and the DC-3, collided with a Stearman trainer and plunged to earth in a pasture 23 miles north of Miami.

The two occupants of the training plane parachuted to safety.

The Navy craft struck the muck field upside down and dug into the soft earth. It caught fire as it crashed.

Six Bodies Outside Plane

The Florida Highway Patrol said six bodies were outside the plane and the fire was still burning when patrolmen reached the scene after receiving the first call at 6:17 p. m. (EST).

The bodies were taken to the dispensary at the naval air station's master field in suburban Opa-Locka, where the plane had scheduled a stop. A Navy board of inquiry headed by Comdr. W. L. Cleveland opened an investigation.

The plane was en route from Norfolk, Va., to Cuba, with a scheduled stop at the naval air station here. It was almost within sight of the field when the crash occurred.

Carl Anton, dairy worker at MacArthur Dairy, said the light plane struck the transport's wing.

Band Instruments Scattered

"The pilot tried an emergency landing but the plane lost speed and spun in," Anton said. "Part of a wing fell near the dairy barn.

"The bodies were badly burned and mangled. There were some band instruments scattered about, and part of a WAVE uniform."

Police said the two occupants

"Crumpmen" Trail In Tenn. Primaries Marked By Killing

NASHVILLE, Tenn., Aug. 5 (AP) — Two Democratic primary candidates supported by Memphis Political Leader E. H. Crump trailed opponents in unofficial returns from one fourth of the state's precinct's today after an election day marred by a killing in Southeast Tennessee.

The slaying occurred in the Copper Basin section of Polk county.

Burch Biggs, former sheriff of Polk County, next door to McMinn County where violence flared in an election two years ago, said Donald Lands was killed and Edwin Shearer wounded when shot from ambush. Shearer's father is a candidate for justice of the peace.

Rep. Estes Kefauver took an early lead in the race for senator with Sen. Tom Stewart pressing closely behind. The total for Crump-backed Judge John A. Mitchell came to about half what each of his two opponents had.

Gov. Jim McCord, backed by Crump in his race for a third term nomination, trailed former Gov. Gordon Browning by a count of about three to two.

Meanwhile Republicans, holding a separate statewide primary, gave early leads to Carroll Reece and Roy Acuff for the senatorial and gubernatorial nominations, respectively. Reece is the former GOP national chairman and Acuff a radio singer.

Gunman Captured After Killing Boy, Firing On Bishop

Churchman Surprises Armed Youth In Home

BOLTON, Mass., Aug. 5—(AP)—Two shots were fired at Suffragan Episcopal Bishop Raymond A. Heron today by a brazen young gunman who blurted out a story of how he earlier had shot and axed to death a 17-year-old youth in the clergyman's home.

Capt. John J. Lang, of the Providence, R. I., Police Department, said Frederick S. Pike, 19, Boston, admitted in a signed statement that he fired two wild shots at the Bishop and killed Paul Zayka, a youth who lived with the Bishop.

Lang said Pike, a Concord Reformatory parolee arrested in Providence after a bullet-spattered 75-mile an hour chase through heavy traffic, told police he shot Zayka three times with a .25 calibre automatic pistol and then struck the youth with an ax before dragging the body downstairs.

Youth Put Up Struggle

Pike said, according to Lang and Police Chief Charles A. Higgins, that he shot Zayka when the latter put up a struggle after being held up of $2 by Pike.

The parolee, Lang related, boldly turned over to Providence police a spent bullet which he said he had fired through young Zayka's head.

In his statement, Pike said he waited an hour and a half for Bishop Heron to return home and that the clergyman "gave me no trouble."

He was quoted by Lang and Higgins as saying that the Bishop handed over $25 and the keys to his automobile. But when the clergyman came after him as he went out the door he said — he turned and fired two shots.

Lang said Pike also told police he took two guns—a .22 calibre target pistol and a double barreled shotgun—and cut the telephone wires to the Bishop's home before escaping in the car.

Dewey, Warren To Confer Aug. 16

PAWLING, N. Y., Aug. 5 (AP)—Republican Presidential Nominee Thomas E. Dewey and his running mate, Gov. Earl Warren, of California, arranged today to get together for a campaign strategy huddle in Albany, N. Y., August 16 and 17.

Sitting in with the New York Governor and Warren will be Herbert Brownell, Jr., Dewey's campaign manager. Other advisers may join them.

Word that Warren, the GOP vice-presidential nominee, will travel across the country for the pre-campaign conference came after an announcement that Dewey talked "at length" by telephone last night with Harold E. Stassen.

That conference dealt with two matters much in the political limelight at the special session of Congress—the problem of inflation and the related meat supply. Dewey and Stassen, who was defeated for the presidential nomination by the New York Governor, also talked about "other campaign issues" and the part Stassen will play in trying to put Dewey in the White House.

James C. Hagerty, Dewey's press secretary, linked inflation and meat supplies in the United States as campaign issues in announcing the conference between Dewey and Stassen.

That indicated top GOP campaigners are ready to go to the mat with Democrats on the issues President Truman has tossed at the Republicans.

Hagerty told reporters that Dewey talked to Warren in California by telephone this morning and arranged for the Albany meeting.

Congress Approves Loan To U.N. For Headquarters

WASHINGTON, Aug. 5 (AP)—Congress today approved a $65,000,000 loan to the United Nations to build a headquarters in New York City.

President Truman had listed the loan as one of the things he wanted the special session to approve. So far, it is the only one of Mr. Truman's requests granted by the Republican-dominated Congress.

Action today was a 164 to 27 standing vote by the House. The Senate had approved the legislation during the regular session. The bill now goes to the President for his certain signature.

Reporter Shed Clothes For Nudists' Convention

MAYS LANDING, N. J., Aug. 5 (AP)—What's it like to attend a nudist convention?

If you're not a member and you just want to look in, do you have to undress?

Certainly you do.

Take the convention of the American Sunbathing Association going on now at nearby Sunshine Park. If you present what the association feels is a legitimate request to attend, just strip down and enter.

This is what happened when Joe Grossman, a reporter, arrived at the park gate:

A uniformed policeman asked for his credentials. He was waved ahead. The reporter soon found out that the cop was the only one on the 150-acre property who wore clothes.

"Where could I hang my badge?" he asked.

An escort met the visitor. It was 18-year-old Penny Holroyd. She was —well, you'd have to be there yourself.

Miss Holroyd led the way to her three-story home.

The reporter was led upstairs to a room occupied by Ralph Anderson, editor of Sunshine and Health, the association's publication.

You leave your clothes there. All of them. Then you get something to put on. It's a disk bearing the words "ASA, 1948" on one side and your name on the other. Something like a wartime dog tag. You hang it from your wrist by a rubber band.

Now Anderson becomes your guide. You go with him to the third session of the association's 17th annual convention.

After that you go to lunch at the park's mess hall. The waitresses are efficient.

How do you pay for lunch? You carry some bills tucked under your rubber band. Don't get stuck with any change. Eat for at least a dollar's worth. There was one fellow, though, who carried a binocular case slung from his shoulder. In the case he had his pipe, tobacco and money.

Ford Car Prices Are Boosted $75

DETROIT, Aug. 5 (AP)—The Ford Motor Company today increased the price of all but one of its Ford models another $75.

The single exception was the six-cylinder business coupe which was cut $5.

It was the second increase by Ford since the 1949 models were introduced last June 18, and the third in a little less than a year. On August 24 of last year Ford hiked prices from $34 to $90; with introduction of the new models $85 to $125 were added to the price tags.

Today's increases average five per cent. They bring to from $194 to $290 the increases Ford has announced since January 15, 1947, when cuts of from $15 to $50 were made in what Henry Ford II said was an effort to halt inflation.

The Ford price advances result, a company announcement said, from increases in material and labor costs, and the necessity of reducing present production volume due to terial shortages which cause production interruptions.

When Ford increased prices last June it also froze dealers' discounts at the 1947 levels.

This action brought protests from many dealers. There was no indication in today's announcement whether the same procedure would be followed with the latest price advance.

Pearson Says:

Meeting To Settle All European Problems Proposed To Stalin

Berlin Money Crisis Eased By Russians

BERLIN, Aug. 5 (AP)—The Russians slightly relaxed their financial blockade of Berlin today as this crisis-ridden city watched for results of four-power diplomatic maneuvering in Moscow.

The action indicated the Russians may be willing to work out a compromise the East-West currency dispute here. Soviet authorities have given the money conflict as a reason for their imposition of the land blockade on the city.

Meanwhile, the first open break in Berlin Communist ranks over the blockade was reported during the day. A stormy meeting of the youth section of the Communist-controlled Socialist Unity Party (SED) in the American sector condemned the blockade as a "crime against humanity."

The meeting adopted a resolution which said German Communists who condoned the blockade are "a criminal group who must be branded as a foreign legion." Only two voices opposed the resolution after several persons had left the meeting hall in protest. Communists walked out when a similar resolution was adopted by the Berlin City Council last week.

In London speculation was raised that the projected West German government has become the focal point of the Moscow conversations. This speculation was aroused by the impending visit to London of Premier Paul-Henri Spaak, of Belgium, a party to the six-power agreement to establish such a government. It has been anticipated that the Russians would demand abandonment of plans for the government in return for lifting the Berlin blockade.

Charles Giffard, British finance officer, told a news conference of the Russians' financial action. He said the anti-Communist Berlin city government has reached an agreement with the Russians for the release of enough funds from blocked Russian mark accounts to meet its weekend payments.

No New Visit To Kremlin

MOSCOW, Aug. 5 (AP) — United States, British and French envoys conferred today on their next steps in the vital East-West controversy, but an apparently hoped-for meeting with Prime Minister Stalin tonight failed to materialize.

It was learned authoritatively that the Western Power diplomats would not visit the Kremlin following their round of three-way talks

(Continued on Page 8, Col. 3)

Allies Are Reported Drawing Up Program For Later Discussion

By DREW PEARSON

Here is the inside story as to what happened when the American, British and French envoys met with Premier Stalin in what may be one of the most historic conferences of modern diplomacy. At the conference, the Western Powers proposed a general diplomatic conference to decide all the problems of Europe.

Prior to their meeting with Stalin, the three envoys had conferred with Molotov. In all, two aide-memoirs were presented to the Russian government—one to Molotov and a longer one to Stalin.

In the Molotov meeting, United States Ambassador Bedell Smith read the American aide-memoir, which contained the following three main points:

1. The Western Powers are anxious to avoid any sterile diplomatic discussions.

2. The Western Powers reaffirmed their right to remain in Berlin.

3. If the Berlin blockade is lifted, the Western Powers would be willing to discuss the entire German problem. (Hitherto, the Western Powers have not been willing to discuss the whole German problem, particularly the operation of Bizonia—the American-British-French part of Germany.)

Meeting With Stalin Arranged

After Ambassador Smith had read the memoir, French Ambassador M. Yves-Chetaigneau read a French paraphrase of the same document, while Frank Roberts, the British envoy, did the same in English.

The three representatives then told Foreign Minister Molotov that they considered the whole matter so important that they wished to discuss it with Marshal Stalin. This was arranged.

The next evening when the three ambassadors visited Stalin, Ambassador Smith read a new aide-memoir on behalf of the three governments. This document included the first three points mentioned

WASHINGTON, Aug. 5 (AP)—The Strategic Air Command's second bomb group of 30 B-29 Super fortresses will leave tomorrow for England from the Davis-Monthan Air Force base, Tucson, Ariz.

The United States Air Force in making the announcement today said the group was going over on routine training and would replace in Europe the 301st Bomb Group of B-29s which have been based in Germany.

Wreckage Found In Area Where Plane Vanished

NEW YORK, Aug. 5 (AP) — Coast Guard headquarters reported tonight three airplane seats and "numerous fragments of wooden wreckage," presumably from an aircraft, had been found in the South Atlantic in the area of the last known position of a missing French flying boat.

The pieces of wreckage were found by the Coast Guard cutter Campbell, which radioed its findings to Third District Coast Guard headquarters here.

The cutter Campbell has been engaged in the search for the huge Air France seaplane since the ship was reported missing Sunday with 52 persons aboard.

In Paris hope dimmed for those aboard the seaplane.

Reports that the plane and its 40 passengers and 12 crewmen were found safe circulated in Paris during the day, but Air France officials could not confirm the reports.

FCC Planning Crackdown On Give-Away Broadcasts

WASHINGTON, Aug. 5 (AP)—Your radio isn't a slot machine, and the Federal Communications Commission took steps today to prove it.

It announced a new set of rules designed to pull the switch on give-away broadcasts based in any way upon lot or chance.

The rules will apply not only to cash awards but to any other thing of value. That takes in the familiar mink coat, trip around the world, deep-freeze locker full of food, and family helicopter.

The FCC proved it knows a trend when it hears one. The commission announced it drew up the new rules because of "the growing number of 'money' programs on the radio."

It hasn't determined when the new regulations will go into effect. However, the commission said it will accept statements from interested parties up to September 10.

The announcement called attention to a section of the Communications Act which says that no radio station "shall knowingly permit the broadcasting of any advertisement or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of any such lottery, gift, enterprise or scheme."

Each program may require individual study to determine whether it is within the law, the commission said. It added, however, that any program will be considered illegal if it involves the award of money or other valuable prizes to any person whose selection depends upon chance or lot.

Also barred, the commission said, would be programs whereas a condition to winning a prize, the winner must furnish any money or other thing of value, or have in his possession any specified product of the sponsor, or be required to be listening to the program (or viewing it, if on television), or required to give an answer previously announced by the station.

James C. Hagerty, Dewey's press secretary, linked inflation and meat supplies in the United States as campaign issues in announcing the conference between Dewey and Stassen.

That indicated top GOP campaigners are ready to go to the mat with Democrats on the issues President Truman has tossed at the Republicans.

Hagerty told reporters that Dewey talked to Warren in California by telephone this morning and arranged for the Albany meeting.

Gunman Captured After Killing Boy, Firing On Bishop

Churchman Surprises Armed Youth In Home

BOLTON, Mass., Aug. 5—(AP)—Two shots were fired at Suffragan Episcopal Bishop Raymond A. Heron today by a brazen young gunman who blurted out a story of how he earlier had shot and axed to death a 17-year-old youth in the clergyman's home.

Capt. John J. Lang, of the Providence, R. I., Police Department, said Frederick S. Pike, 19, Boston, admitted in a signed statement that he fired two wild shots at the Bishop and killed Paul Zayka, a youth who lived with the Bishop.

Lang said Pike, a Concord Reformatory parolee arrested in Providence after a bullet-spattered 75-mile an hour chase through heavy traffic, told police he shot Zayka three times with a .25 calibre automatic pistol and then struck the youth with an ax before dragging the body downstairs.

Youth Put Up Struggle

Pike said, according to Lang and Police Chief Charles A. Higgins, that he shot Zayka when the latter put up a struggle after being held up of $2 by Pike.

The parolee, Lang related, boldly turned over to Providence police a spent bullet which he said he had fired through young Zayka's head.

In his statement, Pike said he waited an hour and a half for Bishop Heron to return home and that the clergyman "gave me no trouble."

He was quoted by Lang and Higgins as saying that the Bishop handed over $25 and the keys to his automobile. But when the clergyman came after him as he went out the door he said — he turned and fired two shots.

Lang said Pike also told police he took two guns—a .22 calibre target pistol and a double barreled shotgun—and cut the telephone wires to the Bishop's home before escaping in the car.

Truman Labels Investigations "Red Herring"

President Opens Fire Anew On Legislators For Ignoring Appeals

WASHINGTON, Aug. 5 (AP)—President Truman angrily accused the GOP Congress today of dragging a "red herring" across the trail to distract attention from its "feeble compromises" on the cost of living issue.

His "red herring" remark referred to the current investigations on Capitol Hill, which have produced charges that government officials were involved with a network of Communist spies during the war.

Mr. Truman, at a news conference, opened fire anew on the legislators for ignoring his demands for rationing and price-wage control powers.

Republican leaders immediately replied that the people will decide the issue in November.

"We do not intend," said Sen. Taft (R-Ohio) "to reimpose on the American people the police state methods of price fixing, wage fixing and rationing ended by the President's own order."

Has Powers Now Taft Says

Taft declared the President already has many powers to curb inflation. And Sen. Brewster (R-Me.) charged that the administration, despite its call for lower prices, was forcing wheat prices up by increasing its wheat export goal in the face of bountiful European crops.

Mr. Truman said Congress still has time to perfrom the tasks for which he called it into extra session soon after he was nominated at the Democratic national convention. He demanded that leaders re-consider their plans to adjourn this week or early next.

As for the Communist spy investigation, he said, it is not only failing to bring to light new testimony, but is doing irreparable harm. It is, he said, nothing but a red herring.

Still Hopeful For Peace

Turning to the atomic bomb and peace, Mr. Truman said he was hopeful for peace, and still had faith in the plan to outlaw the atomic bomb as a weapon.

But he would not comment on diplomatic negotiations with Moscow.

Ford Car Prices Are Boosted $75

DETROIT, Aug. 5 (AP)—The Ford Motor Company today increased the price of all but one of its Ford models another $75.

The single exception was the six-cylinder business coupe which was cut $5.

It was the second increase by Ford since the 1949 models were introduced last June 18, and the third in a little less than a year. On August 24 of last year Ford hiked prices from $34 to $90; with introduction of the new models $85 to $125 were added to the price tags.

Today's increases average five per cent. They bring to from $194 to $290 the increases Ford has announced since January 15, 1947, when cuts of from $15 to $50 were made in what Henry Ford II said was an effort to halt inflation.

The Ford price advances result, a company announcement said, from increases in material and labor costs, and the necessity of reducing present production volume due to terial shortages which cause production interruptions.

When Ford increased prices last June it also froze dealers' discounts at the 1947 levels.

This action brought protests from many dealers. There was no indication in today's announcement whether the same procedure would be followed with the latest price advance.

PROBE FIGURES-- Rep. John McDowell (R-Pa.) (right) gestures with his glasses as he discusses his declaration to the House Un-American Activities Committee yesterday that 1,300 pounds of uranium compounds were shipped to Russia "at the very height of atomic research in 1943." At left, Samuel Klaus, a State Department lawyer, told a Senate investigating committee that Commerce Department officials knew William W. Remington was the subject of "an active investigation for espionage" when they hired him. Remington, now under suspension, has been in a job where he helped pass on shipment of goods to Russia.

Meeting To Settle All European Problems Proposed To Stalin

Berlin Money Crisis Eased By Russians

BERLIN, Aug. 5 (AP)—The Russians slightly relaxed their financial blockade of Berlin today as this crisis-ridden city watched for results of four-power diplomatic maneuvering in Moscow.

The action indicated the Russians may be willing to work out a compromise the East-West currency dispute here. Soviet authorities have given the money conflict as a reason for their imposition of the land blockade on the city.

Meanwhile, the first open break in Berlin Communist ranks over the blockade was reported during the day. A stormy meeting of the youth section of the Communist-controlled Socialist Unity Party (SED) in the American sector condemned the blockade as a "crime against humanity."

The meeting adopted a resolution which said German Communists who condoned the blockade are "a criminal group who must be branded as a foreign legion." Only two voices opposed the resolution after several persons had left the meeting hall in protest. Communists walked out when a similar resolution was adopted by the Berlin City Council last week.

In London speculation was raised that the projected West German government has become the focal point of the Moscow conversations. This speculation was aroused by the impending visit to London of Premier Paul-Henri Spaak, of Belgium, a party to the six-power agreement to establish such a government. It has been anticipated that the Russians would demand abandonment of plans for the government in return for lifting the Berlin blockade.

Charles Giffard, British finance officer, told a news conference of the Russians' financial action. He said the anti-Communist Berlin city government has reached an agreement with the Russians for the release of enough funds from blocked Russian mark accounts to meet its weekend payments.

No New Visit To Kremlin

MOSCOW, Aug. 5 (AP) — United States, British and French envoys conferred today on their next steps in the vital East-West controversy, but an apparently hoped-for meeting with Prime Minister Stalin tonight failed to materialize.

It was learned authoritatively that the Western Power diplomats would not visit the Kremlin following their round of three-way talks

30 Superfortresses Will Leave For England Today

WASHINGTON, Aug. 5 (AP)—The Strategic Air Command's second bomb group of 30 B-29 Super fortresses will leave tomorrow for England from the Davis-Monthan Air Force base, Tucson, Ariz.

The United States Air Force in making the announcement today said the group was going over on routine training and would replace in Europe the 301st Bomb Group of B-29s which have been based in Germany.

Allies Are Reported Drawing Up Program For Later Discussion

By DREW PEARSON

Here is the inside story as to what happened when the American, British and French envoys met with Premier Stalin in what may be one of the most historic conferences of modern diplomacy. At the conference, the Western Powers proposed a general diplomatic conference to decide all the problems of Europe.

Prior to their meeting with Stalin, the three envoys had conferred with Molotov. In all, two aide-memoirs were presented to the Russian government—one to Molotov and a longer one to Stalin.

In the Molotov meeting, United States Ambassador Bedell Smith read the American aide-memoir, which contained the following three main points:

1. The Western Powers are anxious to avoid any sterile diplomatic discussions.

2. The Western Powers reaffirmed their right to remain in Berlin.

3. If the Berlin blockade is lifted, the Western Powers would be willing to discuss the entire German problem. (Hitherto, the Western Powers have not been willing to discuss the whole German problem, particularly the operation of Bizonia—the American-British-French part of Germany.)

Meeting With Stalin Arranged

After Ambassador Smith had read the memoir, French Ambassador M. Yves-Chetaigneau read a French paraphrase of the same document, while Frank Roberts, the British envoy, did the same in English.

The three representatives then told Foreign Minister Molotov that they considered the whole matter so important that they wished to discuss it with Marshal Stalin. This was arranged.

The next evening when the three ambassadors visited Stalin, Ambassador Smith read a new aide-memoir on behalf of the three governments. This document included the first three points mentioned

Might "Crack" Case, Newsmen Told By Mundt

Rep. McDowell Says Uranium Was Sent To Russia In 1943

WASHINGTON, Aug. 5 (AP) — A mystery witness has been found who may "crack wide open the whole Soviet spy case," the House Un-American Activities Committee announced tonight.

Acting Chairman Mundt (R-SD) told reporters a subcommittee is being sent out of town to interview the witness. Mundt declined to say who the person is, or where he is located.

Earlier in the day, a congressman declared that 1,300 pounds of precious compounds were shipped to Russia "at the very height of atomic research in 1943."

Uranium is a basic material for atomic bombs. The first atomic bomb in warfare was dropped on Hiroshima three years ago today.

Rep. McDowell (R-Pa) told about the alleged uranium shipments to his colleagues on the House Committee on Un-American Activities. It is one of two congressional units now digging into charges that Communists infiltrated into high places in the United States government during the war.

McDowell said the uranium was shipped "after tremendous pressure on all phases of our government from known Russian agents and others who had worked themselves into positions of importance." He said the uranium was dispatched in two shipments from "a small obscure airfield in this country."

Truman Raps Inquiry

Meanwhile President Truman described the spy flurry on Capitol Hill as a "red herring" intended to veil congressional inaction on his anti-inflation program.

The President issued a statement saying the public hearings on the Communists are "serving no useful purpose" and are "doing irreparable harm" to certain persons. He also said they are "seriously impairing the morale of federal employes and undermining public confidence in the government."

Undeterred by the criticism from the White House, both committees went ahead with the investigations they began last week, stemming from the testimony of Miss Elizabeth T. Bentley, self-described former Communist spy.

These were among the day's top developments:

1. Alger Hiss, native Baltimorean and former State Department official, told the House committee under oath that "I am not and never have been a member of the Communist Party." Hiss appeared at his own request after Whittaker Chambers, a previous witness, had testified that Hiss was a member of the "Red underground" here. Hiss now is head of the Carnegie Foundation for International Peace.

Rep. Mundt (R-SD) told reporters that in his opinion Hiss cer-

Wreckage Found In Area Where Plane Vanished

NEW YORK, Aug. 5 (AP) — Coast Guard headquarters reported tonight three airplane seats and "numerous fragments of wooden wreckage," presumably from an aircraft, had been found in the South Atlantic in the area of the last known position of a missing French flying boat.

The pieces of wreckage were found by the Coast Guard cutter Campbell, which radioed its findings to Third District Coast Guard headquarters here.

The cutter Campbell has been engaged in the search for the huge Air France seaplane since the ship was reported missing Sunday with 52 persons aboard.

In Paris hope dimmed for those aboard the seaplane.

Reports that the plane and its 40 passengers and 12 crewmen were found safe circulated in Paris during the day, but Air France officials could not confirm the reports.

Reporter Shed Clothes For Nudists' Convention

MAYS LANDING, N. J., Aug. 5 (AP)—What's it like to attend a nudist convention?

If you're not a member and you just want to look in, do you have to undress?

Certainly you do.

Take the convention of the American Sunbathing Association going on now at nearby Sunshine Park. If you present what the association feels is a legitimate request to attend, just strip down and enter.

This is what happened when Joe Grossman, a reporter, arrived at the park gate:

A uniformed policeman asked for his credentials. He was waved ahead. The reporter soon found out that the cop was the only one on the 150-acre property who wore clothes.

"Where could I hang my badge?" he asked.

An escort met the visitor. It was 18-year-old Penny Holroyd. She was —well, you'd have to be there yourself.

Miss Holroyd led the way to her three-story home.

The reporter was led upstairs to a room occupied by Ralph Anderson, editor of Sunshine and Health, the association's publication.

You leave your clothes there. All of them. Then you get something to put on. It's a disk bearing the words "ASA, 1948" on one side and your name on the other. Something like a wartime dog tag. You hang it from your wrist by a rubber band.

Now Anderson becomes your guide. You go with him to the third session of the association's 17th annual convention.

After that you go to lunch at the park's mess hall. The waitresses are efficient.

How do you pay for lunch? You carry some bills tucked under your rubber band. Don't get stuck with any change. Eat for at least a dollar's worth. There was one fellow, though, who carried a binocular case slung from his shoulder. In the case he had his pipe, tobacco and money.

FCC Planning Crackdown On Give-Away Broadcasts

WASHINGTON, Aug. 5 (AP)—Your radio isn't a slot machine, and the Federal Communications Commission took steps today to prove it.

It announced a new set of rules designed to pull the switch on give-away broadcasts based in any way upon lot or chance.

The rules will apply not only to cash awards but to any other thing of value. That takes in the familiar mink coat, trip around the world, deep-freeze locker full of food, and family helicopter.

The FCC proved it knows a trend when it hears one. The commission announced it drew up the new rules because of "the growing number of 'money' programs on the radio."

It hasn't determined when the new regulations will go into effect. However, the commission said it will accept statements from interested parties up to September 10.

The announcement called attention to a section of the Communications Act which says that no radio station "shall knowingly permit the broadcasting of any advertisement or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of any such lottery, gift, enterprise or scheme."

Each program may require individual study to determine whether it is within the law, the commission said. It added, however, that any program will be considered illegal if it involves the award of money or other valuable prizes to any person whose selection depends upon chance or lot.

Also barred, the commission said, would be programs whereas a condition to winning a prize, the winner must furnish any money or other thing of value, or have in his possession any specified product of the sponsor, or be required to be listening to the program (or viewing it, if on television), or required to give an answer previously announced by the station.

Ruling Deferred In Rent Dispute

Judgment was deferred Wednesday by Chief Judge William A. Huster in the petition which State's Attorney Morgan C. Harris filed against the Allegany County Commissioners to make them pay for office space at his present office location on South Liberty Street.

Judge Huster said he failed to see why the commissioners and the state's attorney, all wishing to aid and protect the county taxpayers, could not come to some amicable agreement without having to refer their problem to the court. He stated pointedly that the case would be decided "within a reasonable time," barring an agreement between contestants in the meantime.

Harris said Wednesday night that he believed any move toward settlement of the dispute was up to the County Commissioners. Charles N. Wilkinson, Jr., president of the Commissioners, said that he did not expect any action to be taken before the board's meeting this morning.

At a hearing Wednesday Harris opened with a summary of his complaints and the circumstances leading to them. He said that the old office at 111 Union Street provided for the state's attorney by the commissioners had been damaged by fire, requiring new location.

The attorney stated that he had finally found quarters at 15 South Liberty Street. These quarters, convenient to the public, are rented for $80 a month, he added, and yet the commissioners refuse to pay this rent.

Harris told the court that in his opinion the state's attorney can choose his own office location, and that the only duty of the commissioners, as specified in an act of the 1941 Maryland General Assembly, was to pay the expenses of that office "if within reason."

Lewis M. Wilson, county attorney, stated on the behalf of the commissioners that two locations, one on Cumberland Street and another at the Public Library Annex, had been offered the State's attorney and had been refused by him.

Wilson emphasized the emergency nature of the problem, stating that the commissioners intended to provide permanent facilities in time. He added that for the present the library was just as fire-proof as most of Cumberland's other buildings.

He said the real question involved was whether the facilities offered were large enough for Harris's work as state's attorney and not whether he had room to manage both the state's business and his own private practice in these quarters.

In deferring his decision, Judge Huster told the contestants that the state's attorney's office must be open to the public at a place convenient to them, but that due to the circumstances the location could not be where all people concerned would like it.

He said that the only disagreement here lay in where the quarters would be, and that he saw no reason why this point could not be cleared up between the parties concerned.

Eight Area Men Sworn In Army And Air Force

Eight more enlistees from this area were sworn into the Regular Army and Air Force Wednesday, First Lt. George Cocke, adjutant, announced.

Those enlisting for three-year terms and going to Fort Dix, N. J., are Robert O. Rupert, Engineers, and Robert E. Dignan, Engineers, both of this city; Clayton E. Shilling, Engineers, Hyndman, Pa.; Walter E. Durken, Second Engineers Special Brigade; James R. Martin, Engineers; and Otis L. Smith, Second Engineers Special Brigade, all of Wiley Ford, W. Va.

Charles K. Hacelrode, Midland, unassigned, has enlisted for two years and will go to Fort Dix. Donald F. Rhodes, Ridgeley, W. Va., Air Force unassigned, will be sent to Lackland Air Base, Texas.

Air Force Quota Lower In Theory, Not Reality

The Army Air Force quota for August is two compared with four for last month. However, 1st Lt. George Gocke, recruiting officer, said exemptions make the actual number who may enlist much larger than before.

Those not coming under the quota are: eligible personnel re-enlisting within 90 days after discharge, high school graduates enlisting for specialized training or enlisting intending to take technical training later, former service men from civilian life, 18-year-olds under the one year program and aviation cadets who must have had at least two years of college.

Last month only cadets were exempt from the quota, which, in reality, now applies only to those wishing to join who have not had high school education, Lt. Gocke stated.

He added that, although the recruiting station may take 14 one-year enlistments of 18-year-olds a week, only four have joined since the middle of July.

Doctor Suggests Childless Couple Adopt Child But They Hesitate

By BEATRICE FAIRFAX
Famous Authority on Problems of Love and Marriage

A young married woman who writes me that her doctor has told her she can never have any children, says the doctor suggested that she and her husband adopt a child.

"We don't like that idea," she writes, "because the child would not be our own and also because we would know so little about its parents."

For such reasons as these, this woman and her husband hesitate to consider an adoption. They are afraid that they might unknowingly get a child with an unfortunate background which might result in its turning out to be a problem. She wants to know what I think about this business of adopting a child.

Now in the first place, this young woman may not know it, but even if she were most eager to find a child for adoption, the changes are that she would have a very hard time getting one. The fact is, that there are far more people today who want to adopt children than there are children to go around. I know a great many instances of childless husband and wives who are almost pathetically anxious to find a baby they can bring up as their own, and although they have gone from one adoption nursery to another, they have found so many other eager couples ahead of them that they have had to wait years before they were able to achieve their heart's desire.

Another thing my correspondent probably does not know is that while she may think it hazardous to adopt a child lest it turn out badly, those whose business it is to arrange adoptions are just as concerned lest the couple that takes the child should turn out badly. No matter how much a man and his wife may want to adopt a child, unless the adoption agency is as certain as it is humanly possible to be that they are the right kind of people, they would not be permitted to have one.

A third point is that a child's background is thoroughly investigated by the adoption nursery before it is given out for adoption, so that the people who take such a child may actually know even more about its inheritance than they would about a child of their own. There is almost certainly no more likelihood that, if wisely reared, an adopted child would develop unfortunate characteristics than there is of any other child doing so. Some of the finest families in the world have had children grow up to be sources of bitter disappointment and grief to them. A so-called "good" background does not by any means necessarily guarantee fine character. By and large, one assumes no more risk in bringing up an adopted child whose family has been thoroughly investigated than would be taken in bringing up one's own child.

So I think the woman whose letter I quoted need have no fears if she and her husband decided to adopt a child. The greatest problem would be to find such a child, and then to prove to those in charge of its future that she and her husband are the kind of people to whom the child could safely be entrusted.

Military Invasion of Garrett Co. Regrettable

The invasion of Garrett county last Sunday by Military Police with orders to roundup those members of the National Guard who failed to present themselves for the 15-day encampment period at Camp Ritchie was, naturally, resented by some people of that county. They were irritated to think that their citizens would be subjected to such humiliation. All this is understandable because it was an unpleasant experience.

It has developed that those who remained away from Camp Ritchie when others of the military unit answered the call for training did so through a misunderstanding that their presence was not compulsory, and that if private affairs prevented them going they need not do so.

Their mistake, of course, was in failure to have their status clarified by the State commander of the organization before the time for their scheduled departure arrived. This was done after the AWOL members reached camp. Their reasons for remaining away were heard and given full consideration. Six of the number were found to have had legitimate excuses for believing they need not answer the call, and were permitted to return to their homes. The others were required to remain.

Few will find fault with the procedure taken by the military authorities in the case. It may have occurred to those who felt it was not necessary to go to camp that if their practice were permitted to prevail throughout the state and to go unnoticed, it would defeat the very purpose for which the training period is held—to have a well trained and efficient military force.

The action which had to be taken, in the case of the tardy Garrett county members was distasteful, to say the least. But it will serve the purpose of placing other members of the Guard throughout the State, who might consider their attendance for training not compulsory, on notice that the aims and intentions of the state military organization should not be taken lightly. Every member has a duty to perform and must meet the requirements expected of them if the National Guard is to be kept at a high level of service.

Red Spies in Capital; Political Project Blows Up

It has blown up in their faces—that plan, concocted by Harry Truman and his stupid advisers, to get a Republican Congress in a jam by calling it in extra session in Dog Days and demanding that "in 15 days" it do what in 14 years a succession of Democratic Congresses had been unable to accomplish.

Suddenly a woman appears, and then a man, both former Communists, and tell what, from personal contacts, they profess to know about Communist plots against the United States, engineered by officials in its employe.

Mr. Truman had planned to use the special session as a means of campaigning for re-election at the public expense. It was to be a platform for his attack on the Republican Party. In less than a week after it assembled it has become something like a pillory for his Administration. In a blaze of aroused public suspicion his own project withers.

The charges made by Elizabeth Bentley, admitted Soviet spy, have not been substantiated, and until this is done public judgement must be suspended. But if there is any truth at all in her amazing story told to a Senate committee, Communist spies penetrated deeply and dangerously into the American government during the war. According to her story, she had contacts with influential officials in the Army, the Air Force, the OSS, and even on the White House staff. Through these contacts, she says, voluminous data on formulas, lend-lease contracts and airplane manufacture were gathered and put in Communist hands.

What she has been able to make clear is that much of what she charges was already known to the Administration, yet was kept under cover. The confidential information which she swears she passed on to the Soviets came, she says, from the Air Corps, the Treasury, the Office of War Information the War Production Board and the War Man Power Commission —even from an aide to Mr. Franklin Delano Roosevelt.

Assuming innocence of every person whom Elizabeth Bentley names, there remains the broad fact that Communist influence did permeate the Roosevelt Administration and reached into policy-making posts. When this charge was first advanced by the Dies Committee, Franklin D. Roosevelt derided it and made merry, and a host of "commentators" and columnists followed suit. Now we know that, while that committee and its successor, the Thomas committee, did make mistakes, they were laboriously uncovering what has become an overshadowing issue. Their critics of then and now—are not some of them justly suspect?

There are those who will argue that testimony of a reformed Red is subject to some discount and that it would be unfair to condemn any individual on this evidence alone However, the fact that Miss Bentley was the key witness whose testimony has just resulted in the indictment of twelve national leaders of the Communist Party in the United States lends weight to her story.

One thing goes without saying. Miss Bentley's testimony suggests that American defenses against Communist espionage were incredibly weak—even in wartime. It would be the sheerest of folly not to take every step to insure secrets are better safeguarded today. That job cannot be done by an emotional hunt for Red witches, striking out blindly in every direction. Real safety lies in organizing security as systematically and methodically and coolheadedly as the Reds organized their own spy ring.

Another thing. President Truman has an obligation to fulfill in this matter. He should make available information in government files which the Congress has asked, and which may have an important bearing on the matters being unearthed under his nose. Let him torego his efforts to make the Congress a sounding board for his political ambitions and render a real service to his country.

Those who were loudest in predictions of revolutionary postwar automobiles seem to have settled for screeching tires on no fenders.

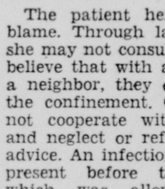
HOW TO KEEP WELL

By Dr. Theodore R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Proper Care During Confinement

Childbed fever (puerperal infection) still occurs and statistics show that it is the second leading cause of death among women between the ages of 25 and 35. True, the present day figures can hardly be compared with those of the past but we can do much better if we are striving for perfection. Studies show that in 1915, 6.1 mothers died for every 1,000 live births. By 1937, the rate had dropped to 4.9 and in 1943, to 2.5. This is a far cry from the days of Semmelweis, over 100 years ago, when 114 out of every 1,000 women succumbed to thi stype of infection.



Dr. Van Dellen

If we take into consideration that the modern mortality tables include all causes of death, the degree of improvement is even greater. But these same statistics also reveal that more than half of the casualties are due to infections which could have bee nprevented; the remainder are obviously unavoidable as it is doubtful whether the time will ever come whe nevery mother will survive the ordeal.

•—•—•

Infections associated with childbirth usually come from two chief sources. The physician may be at fault because he lacks the necessary training, especially to perform some of the operations that are required from time to time. In addition, he may transmit organisms because he has not adhered to strict cleanliness. In the olden days, this was the principal orgin of trouble because bacteria had not been discovered and no one realized the need for asepsis. During his routine, the medico would often perform an autopsy with bare hands, handle a featured wound, and deliver a baby. Nowadays he knows what precautions to take.

The patient herself may be to blame. Through lack of education, she may not consult a doctor. Many believe that with a little help from a neighbor, they can take care of the confinement. Other women do not cooperate with the physician and neglect or refuse to follow his advice. An infection may have been present before the baby came, which was allowed to persist. Others fail to visit the obstetrician during the preceding months, waiting until labor begins when it is too late to correct any existing defect. Such a seemingly unimportant condition as anemia may be just enough to increase susceptibility to bacterial invasion.

•—•—•

In order to prevent infections of pregnancy, cooperation is necessary. Mothers-to-be must select good medical attendants and make regular visits long before the baby arrives. The hospital should be one which has been inspected and approved by the medical societies. The institution should be one that makes every attempt to adhere to rigid asepsis; with masks worn routinely and no one with a cold permitted to enter the delivery room. Furthermore, the woman ought not demand dangerous procedures which lessen pain but increase the chance of complications.

After the infant is born, the same precautions must be taken. By getting out of bed early, the possibility of developing phlebothrombosis (milk-leg) is minimized. Moreover, should infection arise, it can be detected promptly and treated properly with penicillin or the sulfonamides. If suc hcommon sense procedures prevailed, many more mothers would be spared to rear and enjoy their offspring.

FLUID IN PLEURAL SPACE

L. A. writes: In pleural effusion, is the liquid usually removed?

Reply

No, except for a small amount which is sent to the laboratory for study. On the other hand, if the fluid accumulates to the extent that it interferes with breathing or the heart action, removal will releive symptoms. The only exception to this rule occurs when the fluid is pus; here drainage is necessary.

The Washington Merry-Go-Round

Republicans Worry About Reaction Of Folks Back Home; Some Want Action On High-Living Costs; Secretary Of Agriculture Gets Scolded By Vandenberg

Says DREW PEARSON

WASHINGTON, Aug. 5 — House Republicans shoved the Democrats off the House floor the other day, locked the doors, and obediently rubber-stamped the decisions of their leaders at a cut-and-dried caucus.

Only a mild protest was raised by one Republican — Minnesota's Walter Judd, who wanted to know whether the leadership had intended to commit the Republicans without holding a conference. He referred to the fact that GOP chiefs had answered President Truman's message without talking it over with members of the party.

Speaker Joe Martin pacified Judd by saying that the statement drafted by the leaders was only a "proposed statement." If it wasn't adopted by the caucus, he promised, a new one would be drafted. Needless to say, it was adopted—unanimously.

Before the rubber-stamp vote, Rep. William Dawson of Utah urged his colleagues not to close the session "without making an honest, conscientious effort to do something about the high cost of living.

"We may not agree with the President on price control and rationing," Dawson declared, "but the people still expect us to do something about high prices."

Martin agreed that the committee should "tackle the problem" and give it more than superficial examination. Even majority leader Charlie Halleck admitted that "we should not be cavaliers and dismiss the session with a polite bow." However, he made it clear that he still favored an "early adjournment." This last remark was greeted with boisterous applause.

Note—Even this was a change of heart for Charlie, who had argued for an immediate adjournment until he was knocked back on his heels by Speaker Martin and Senator Taft.

"Splendid Congress": Martin

Ohio's wealthy Mrs. Frances Bolton wanted to know whether the Republicans planned to issue a detailed statement answering Truman's message. Speaker Martin replied the job had already been done in a speech before the House by Illinois' Everett Dirksen. He also mentioned radio addresses by Taft and Halleck.

The Speaker urged the members, when returning to their districts, to refute President Truman's charge that the 80th Congress was the "second worst" in history.

"The 80th Congress has done a splendid job," he defended. "And it will become known as soon as the members get back into their districts and let the people know the true record."

Halleck said a reporter had called him from Indianapolis and asked whether it was true that the Democrats would be able to override the Republican leadership by getting enough Republicans to sign discharge petitions.

"I told him I didn't think there was anything to it," the majority leader added.

Note—New York's Jack Javits leaped to his feet and demanded changes in the Displaced Persons Act and action on the $65,000,000 loan for building a permanent UN home in New York.

"We already have the hole dug," he shouted.

Broke in isolationist Frederick "Doc" Smith, the Ohio horse doctor: "Inasmuch as you already have the hole dug, you may as well put the whole United Nations in and bury it."

Note—Presidential candidate Tom Dewey telephoned Senator Taft and Speaker Martin that he would like the special session to act on at least two points in President Truman's message—liberalize the Displaced Persons Act and approve the loan for building United Nations headquarters in New York.

Cabinet Member Gets Scolded

For calling Congress "irresponsible," Secretary of Agriculture Charlie Brannan was given a stern scolding this week by President of the Senate Arthur Vandenberg.

Even hotter under the collar with resentment, junior statesman Cabot Lodge of Massachusetts pounded the table and tried to jam respect for the 80th Congress down Brannan's throat. But after Republican tempers had cooled, Brannan still hadn't retracted his statement.

Facing his first congressional firing squad since taking office, the young Secretary of Agriculture met behind closed doors with the Senate Foreign Relations Committee to appeal for ratification of the international wheat agreement, of great importance to farmers. Instead of taking up wheat, Vandenberg, scowling sternly, ordered Brannan to read an interview which he had granted to the New York Times. In the text, Brannan called Congress "irresponsible" for notratifying the wheat agreement.

"You had no right to use that sort of word," snorted the big Michigan Senator.

Then he pointed to the Senate's bipartisan record on foreign policy, demanded to know how Congress could be called irresponsible after passing the European Recovery Program and the peacetime draft. His own Foreign Relations Committee, Vandenberg insisted, had voted unanimously on all important issues.

Senate's Junior Statesman

After Vandenberg's stern lecture had run its course, Lodge broke in: "I interpret this charge to have been directed at me!

"Neither the committee nor I should be subject to that kind of charge!" shouted the Boston Back Bay Senator, using his fist for a gaval.

Brannan had mentioned Lodge in the interview as Chairman of the subcommittee which failed to act on the wheat agreement.

"You can't pass that kind of bill in the limited time available," thundered Lodge, still flushed with anger.

Finally Senator Tom Connally, Texas Democrat, interrupted. "Let's get on the merits of the case and close this political show," he urged.

"I never have dragged politics into this committee," Lodge sputtered back.

Brannan assured the committee that he held it in high esteem, that the teamwork of Vandenberg and Connally had demonstrated the ability of opposing groups in a democracy to work together in the best interests of the people. However, Brannan recalled that he came into the government at a time when wheat farms were lying uncultivated —not because the land wasn't productive but because the cost of growing wheat was more than the market price.

Therefore, Brannan, added, he was "deeply moved" when an opportunity to guarantee wheat farmers a market seemed lost. The wheat agreement would guarantee a world market for U. S. wheat for five years.

Lodge interrupted once to demand whether Brannan still stood on his original statement.

But Brannan ignored the question and went quietly on with his discussion.

Truman Has Responsibility In Congress Spy Ring Probe

By DAVID LAWRENCE

WASHINGTON, Aug. 5 — Many people are asking questions about the "spy ring" and the presence of Communists in the government and particularly why President Truman doesn't seem to have ferreted out some of the individuals whose loyalty has been in doubt.

Observers are asking, too, why the Federal Bureau of Investigation hasn't succeeded in indicting or prosecuting some of the individuals named. Also it is being said that the grand jury investigated and nevertheless didn't indict some of the persons accused of disloyalty.

All this indicates that the public isn't clear on what the legal problems really are. In the first place, the FBI is an investigating and not a prosecuting agency. It collects all the evidence but it is up to someone in the Department of Justice to decide what shall be done with it—who shall be prosecuted.

When it comes to asking a grand jury to indict, there must be some presumption of guilt, some belief that the evidence would lead to a conviction. Unless the Department's attorneys are convinced that they have a good case, the grand jury will not indict.

The explanation is being made, for instance, that the Justice Departments didn't have copies of what was actually transmitted to the Russian government and hence on proof could be had against those alleged to have transmitted information in a "spy ring." This may or may not be an insurmountable technicality, but it would seem that many an indictment has been rendered by grand juries in the past at the request of the Department of Justice on far less convincing pieces of circumstantial evidence.

Question Of Disloyalty Probes

Then there is the question of disloyalty probes inside the government. So much personal and political influence is brought to bear by friends who believe absolutely in the integrity of those they defend that the record becomes baffling. Then there is the all-important question of whether a person is a Communist in the sense of being a part of the Russian spy system or whether he is a Communist from an ideological or political point of view only. Many so-called American Communists might swear they never intended in any way to become a part of any movement to overthrow the government by force and yet they may believe in influencing the government to adopt such economic policies as would produce disintegration and chaos. It isn't a crime, for example, to believe in socialism, which, minus the element of overthrow of the government by force, still argues for such an amount of government control as to make totalitarianism an easy sequel.

Socialists have their political ticket and have never caused much if any concern. Yet Communists who go to a greater extreme are now insisting that they are merely expressing political beliefs. Where shall the line be drawn? It is significant that the new deal has such an affinity for the radical side that "fellow travelers" and those with "Communist leanings" are to be found in official positions.

What seems puzzling is that, where the evidence shows the persons involved were either incompetent or admittedly confused in their mental approach, they should still be retained in high places after there had been questionings.

Truman Has Obligation

President Truman cannot afford to ignore the requests from Congress for detailed information in government files. It is unfortunate that many innocent persons will be classed with the guilty. It is unfortunate, too, that the United States possesses nothing comparable to the "royal commission," which investigates secretly first and then accuses those who should be prosecuted. But with the executive branch of the Government in the hands of one political party and the legislative controlled by another political party, there is little chance for a thorough or disinterested inquiry. When grand juries can be influenced by agencies of the Government which have a political ax to grind by suppressing prosecutions, it is difficult to persuade the opposite political party that everything has been done to achieve the punishment of the guilty.

Under such circumstances, full exposure of all the records in the executive branch will tend to absolve the executive agencies of any charge of neglect of duty—if the records indeed show that everything that could be done was done. Pitiless publicity may be painful but it's the only way to get at the truth in a political system.

Wallace's Platform Planks And What They Mean To Nation

By SAMUEL B. PETTENGILL

Wallace wants public ownership of "the main levers of the economic system," and then demands that all public employes shall have the right to strike. This is a far cry from Collidge's famous statement: "The right to strike against the public does not exist for any purpose at any time." The Wallace platform turns it back on Mr. Roosevelt, who also agreed that public employes do not have the right to strike. MacArthur has just ordered public workers in Japan not to strike.

Here are the Wallace-Taylor planks:

"The Progressive Party will initiate such measures of public ownership as may be necessary to put into the hands of the people's representatives the levers of control essential to the operation of an economy of abundance. As a first step, the largest banks, the railroads, the merchant marine, the electric power and gas industry, and industries primarily dependent on government funds, or government purchases, must be placed under public ownership."

Then, "We shall demand the right for employes in publicly-owned industries to organize, to bargain collectively and to strike." Also, "We demand the immediate repeal of the Taft-Hartley Act . . . The old parties restore the labor injunction as a weapon for breaking strikes and smashing union."

Can Tie Nation Into Knot

That's the program.

Railroad workers, under government ownership, can all go out on strike and tie the nation into knots. No injunction in the public interest shall issue. Factories can close, farm produce can rot, millions can be thrown out of work.

When Henry is in the White House (how close he got!), he will tell the people: "This railroad strike is one of the growing pains of an economy of abundance. The people's representatives are collectively bargaining with the representatives of that part of the people on strike to get these people to go back to work for the people. This is a government by part of the people for part of the people. This is the century of the common man."

Collective bargaining by public employes takes wages and salaries out of the control of Congress. Also the Federal budget and taxes.

Then look at the merchant marine. All ships can be tied to the docks. No food can be shipped to our soldiers overseas. No relief to Europe. "We call for the repudiation of the Marshall Plan." This would do it.

Could Hold Cities In Ransom

Same with the electric power and gas industries. Strikers can hold cities in ransom. No lights, no power, no heat, no law.

Such is the anarchy the "Progressive Party" would promote.

Responsible leaders of labor oppose government ownership. They know that the right to strike would not be tolerated under government ownership. But Wallace says when he is President public employes can strike nevertheless.

In Russia, industry is publicly owned, but there is no right to strike against the public owners. The owners have the guns. Troops have been used by Attlee in England to break strikes in industries publicly owned.

How many votes will this program get this year? How many in 1952?

These Days

Let's Get At The Facts

Much of China's current troubles are monetary, arising from the debasement of her currency which was the direct result of the American silver policy. China's currency was based on silver and the United States artificially raised the world price of silver in such a manner that that metal flowed into this country and left China with nothing but paper money. This was as effective an attack upon China as anything the Japanese did during the entire fighting war.

Many of us so said at the time, although one of the arguments for this policy, out of which speculators made fortunes, was that it aided China.

The American government sent experts to China to assist her in fiscal matters. The State Department and the Treasury were involved in this expert advice. Subsequently the United States sent other experts to China to advise Chiang Kai-shek on the conduct of the affairs of that country.

Among the advisers was Lauchlin Currie, Canadian-born, who became one of President Roosevelt's "anonymous secretaries," and is now on Miss Elizabeth Bentley's list of accused. I am not prejudging Mr. Currie's activities in China nor is it fair to accuse him of crimes of action of misdemeanors of judgment until all the evidence is in—including his own. But I call attention to the fact that this column has been critical of him, of Owen Lattimore, of General Stilwell and George Marshall and of John Carter Vincent of the State Department, all so-called experts and authorities, for many years.

This is the time to make a full investigation of our relations with China on three questions:

1. Who was responsible for our silver policy; why did we undertake this utterly uneconomic business; who profited by it; what harm has it done to China?

2. What quantity of paper money was shipped from the United States to China; who printed that money; who placed the orders in this country; who instructed the flying of those banknotes over the hump while vital materials were delayed in Burma and India; who profited from these transactions; were they designed to aid China or so utterly to destroy her economy that the Communist—that is, the Russian—conquest of the country would become inevitable?

Further, were payments for these banknotes, printed by a number of American firms and contracted for by Americans, paid out of Chinese funds or from funds borrowed from the United States? Were any American officials involved in this debasing transaction?

3. Why did we pursue a policy of trying to force Chiang Kai-shek to associate himself with the Chinese Communists in spite of the fact that we have in the records of the State Department, the Department of Commerce, Army and Navy Intelligence and the files of newspapers, ample evidence, from 1924 to 1948, of the effort of Soviet Russia to conquer China by means of the Chinese Communist Party? Why did the spokesmen of our government try to give the impression that the Chinese Communists were not part of Soviet Russia's international apparatus, when since 1920 there has been a full record of the attendance of the Chinese Communists at every session of the Third International, published in the Comintern paper, Inprecorr, giving their speeches, debates, discussions and reports? Who ordered this false and malicious propaganda to be spread before the American people?

Why was this policy continued after Yalta where the Russians disclosed their purposes; after Potsdam which left nothing to the imagination; after the Russians seized Manchuria and half of Korea and broke all her treaties with us?

Why was it pursued by the OWI, the OSS, the State Department, and even by George Marshall after the Russians had disclosed their aims in Asia? Who gave the orders?

If Congress will go to the roots of the matter, investigating these questions, the truth will disclose itself. And that truth will be that somewhere in the directing line, on the high level of policy, were powerful Americans who were working to hand China over to Soviet Russia, which would have given that country, in short time, the whole of Asia, and made America subject to Russia's will.

Time Gifts

It takes an entire lifetime to educate a human being—and then it isn't finished! It takes time to grow a great oak—but not what a spectacle of beauty and worth that it then becomes. There is no gift like that of time. Its gift is far richer than any of money, or material value. The time that a teacher gives to a pupil is time invested in a human being, and its welfare through life.

People write to me and say that they know my time is very valuable and apologize for their taking of it —but my time is no more valuable than theirs. If I can give any part of my time that will be of benefit to another, I have not lost but gained. I often wonder why so many folks feel squeamish about parting with some of their time, as though it were their livelihood!

The bigger a man is, and the busier he is, the more lavish he is in the giving away of his time, where he thinks that it is going to bring happiness, or a profit, to someone else. We never know when we are giving encouragement to one who may well rise, later, to great influence and usefulness. It is one's own investment in happiness to give worthwhile time to someone else.

Most of what success I have gained in life, has been due largely to the time of others, who parted with it willingly that I might gain from it. My teachers in school, my associates in business, and my friends, have all been generous givers to me of their time—and themselves.

Many years of my life have been spent in selling my wares, but had not able and understanding men listened to me, and given freely of their time, I could never could have gained what now is mine. We are all debtors to others for their gifts of time to us.

This precious time of ours will some day run out with us, so that we give away of it each day, is not wasted but always an investment that we distribute; its value maturing with the years as it works its way, through our good offices, down the years in the better part of others, to whom we may, from day to day, bequeath it.

Time is not gold, but better than gold—and it is something with which we may enrich an endless number of others; if we make it a gift from the heart.

Baering Down On The News

Looking over the political Olympics we find Governor Dewey looks like a sure winner in the poll vault.

President Truman looks good in the hop, skip and jump. Harry will hop all over the nation, skip the answers and jump to the next town.

Hank Wallace will probably grab mention as the winner of the political one-legged race. Hank has a foot in everything.

The candidate of the Dixiecrats is in there for the ceremonial garnishings. It looks to me like he will carry the Olympic torch.

Military Invasion of Garrett Co. Regrettable

The invasion of Garrett county last Sunday by Military Police with orders to roundup those members of the National Guard who failed to present themselves for the 15-day encampment period at Camp Ritchie was, naturally, resented by some people of that county. They were irritated to think that their citizens would be subjected to such humiliation. All this is understandable because it was an unpleasant experience.

It has developed that those who remained away from Camp Ritchie when others of the military unit answered the call for training did so through a misunderstanding that their presence was not compulsory, and that if private affairs prevented them going they need not do so.

Their mistake, of course, was in failure to have their status clarified by the State commander of the organization before the time for their scheduled departure arrived. This was done after the AWOL members reached camp. Their reasons for remaining away were heard and given full consideration. Six of the number were found to have had legitimate excuses for believing they need not answer the call, and were permitted to return to their homes. The others were required to remain.

Few will find fault with the procedure taken by the military authorities in the case. It may have occurred to those who felt it was not necessary to go to camp that if their practice were permitted to prevail throughout the state and to go unnoticed, it would defeat the very purpose for which the training period is held—to have a well trained and efficient military force.

The action which had to be taken, in the case of the tardy Garrett county members was distasteful, to say the least. But it will serve the purpose of placing other members of the Guard throughout the State, who might consider their attendance for training not compulsory, on notice that the aims and intentions of the state military organization should not be taken lightly. Every member has a duty to perform and must meet the requirements expected of them if the National Guard is to be kept at a high level of service.

American youths are going to England to help in the wheat harvest. A half dozen Kansas combines could probably finish the job in a day or so.

Red Spies in Capital; Political Project Blows Up

It has blown up in their faces—that plan, concocted by Harry Truman and his stupid advisers, to get a Republican Congress in a jam by calling it in extra session in Dog Days and demanding that "in 15 days" it do what in 14 years a succession of Democratic Congresses had been unable to accomplish.

Suddenly a woman appears, and then a man, both former Communists, and tell what, from personal contacts, they profess to know about Communist plots against the United States, engineered by officials in its employe.

Mr. Truman had planned to use the special session as a means of campaigning for re-election at the public expense. It was to be a platform for his attack on the Republican Party. In less than a week after it assembled it has become something like a pillory for his Administration. In a blaze of aroused public suspicion his own project withers.

The charges made by Elizabeth Bentley, admitted Soviet spy, have not been substantiated, and until this is done public judgement must be suspended. But if there is anv truth at all in her amazing story told to a Senate committee, Communist spies penetrated deeply and dangerously into the American government during the war. According to her story, she had contacts with influential officials in the Army, the Air Force, the OSS, and even on the White House staff. Through these contacts, she says, voluminous data on formulas, lend-lease contracts and airplane manufacture were gathered and put in Communist hands.

What she has been able to make clear is that much of what she charges was already known to the Administration, yet was kept under cover. The confidential information which she swears she passed on to the Soviets came, she says, from the Air Corps, the Treasury, the Office of War Information the War Production Board and the War Man Power Commission —even from an aide to Mr. Franklin Delano Roosevelt.

Assuming innocence of every person whom Elizabeth Bentley names, there remains the broad fact that Communist influence did permeate the Roosevelt Administration and reached into policy-making posts. When this charge was first advanced by the Dies Committee, Franklin D. Roosevelt derided it and made merry, and a host of "commentators" and columnists followed suit. Now we know that, while that committee and its successor, the Thomas committee, did make mistakes, they were laboriously uncovering what has become an overshadowing issue. Their critics of then and now—are not some of them justly suspect?

There are those who will argue that testimony of a reformed Red is subject to some discount and that it would be unfair to condemn any individual on this evidence alone. However, the fact that Miss Bentley was the key witness whose testimony has just resulted in the indictment of twelve national leaders of the Communist Party in the United States lends weight to her story.

One thing goes without saying. Miss Bentley's testimony suggests that American defenses against Communist espionage were incredibly weak—even in wartime. It would be the sheerest of folly not to take every step to insure secrets are better safeguarded today. That job cannot be done by an emotional hunt for Red witches, striking out blindly in every direction. Real safety lies in organizing security as systematically and methodically and coolheadedly as the Reds organized their own spy ring.

Another thing. President Truman has an obligation to fulfill in this matter. He should make available information in government files which the Congress has asked, and which may have an important bearing on the matters being unearthed under his nose. Let him forego his efforts to make the Congress a sounding board for his political ambitions and render a real service to his country.

Those who were loudest in predictions of revolutionary postwar automobiles seem to have settled for screeching tires on no fenders.

HOW TO KEEP WELL

By Dr. Theodore R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Proper Care During Confinement

Childbed fever (puerperal infection) still occurs and statistics show that it is the second leading cause of death among women between the ages of 25 and 35. True, the present day figures can hardly be compared with those of the past but we can do much better if we are striving for perfection. Studies show that in 1915, 6.1 mothers died for every 1,000 live births. By 1937,

Dr. Van Dellen

the rate had dropped to 4.9 and in 1943, to 2.5. This is a far cry from the days of Semmelweis, over 100 years ago, when 114 out of every 1,000 women succumbed to thi stype of infection.

If we take into consideration that the modern mortality tables include all causes of death, the degree of improvement is even greater. But these same statistics also reveal that more than half of the casualties are due to infections which could have bee nprevented; the remainder are obviously unavoidable as it is doubtful whether the time will ever come whe nevery mother will survive the ordeal.

●—●—●

Infections associated with childbirth usually come from two chief sources. The physician may be at fault because he lacks the necessary training, especially to perform some of the operations that are required from time to time. In addition, he may transmit organisms because he has not adhered to strict cleanliness. In the olden days, this was the principal orgin of trouble because bacteria had not been discovered and no one realized the need for asepsis. During his routine, the medico would often perform an autopsy with bare hands, handle a featured wound, and deliver a baby. Nowadays he knows what precautions to take.

The patient herself may be to blame. Through lack of education, she may not consult a doctor. Many believe that with a little help from a neighbor, they can take care of the confinement. Other women do not cooperate with the physician and neglect or refuse to follow his advice. An infection may have been present before the baby came, which was allowed to persist. Others fail to visit the obstetrician during the preceding months, waiting until labor begins when it is too late to correct any existing defect. Such a seemingly unimportant condition as anemia may be just enough to increase susceptibility to bacterial invasion.

●—●—●

In order to prevent infections of pregnancy, cooperation is necessary. Mothers-to-be must select good medical attendants and make regular visits long before the baby arrives. The hospital should be one which has been inspected and approved by the medical societies. The institution should be one that makes every attempt to adhere to rigid asepsis; with masks worn routinely and no one with a cold permitted to enter the delivery room. Furthermore, the woman ought not demand dangerous procedures which lessen pain but increase the chance of complications.

After the infant is born, the same precautions must be taken. By getting out of bed early, the possibility of developing phlebothrombosis (milk-leg) is minimized. Moreover, should infection arise, it can be detected promptly and treated properly with penicillin or the sulfonamides. If suc hcommon sense procedures prevailed, many more mothers would be spared to rear and enjoy their offspring.

FLUID IN PLEURAL SPACE

L. A. writes: In pleural effusion, is the liquid usually removed?

Reply

No, except for a small amount which is sent to the laboratory for study. On the other hand, if the fluid accumulates to the extent that it interferes with breathing or the heart action, removal will releive symptoms. The only exception to this rule occurs when the fluid is pus; here drainage is necessary.

The Washington Merry-Go-Round

Republicans Worry About Reaction Of Folks Back Home; Some Want Action On High-Living Costs; Secretary Of Agriculture Gets Scolded By Vandenberg

Says DREW PEARSON

WASHINGTON, Aug. 5 — House Republicans shoved the Democrats off the House floor the other day, locked the doors, and obediently rubber-stamped the decisions of their leaders at a cut-and-dried caucus.

Only a mild protest was raised by one Republican — Minnesota's Walter Judd, who wanted to know whether the leadership had intended to commit the Republicans without holding a conference. He referred to the fact that GOP chiefs had answered President Truman's message without talking it over with members of the party.

Speaker Joe Martin pacified Judd by saying that the statement drafted by the leaders was only a "proposed statement." If it wasn't adopted by the caucus, he promised, a new one would be drafted. Needless to say, it was adopted—unanimously.

Before the rubber-stamp vote, Rep. William Dawson of Utah urged his colleagues not to close the session "without making an honest, conscientious effort to do something about the high cost of living.

"We may not agree with the President on price control and rationing," Dawson declared, "but the people still expect us to do something about high prices."

Martin agreed that the committee should "tackle the problem" and give it more than superficial examination. Even majority leader Charlie Halleck admitted that "we should not be cavaliers and dismiss the session with a polite bow." However, he made it clear that he still favored an "early adjournment." This last remark was greeted with boisterous applause.

Note—Even this was a change of heart for Charlie, who had argued for an immediate adjournment until he was knocked back on his heels by Speaker Martin and Senator Taft.

"Splendid Congress": Martin

Ohio's wealthy Mrs. Frances Bolton wanted to know whether the Republicans planned to issue a detailed statement answering Truman's message. Speaker Martin replied the job had already been done in a speech before the House by Illinois' Everett Dirksen. He also mentioned radio addresses by Taft and Halleck.

The Speaker urged the members, when returning to their districts, to refute President Truman's charge that the 80th Congress was the "second worst" in history.

"The 80th Congress has done a splendid job," he defended. "And it will become known as soon as the members get back into their districts and let the people know the true record."

Halleck said a reporter had called him from Indianapolis and asked whether it was true that the Democrats would be able to override the Republican leadership by getting enough Republicans to sign discharge petitions.

"I told him I didn't think there was anything to it," the majority leader added.

Note—New York's Jack Javits leaped to his feet and demanded changes in the Displaced Persons Act and action on the $65,000,000 loan for building a permanent UN home in New York.

"We already have the hole dug," he shouted.

Broke in isolationist Frederick "Doc" Smith, the Ohio horse doctor: "Inasmuch as you already have the hole dug, you may as well put the whole United Nations in and bury it."

Note—Presidential candidate Tom Dewey telephoned Senator Taft and Speaker Martin that he would like the special session to act on at least two points in President Truman's message—liberalize the Displaced Persons Act and approve the loan for building United Nations headquarters in New York.

Cabinet Member Gets Scolded

For calling Congress "irresponsible," Secretary of Agriculture Charlie Brannan was given a stern scolding this week by President of the Senate Arthur Vandenberg.

Even hotter under the collar with resentment, junior statesman Cabot Lodge of Massachusetts pounded the table and tried to jam respect for the 80th Congress down Brannan's throat. But after Republican tempers had cooled, Brannan still hadn't retracted his statement.

Facing his first congressional firing squad since taking office, the young Secretary of Agriculture met behind closed doors with the Senate Foreign Relations Committee to appeal for ratification of the international wheat agreement, of great importance to farmers. Instead of taking up wheat, Vandenberg, scowling sternly, ordered Brannan to read an interview which he had granted to the New York Times. In the text, Brannan called Congress "irresponsible" for not ratifying the wheat agreement.

"You had no right to use that sort of word," snorted the big Michigan Senator.

Then he pointed to the Senate's bipartisan record on foreign policy, demanded to know how Congress could be called irresponsible after passing the European Recovery Program and the peacetime draft. His own Foreign Relations Committee, Vandenberg insisted, had voted unanimously on all important issues.

Senate's Junior Statesman

After Vandenberg's stern lecture had run its course, Lodge broke in: "I interpret this charge to have been directed at me!

"Neither the committee nor I should be subject to that kind of charge!" shouted the Boston Back Bay Senator, using his fist for a gaval.

Brannan had mentioned Lodge in the interview as Chairman of the subcommittee which failed to act on the wheat agreement.

"You can't pass that kind of bill in the limited time available," thundered Lodge, still flushed with anger.

Finally Senator Tom Connally, Texas Democrat, interrupted. "Let's get on the merits of the case and close this political show," he urged.

"I never have dragged politics into this committee," Lodge sputtered back.

Brannan assured the committee that he held it in high esteem, that the teamwork of Vandenberg and Connally had demonstrated the ability of opposing groups in a democracy to work together in the best interests of the people. However, Brannan recalled that he came into the government at a time when wheat farms were lying uncultivated —not because the land wasn't productive but because the cost of growing wheat was more than the market price.

Therefore, Brannan, added, he was "deeply moved" when an opportunity to guarantee wheat farmers a market seemed lost. The wheat agreement would guarantee a world market for U. S. wheat for five years.

Lodge interrupted once to demand whether Brannan still stood on his original statement.

But Brannan ignored the question and went quietly on with his discussion.

Truman Has Responsibility In Congress Spy Ring Probe

By DAVID LAWRENCE

WASHINGTON, Aug. 5 — Many people are asking questions about the "spy ring" and the presence of Communists in the government and particularly why President Truman doesn't seem to have ferreted out some of the individuals whose loyalty has been in doubt.

Observers are asking, too, why the Federal Bureau of Investigation hasn't succeeded in indicting or prosecuting some of the individuals named. Also it is being said that the grand jury investigated and nevertheless didn't indict some of the persons accused of disloyalty.

All this indicates that the public isn't clear on what the legal problems really are. In the first place, the FBI is an investigating and not a prosecuting agency. It collects all the evidence but it is up to someone in the Department of Justice to decide what shall be done with it—who shall be prosecuted.

When it comes to asking a grand jury to indict, there must be some presumption of guilt, some belief that the evidence would lead to a conviction. Unless the Department's attorneys are convinced that they have a good case, the grand jury will not indict.

The explanation is being made, for instance, that the Justice Departments didn't have copies of what was actually transmitted to the Russian government and hence on proof could be had against those alleged to have transmitted information in a "spy ring." This may or may not be an insurmountable technicality, but it would seem that many an indictment has been rendered by grand juries in the past at the request of the Department of Justice on far less convincing pieces of circumstantial evidence.

Question Of Disloyalty Probes

Then there is the question of disloyalty probes inside the government. So much personal and political influence is brought to bear by friends who believe absolutely in the integrity of those they defend that the record becomes baffling. Then there is the all-important question of whether a person is a Communist in the sense of being a part of the Russian spy system or whether he is a Communist from an ideological or political point of view only. Many so-called American Communists might swear they never intended in any way to become a part of any movement to overthrow the government by force and yet they may believe in influencing the government to adopt such economic policies as would produce disintegration and chaos. It isn't a crime, for example, to believe in socialism, which, minus the element of overthrow of the government by force, still argues for such an amount of government control as to make totalitarianism an easy sequel.

Socialists have their political ticket and have never caused much if any concern. Yet Communists who go to a greater extreme are now insisting that they are merely expressing political beliefs. Where shall the line be drawn? It is significant that the new deal has such an affinity for the radical side that "fellow travelers" and those with "Communist leanings" are to be found in official positions.

What seems puzzling is that, where the evidence shows the persons involved were either incompetent or admittedly confused in their mental approach, they should still be retained in high places after there had been questionings.

Truman Has Obligation

President Truman cannot afford to ignore the requests from Congress for detailed information in government files. It is unfortunate that many innocent persons will be classed with the guilty. It is unfortunate, too, that the United States possesses nothing comparable to the "royal commission," which investigates secretly first and then accuses those who should be prosecuted. But with the executive branch of the Government in the hands of one political party and the legislative controlled by another political party, there is little chance for a thorough or disinterested inquiry. When grand juries can be influenced by agencies of the Government which have a political ax to grind by suppressing prosecutions, it is difficult to persuade the opposite political party that everything has been done to achieve the punishment of the guilty.

Under such circumstances, full exposure of all the records in the executive branch will tend to absolve the executive agencies of any charge of neglect of duty—if the records indeed show that everything that could be done was done. Pitiless publicity may be painful but it's the only way to get at the truth in a political system.

Wallace's Platform Planks And What They Mean To Nation

By SAMUEL B. PETTENGILL

Wallace wants public ownership of "the main levers of the economic system," and then demands that all public employes shall have the right to strike. This is a far cry from Collidge's famous statement: "The right to strike against the public does not exist for any purpose at any time." The Wallace platform turns it back on Mr. Roosevelt, who also agreed that public employes do not have the right to strike. MacArthur has just ordered public workers in Japan not to strike.

Here are the Wallace-Taylor planks:

"The Progressive Party will initiate such measures of public ownership as may be necessary to put into the hands of the people's representatives the levers of control essential to the operation of an economy of abundance. As a first step, the largest banks, the railroads, the merchant marine, the electric power and gas industry, and industries primarily dependent on government funds, or government purchases, must be placed under public ownership."

Then, "We shall demand the right for employes in publicly-owned industries to organize, to bargain collectively and to strike." Also, "We demand the immediate repeal of the Taft-Hartley Act . . . The old parties restore the labor injunction as a weapon for breaking strikes and smashing union."

Can Tie Nation Into Knot

That's the program.

Railroad workers, under government ownership, can all go out on strike and tie the nation into knots. No injunction in the public interest shall issue. Factories can close, farm produce can rot, millions can be thrown out of work.

When Henry is in the White House (how close he got!), he will tell the people: "This railroad strike is one of the growing pains of an economy of abundance. The people's representatives are collectively bargaining with the representatives of that part of the people on strike to get these people to go back to work for the people. This is a government by part of the people for part of the people. This is the century of the common man."

Collective bargaining by public employes takes wages and salaries out of the control of Congress. Also the Federal budget and taxes.

Then look at the merchant marine. All ships can be tied to the docks. No food can be shipped to our soldiers overseas. No relief to Europe. "We call for the repudiation of the Marshall Plan." This would do it.

Could Hold Cities In Ransom

Same with the electric power and gas industries. Strikers can hold cities in ransom. No lights, no power, no heat, no law.

Such is the anarchy the "Progressive Party" would promote.

Responsible leaders of labor oppose government ownership. They know that the right to strike would not be tolerated under government ownership. But Wallace says when he is President public employes can strike nevertheless.

In Russia, industry is publicly owned, but there is no right to strike against the public owners. The owners have the guns. Troops have been used by Attlee in England to break strikes in industries publicly owned.

How many votes will this program get this year? How many in 1952?

1. Who was responsible for our silver policy; why did we undertake this utterly uneconomic business; who profited by it; what harm has it done to China?

2. What quantity of paper money was shipped from the United States to China; who printed that money; who placed the orders in this country; who instructed the flying of those banknotes over the hump while vital materials were delayed in Burma and India; who profited from these transactions; were they designed to aid China or so utterly to destroy her economy that the Communist—that is, the Russian—conquest of the country would become inevitable?

Further, were payments for these banknotes, printed by a number of American firms and contracted for by Americans, paid out of Chinese funds or from funds borrowed from the United States? Were any American officials involved in this debasing transaction?

3. Why did we pursue a policy of trying to force Chiang Kai-shek to associate himself with the Chinese Communists in spite of the fact that we have in the records of the State Department, the Department of Commerce, Army and Navy Intelligence and the files of newspapers, ample evidence, from 1924 to 1948, of the effort of Soviet Russia to conquer China by means of the Chinese Communist Party? Why did the spokesmen of our government try to give the impression that the Chinese Communists were not part of Soviet Russia's international apparatus, when since 1920 there has been a full record of the attendance of the Chinese Communists at every session of the Third International, published in the Comintern paper, Inprecorr, giving their speeches, debates, discussions and reports? Who ordered this false and malicious propaganda to be spread before the American people?

Why was this policy continued after Yalta where the Russians disclosed their purposes; after Potsdam which left nothing to the imagination; after the Russians seized Manchuria and half of Korea and broke all her treaties with us?

Why was it pursued by the OWI, the OSS, the State Department, and even by George Marshall after the Russians had disclosed their aims in Asia? Who gave the orders?

If Congress will go to the roots of the matter, investigating these questions, the truth will disclose itself. And that truth will be that somewhere in the directing line, on the high level of policy, were powerful Americans who were working to hand China over to Soviet Russia, which would have given that country, in short time, the whole of Asia, and made America subject to Russia's will.

Today's Talk

By GEORGE MATTHEW ADAMS

Time Gifts

It takes an entire lifetime to educate a human being—and then it isn't finished! It takes time to grow a great oak—but not what a spectacle of beauty and worth that it then becomes. There is no gift like that of time. Its gift is far richer than any of money, or material value. The time that a teacher gives to a pupil is time invested in a human being, and its welfare through life.

People write to me and say that they know my time is very valuable and apologize for their taking of it —but my time is no more valuable than theirs. If I can give any part of my time that will be of benefit to another, I have not lost but gained. I often wonder why so many folks feel squeamish about parting with some of their time, as though it were their livelihood!

The bigger a man is, and the busier he is, the more lavish he is in the giving away of his time, where he thinks that it is going to bring happiness, or a profit, to someone else. We never know when we are giving encouragement to one who may well rise, later, to great influence and usefulness. It is one's own investment in happiness to give worthwhile time to someone else.

Most of what success I have gained in life, has been due largely to the time of others, who parted with it willingly that I might gain from it. My teachers in school, my associates in business, and my friends, have all been generous givers to me of their time—and themselves.

Many years of my life have been spent in selling my wares, but had not able and understanding men listened to me, and given freely of their time, I could never could have gained what now is mine. We are all debtors to others for their gifts of time to us.

This precious time of ours will some day run out with us, so that we give away of it each day, is not wasted but always an investment that we distribute; its value maturing with the years as it works its way, through our good offices, down the years in the better part of others, to whom we may, from day to day, bequeath it.

Time is not gold, but better than gold—and it is something with which we may enrich an endless number of others, if we make it a gift from the heart.

Baering Down On The News

Looking over the political Olympics we find Governor Dewey looks like a sure winner in the poll vault.

President Truman looks good in the hop, skip and jump. Harry will hop all over the nation, skip the answers and jump to the next town.

Hank Wallace will probably grab mention as the winner of the political one-legged race. Hank has a foot in everything.

The candidate of the Dixiecrats is in there for the ceremonial garnishings. It looks to me like he will carry the Olympic torch.

Maylayans Eat Tiger

KUANTAN, Federation of Malaya —(AP)—A real novelty was introduced into the diet of this community the other day—tiger meat. Evidently regarded as quite a delicacy, steaks from the big cat rapidly sold at 50 cents for about one and one-third pounds.

The tiger, a female, was trapped with dog-bait and put on display in a cage in the village. Not many villagers paused to admire her, however. Her mate, who escaped the trap, could be heard growling in the underbrush nearby.

As a legal expression, "Good behavior" means keeping the peace.

Lulu Hite Will Become Bride Of George Oxley

Ceremony To Be Performed Tonight

Miss Lulu Hite, Washington, daughter of Mrs. Lulu M. Hite, Cash Valley, is to become the bride of George Oxley, son of Edward C. Oxley, Washington, tonight.

The wedding ceremony will be solemnized at 6 o'clock in St. Mark's Reformed Church with Rev. A. W. Kaske officiating. Miss Margaret Belland, Washington, will be the bride's maid of honor and Rollina Adams will be her flower girl. Charles Oxley is to serve as his brother's best man.

The bride, who will be given in marriage by her grandfather, Charles L. Miller, is to wear a white organdy gown, fashioned with a fitted bodice with a round neckline and small collar, long tapering sleeves and full skirt with sweeping train. The collar and front of the skirt are trimmed with white satin flowers. Her fingertip length veil of nylon net cascades from a coronet of seed pearls and she will carry a bridal bouquet of white roses.

Both her maid of honor and flower girl are wearing white frocks and are carrying white roses. The former's dress is made complementary to the brides, with full sleeves and skirt.

Mrs. Hite has chosen a Navy blue dress for her daughter's wedding. With it she is wearing black accessories and a corsage of white roses.

The bride-elect is a graduate of Allegany High School and attended George Washington University. She is employed by the Army Map Service, Washington.

Mr. Oxley was graduated from Woodrow Wilson High School and Bliss Engineering School, Washington. A veteran of three years' service in the Navy, he is employed by the Chesapeake and Potomac Telephone Company, Washington.

A wedding reception is to be held in the church parlor immediately following the ceremony. The bridal theme is being carried out with the bouquets of white flowers and repeated in the tiered wedding cake, adorned with a miniature bride and bridegroom. Assisting in serving will be Mrs. Franklin W. Kremer, Mrs. S. S. Dowlan and Mrs. Ada Keady.

For traveling the bride has selected a Navy blue suit with small matching hat trimmed with a feather; with it she will wear black accessories. After a trip to Canada Mr. Oxley and his bride will reside in Washington.

Club Has Outing, Plans Dinner Party

Members of the Child Guidance Club entertained their children with an outing and formulated plans for a dinner for the husbands recently at the summer cottage of Mr. and Mrs. Charles L. McCracken, Patterson Creek.

Recreational games were played during the afternoon and after a grilled supper on the lawn moving pictures were shown by Mr. and Mrs. Kenneth Shaffer.

The husbands are to be entertained August 20 at Ali Ghan Country Club. Meetings will be resumed next month.

Growden Family To Hold 15th Annual Reunion

The 15th annual reunion of the Growden family is to be held Sunday at the Union Grove camp meeting grounds. It is to be an all day affair with members coming during the morning. The basket dinner will be held at noon and an entertainment program is to be held during the afternoon.

Warren E. Growden will preside at the business session, at which time plans will be formulated for the organization and officers elected. Elwood Growden is secretary-treasurer of the group.

Wahaba Temple To Plan Ceremonial

Tentative plans for the fall ceremonial of Wahaba Temple No. 237, DOKK, are to be formulated at the meeting of the temple at 8 o'clock August 17. It is to be held in the Knights of Malta Hall, Prospect Square.

The lodge usually holds a spring and a fall ceremonial when members are initiated into the order. A class of 25 candidates is anticipated to be initiated at the ceremonial.

All members are requested to be present at the meeting. Following the business session refreshments will be served, with Arthur J. Twigg chairman of the Refreshment committee.

Personals

Miss Mariam Elizabeth Billings, student nurse at the Medical College of Virginia, Richmond, is visiting her parents, Mr. and Mrs. A. N. Billings, LaVale.

Lulu Hite Will Become Bride Of George Oxley

Ceremony To Be Performed Tonight

Miss Lulu Hite, Washington, daughter of Mrs. Lulu M. Hite, Cash Valley, is to become the bride of George Oxley, son of Edward C. Oxley, Washington, tonight.

The wedding ceremony will be solemnized at 6 o'clock in St. Mark's Reformed Church with Rev. A. W. Kaske officiating. Miss Margaret Belland, Washington, will be the bride's maid of honor and Rollina Adams will be her flower girl. Charles Oxley is to serve as his brother's best man.

The bride, who will be given in marriage by her grandfather, Charles L. Miller, is to wear a white organdy gown, fashioned with a fitted bodice with a round neckline and small collar, long tapering sleeves and full skirt with sweeping train. The collar and front of the skirt are trimmed with white satin flowers. Her fingertip length veil of nylon net cascades from a coronet of seed pearls and she will carry a bridal bouquet of white roses.

Both her maid of honor and flower girl are wearing white frocks and are carrying white roses. The former's dress is made complementary to the brides, with full sleeves and skirt.

Mrs. Hite has chosen a Navy blue dress for her daughter's wedding. With it she is wearing black accessories and a corsage of white roses.

The bride-elect is a graduate of Allegany High School and attended George Washington University. She is employed by the Army Map Service, Washington.

Mr. Oxley was graduated from Woodrow Wilson High School and Bliss Engineering School, Washington. A veteran of three years' service in the Navy, he is employed by the Chesapeake and Potomac Telephone Company, Washington.

A wedding reception is to be held in the church parlor immediately following the ceremony. The bridal theme is being carried out with the bouquets of white flowers and repeated in the tiered wedding cake, adorned with a miniature bride and bridegroom. Assisting in serving will be Mrs. Franklin W. Kremer, Mrs. S. S. Dowlan and Mrs. Ada Keady.

For traveling the bride has selected a Navy blue suit with small matching hat trimmed with a feather; with it she will wear black accessories. After a trip to Canada Mr. Oxley and his bride will reside in Washington.

Club Has Outing, Plans Dinner Party

Members of the Child Guidance Club entertained their children with an outing and formulated plans for a dinner for the husbands recently at the summer cottage of Mr. and Mrs. Charles L. McCracken, Patterson Creek.

Recreational games were played during the afternoon and after a grilled supper on the lawn moving pictures were shown by Mr. and Mrs. Kenneth Shaffer.

The husbands are to be entertained August 20 at Ali Ghan Country Club. Meetings will be resumed next month.

Growden Family To Hold 15th Annual Reunion

The 15th annual reunion of the Growden family is to be held Sunday at the Union Grove camp meeting grounds. It is to be an all day affair with members coming during the morning. The basket dinner will be held at noon and an entertainment program is to be held during the afternoon.

Warren E. Growden will preside at the business session, at which time plans will be formulated for the organization and officers elected. Elwood Growden is secretary-treasurer of the group.

New Veneers Result Of War Time Research

Veneer furniture, contrary to an unfounded misconception that is rapidly dying out, is not inferior to solid wood. As a matter of fact, modern techniques of veneer production makes possible beautiful, sturdy pieces of intricate design that are unobtainable with solid wood.

Veneer furniture has a noble heritage. The magnificent furniture of France, and that of Hepplewhite, Sheraton, the Adam Brothers and Duncan Phyfe, as well as the really distinguished furniture of the late Colonial and Federal periods in America, made a very free use of veneers.

How, then, did this misconception develop?

When the Industrial Revolution took place, every furniture craftsman wanted to become a mass producer, and many of them cut corners on materials. Cheap glues, wrong kinds of plywood and poor designs marked much of the furniture produced before the turn of the century. These veneers were the ones that peeled, causing homemakers of today—who remember 19th Century veneers—to conclude erroneously that veneer furniture is cheap furniture.

Plywood Used In War

During the war plywood ("plywood" and "veneered construction" may be used interchangeably) was used widely in naval and air craft and withstood the rigors of battle and severe climatic conditions admirably.

Adhesives have recently been developed which are even stronger than wood itself and thus a properly-laid veneered panel is immeasureably superior in some properties to lumber of equal thickness, and weight for weight, is stronger than steel.

The improvements made in veneers make present day furniture impervious to temperature changes and extremes of climate.

Most of the furniture made today is of veneered construction. Veneers make it possible for the designer to achieve more pleasing effects. In panels, such as table tops or drawer fronts where beauty of figure is desired, veneers are ideal.

The physical advantages of veneered construction make well-built veneered furniture superior to that of solid wood construction in strength and service properties.

Resembles Jewelry Design

It must be remembered that jewelry requires the use of sturdy as well as precious metals. For the same reason, in both the interior and exterior surfaces of fine buildings, decorative face materials are used over the substantial inner structure.

The surface of the panel is the beautifully figured sheet of veneer. Beneath it is a layer of glue; "cross-banding" is then placed at right angles in grain to the face veneer, thus checking any tendency of the surface wood to strain or warp. Beneath the cross-banding is another layer of glue and then the core stock, which is sometimes composed of several pieces of lumber with the grain running in varying directions and glued together under high pressure, thus counteracting the stresses which occur in the various sections and increasing the strength of the veneered section.

An Ancient Art

While the art of "plying" thin strips of wood into panels to insure permanent flatness is believed to be ancient, plywood was not produced by machinery, and in commercial quantities, until a little more than 50 years ago.

The whole process of making veneers, from the selection of a tree in some far corner of the globe to the finished plywood, is a very long and exacting one, which demands both the technical knowledge of the scientist and the taste of the artist.

Almost without exception, the woods which we consider valuable because of their beauty, sell on our markets at prices which preclude their use in the manufacture of solid-wood furniture for the typical consumer. The utility of these rare and beautiful woods is considerably increased when they are used in the form of veneer rather than lumber, since the surface area will be multiplied about thirty times.

The decreasing supply of our valuable furniture woods makes intelligent utilization and conservation advisable as well as economical.

Enhances Beauty

Furthermore, through the veneer-cutting methods, the beauty of the grain is brought out to far better advantages than is possible in cutting the same wood into boards.

Another economic factor in favor of the use of veneers in furniture construction is the fact that cores may be made up of woods which contain every element of strength, but which lack the beauty and clarity suitable for exposed surfaces. The use of such sound but plain core stock is an example of economical and intelligent utilization of wood.

Since wood swells and shrinks in varying degrees along and across the grain, the gluing together of the various sections, with the grains running at right angles to each other, prevents distortion caused by a change of size in one direction only, and results in balanced construction giving dimensional stability.

Seasoning Of Lumber

Lumber as it comes from the sawmill contains a large quantity of moisture. Before it is acceptable as furniture stock, the excess moisture must be removed. The proper drying of furniture stock is important.

Modern drying methods make possible the production of raw material for furniture which is much better conditioned than that used in past decades. Warped table tops, sticking drawers, and gaping joints were the rule, rather than the exception in the furniture produced in grandfather's time. Such defects were caused by the shrinkage and swelling of wood due to its giving off moisture in the dry season of the year and absorbing moisture from the air in the wet season.

Selection Of Veneers

The selection of veneer logs is a highly specialized business requiring skill and long experience. The lumber markets of the world are combed by experts for the purpose of selecting certain logs which will produce veneers of exceptional beauty and value. Records are available showing the sale of a mahogany veneer log on the London market for $15,000, and one single walnut stump has been manufactured into veneers valued at $6,000.

The University of Gottingen, Hanover, Germany, was founded by Georg August, Elector of Hanover, better known as George II of England. It was planned as early as 1732, there being no university at Hanover at that time. The formal foundation dates from 1737.

New Veneers Result Of War Time Research

Veneer furniture, contrary to an unfounded misconception that is rapidly dying out, is not inferior to solid wood. As a matter of fact, modern techniques of veneer production makes possible beautiful, sturdy pieces of intricate design that are unobtainable with solid wood.

Veneer furniture has a noble heritage. The magnificent furniture of France, and that of Hepplewhite, Sheraton, the Adam Brothers and Duncan Phyfe, as well as the really distinguished furniture of the late Colonial and Federal periods in America, made a very free use of veneers.

How, then, did this misconception develop?

When the Industrial Revolution took place, every furniture craftsman wanted to become a mass producer, and many of them cut corners on materials. Cheap glues, wrong kinds of plywood and poor designs marked much of the furniture produced before the turn of the century. These veneers were the ones that peeled, causing homemakers of today—who remember 19th Century veneers—to conclude erroneously that veneer furniture is cheap furniture.

Plywood Used In War

During the war plywood ("plywood" and "veneered construction" may be used interchangeably) was used widely in naval and air craft and withstood the rigors of battle and severe climatic conditions admirably.

Adhesives have recently been developed which are even stronger than wood itself and thus a properly-laid veneered panel is immeasureably superior in some properties to lumber of equal thickness, and weight for weight, is stronger than steel.

The improvements made in veneers make present day furniture impervious to temperature changes and extremes of climate.

Most of the furniture made today is of veneered construction. Veneers make it possible for the designer to achieve more pleasing effects. In panels, such as table tops or drawer fronts where beauty of figure is desired, veneers are ideal.

The physical advantages of veneered construction make well-built veneered furniture superior to that of solid wood construction in strength and service properties.

Resembles Jewelry Design

It must be remembered that jewelry requires the use of sturdy as well as precious metals. For the same reason, in both the interior and exterior surfaces of fine buildings, decorative face materials are used over the substantial inner structure.

The surface of the panel is the beautifully figured sheet of veneer. Beneath it is a layer of glue; "cross-banding" is then placed at right angles in grain to the face veneer, thus checking any tendency of the surface wood to strain or warp. Beneath the cross-banding is another layer of glue and then the core stock, which is sometimes composed of several pieces of lumber with the grain running in varying directions and glued together under high pressure, thus counteracting the stresses which occur in the various sections and increasing the strength of the veneered section.

An Ancient Art

While the art of "plying" thin strips of wood into panels to insure permanent flatness is believed to be ancient, plywood was not produced by machinery, and in commercial quantities, until a little more than 50 years ago.

The whole process of making veneers, from the selection of a tree in some far corner of the globe to the finished plywood, is a very long and exacting one, which demands both the technical knowledge of the scientist and the taste of the artist.

Almost without exception, the woods which we consider valuable because of their beauty, sell on our markets at prices which preclude their use in the manufacture of solid-wood furniture for the typical consumer. The utility of these rare and beautiful woods is considerably increased when they are used in the form of veneer rather than lumber, since the surface area will be multiplied about thirty times.

The decreasing supply of our valuable furniture woods makes intelligent utilization and conservation advisable as well as economical.

Enhances Beauty

Furthermore, through the veneer-cutting methods, the beauty of the grain is brought out to far better advantages than is possible in cutting the same wood into boards.

Another economic factor in favor of the use of veneers in furniture construction is the fact that cores may be made up of woods which contain every element of strength, but which lack the beauty and clarity suitable for exposed surfaces. The use of such sound but plain core stock is an example of economical and intelligent utilization of wood.

Since wood swells and shrinks in varying degrees along and across the grain, the gluing together of the various sections, with the grains running at right angles to each other, prevents distortion caused by a change of size in one direction only, and results in balanced construction giving dimensional stability.

Seasoning Of Lumber

Lumber as it comes from the sawmill contains a large quantity of moisture. Before it is acceptable as furniture stock, the excess moisture must be removed. The proper drying of furniture stock is important.

Modern drying methods make possible the production of raw material for furniture which is much better conditioned than that used in past decades. Warped table tops, sticking drawers, and gaping joints were the rule, rather than the exception in the furniture produced in grandfather's time. Such defects were caused by the shrinkage and swelling of wood due to its giving off moisture in the dry season of the year and absorbing moisture from the air in the wet season.

Selection Of Veneers

The selection of veneer logs is a highly specialized business requiring skill and long experience. The lumber markets of the world are combed by experts for the purpose of selecting certain logs which will produce veneers of exceptional beauty and value. Records are available showing the sale of a mahogany veneer log on the London market for $15,000, and one single walnut stump has been manufactured into veneers valued at $6,000.

The University of Gottingen, Hanover, Germany, was founded by Georg August, Elector of Hanover, better known as George II of England. It was planned as early as 1732, there being no university at Hanover at that time. The formal foundation dates from 1737.

Israel Makes Bid For Peace Talks With Arab States

TEL AVIV, Israel, Aug. 5 (AP) — Israel's government today made its first direct bid for peace negotiations with the Arab states.

The invitation followed hints by King Abdullah, of Trans-Jordan, key figure on the Arab side, that he is ready to consider a compromise to end the 11-week struggle.

The proposal was placed before Count Folke Bernadotte, United Nations mediator, by Foreign Minister Moshe Shertok at the end of a three-hour talk.

"I approach you as mediator officially in behalf of the provisional government of Israel to transmit to the belligerent powers an invitation to meet the provisional government for peace negotiations," Shertok said.

The request will be transmitted to the Arabs through the United Nations.

Shertok previously had made public statements urging Arabs to come to peace talks, but this was his first official approach.

Always the Arabs have rejected these feelers on the grounds peace negotiations would be a recognition of the Jewish state something they have refused to entertain.

Yesterday at his capital of Amman, however, King Abdullah told a news conference his "Arab nation does not exclude any possible compromise that secures justice and prevents unnecessary bloodshed."

While declaring "we don't like that our country (any part of Palestine) should be taken from us," he said any new proposals for a settlement should be fully considered by the Arab states and not rejected outright as was Bernadotte's June plan which proposed a modified partition, creating a Jewish state and giving the Arab part to Trans-Jordan.

Ida Lupino And Film Studio Executive Wed

LA JOLLA, Calif., Aug. 5. (AP)—Ida Lupino, blonde motion picture actress, and Collier Young, film studio executive, were married here today. The ceremony was performed by Rev. George Culbertson in the La Jolla Presbyterian Church.

The bride was attended by her sister, Rita. Harry Koenitz, Hollywood, was best man, and Harry Mienes, family friend, gave the bride in marriage.

After the wedding a reception was held in the flower-bedecked patio of the Casa De Manana Hotel on the shore of the Pacific Ocean. A party of 30, including relatives and friends, attended.

Prices Still Climbing

WASHINGTON, Aug. 5 (AP)—The wholesale price index of the Bureau of Labor Statistics rose fractionally for the week ended July 31. Sharp advances for most iron and steel products were nearly offset by lower prices for farm products and foods.

The index rose .1 per cent to 168.3 per cent of the 1926 average. It is just below the all-time high of 168.9 for the July 17 week.

Remington Hired During Probe

2. A Senate investigating subcommittee headed by Sen. Ferguson (R-Mich) heard testimony that Commerce Department officials knew that William W. Remington was the subject of an "active investigation for espionage" when he was hired. Samuel Klaus, a State Department lawyer, made the statement. Remington, now under suspension, was chairman of a committee which passed on the shipment of goods to Russia.

3. Rep. Rankin (D-Miss), a member of the House Un-American Activities Committee, urged that Henry A. Wallace be called in for questioning. Rankin said it appeared that Communists achieved "key positions" in the Commerce Department when Wallace headed it.

Rep. Busbey (R-Ill) suggested that the committee go back still further and check Wallace's administration as Secretary of Agriculture. Busbey said the Agricultural Adjustment Administration was the "spawning ground" for Communists in the government.

In a written statement on the Communist investigations, President Truman said that no information has been turned up which has not long since been presented to a federal grand jury, or known to the FBI.

Housing Issue

(Continued from Page 1)

"Give aid to the under-privileged," he shouted, "so they can say this is a good land after all."

Let's find out, he said, who is controlling "the interests of humanity in this country." This was an indirect reference to the House GOP leadership which has refused to let the T-E-W bill come up.

However, Sen. Taft said he will vote for the McCarthy bill tomorrow instead of his own measure. He explained that he doesn't believe the House will accept public housing and slum clearance as provided in his bill.

Taft said that the public housing provision, called inflationary by some, could wait until January.

McCarthy later said Taft was right—Chairman Wolcott (R-Mich), of the House Banking Committee, authorized McCarthy to say that the House "will not take public housing" at this session.

Civil War Order Given Reds In '39, Budenz Says

HONOLULU, Aug. 5. (AP)—American Communist Party leaders were ordered to prepare for civil war in the United States in September of 1939 if the United States entered the war as Britain's ally, Louis Budenz testified today.

The former editor of the New York Communist Daily Worker said the order came from Eugene Dennis, now general secretary of the Communist Party in the United States, at a time when Germany and Russia were allies.

Budenz was the first witness in the Hawaii School Board hearing on the suspension of two teachers accused of being members of the Communist Party.

San Francisco Women Launch Price Battle

SAN FRANCISCO, Aug. 5. (AP)—San Francisco housewives today projected a two-front battle against the soaring cost of meat and other foods.

Mrs. Peter Kavanaugh launched the first step in a telephone campaign to urge friends to boycott butchers. She was soon joined by other members of the San Francisco Council of Women Shoppers.

A second weapon used by the council is the circulation of two sets of petitions addressed to President Truman and members of Congress. One set is for the adults, the other for children, the council spokesmen said, explaining that children are regarded as the first victims of high food prices. The children must have permission of their parents to sign.

above but added the following point:

That Russia not only recognize the right of the Western Powers to stay in Berlin, but that the Western Powers be given the means of exercising this right.

The French Ambassador then made the point that if the interruption of the railroad to Berlin was because of Russian technical difficulties, the West would be glad to help, but if the interruption was due to political difficulties, then this matter should be thrown open to discussion immediately.

European Settlement

Premier Stalin asked the three envoys during the course of the conference what other subjects the Western Powers would be willing to discuss. They replied—and this may be the most important subject of the entire Kremlin conference—that they belived the time was propitious to discuss a settlement of the entire European problem.

Stalin was rather noncommittal about this, but seemed at least sufficiently interested to ask what specific points should be on the agenda for such a conference.

The ambassadors left the Kremlin with the understanding that the Russians might agree to lift the blockade if the Western Powers submitted an agenda for later discussion which met with the approval of all sides. At present, the Western Powers are working to draw up such an agenda.

Communists Deny Browder's Appeal

NEW YORK, Aug. 5 (AP)—Earl R. Browder, former general secretary of the Communist Party, today lost an appeal to the Communist national convention for reinstatement into the party.

The rejection by the 250 members attending the 14th national convention was unanimous, a spokesman said. The sessions are closed.

Browder, top wartime American Communist leader, was ousted as a party member two years ago after he was accused of favoring a policy of co-operation with capitalism.

The spokesman said the rejection was recommended by the convention's presiding committee on the theory that Browder sought to rejoin the party to build up his own faction from the inside.

In recommending denial of the application, the committee said Browder had continued his anti-Marxist views in his writings and other activities since 1946, and that he had failed to acknowledge his errors.

Browder was not available for comment on the rejection.

Earlier, Eugene Dennis, the party's present general secretary, said in a statement President Truman's denunciation of the current spy investigations as a "red herring" indicates the President "has been hoist by his own petard."

Bishop Heron told police he found the gunman in his kitchen when he returned home from a trip to Boston.

The Bishop reported the man held him at gunpoint, took his wallet containing "a good sum of money," then told how he had killed Zayka and dragged the body to the basement.

After asserting that "one or two more dead ones do not matter," the gunman fired at the Bishop, ran from the house and escaped in the automobile, the clergyman said.

Bishop Heron said he followed blood stains down the cellar stairs and found the axed body of Zayka. There were severe wounds in the abdomen, chest and head.

Break In Water Main Cuts Frederick Supply

FREDERICK, Md., Aug. 5 (AP)—Water flowed out of many Frederick water taps in only a trickle during the day after an 18-inch water main burst.

The rupture was on the main bringing in the supply from Linganore reservoir and its pumping station about three miles east of Frederick. The water pressure dropped to 15 pounds.

It got back up to 70 pounds early today when engineers closed a valve on the line and stopped the drain on the other main which brings water in by gravity from the mountain reservoir at Fishing Creek.

But as soon as manufacturing plants and business houses opened for business the pressure went down again. Most of the downtown and residential sections had some water, but outlying neighborhoods on higher ground had little or none. There wasn't any at the state police barracks.

Young Woman Is Raped And Beaten By Negro

CLEARWATER, Fla., Aug. 5 (AP)—A socially-prominent young woman was raped and savagely beaten today by a negro in the house she soon was to occupy as a bride.

Although no arrests have been made, police took precautions to avoid violence.

Police Chief J. J. Elliott reported that a negro nearly beat the young woman to death about 2:30 a. m. in a guest bungalow at the rear of her mother's home.

"I don't see how she could be hurt any more and not be killed," Elliott said.

The victim, engaged to be married in two weeks, was alone in the house at the time. Her mother did not know of the attack until the girl ran screaming from the bungalow. She was severely injured about the head and throat.

Hiroshima, Razed By Bomb 3 Years Ago, Urges Peace

HIROSHIMA, Japan, Friday, Aug. 6 (AP)—The 230,000 residents of this first atom-bombed city joined today in a plea for world peace and a prayer that atomic energy will be used "for the benefit of mankind."

At 8:15 a. m., the moment the bomb burst over Hiroshima three years ago, Mayor Shinzo Hamai led his people in renewing "solemn vows to contribute our bit to the peace of the world."

Hamai recalled the bombing in these words:

"The whole city was razed to the ground. There was nothing left but ruin and disaster. No one can give a full account of the awful sufferings and grevious miseries this single bomb brought to the living as well as the dying, while more than 100,000 innocent people lost their lives on that occasion. The fear and trembling we experienced are indeed quite beyond description."

Standing at the foot of the memorial peace tower and looking over his city, which has been partly rebuilt, he added, "Various wonderful inventions and improvements recently made on weapons of war—such as poison gases or atomic bombs—clearly show that all humanity might possibly be exterminated if belligerents should make free use of these deadly weapons.

"If the same amount and effort spent on improving weapons were devoted to promoting and preserving peace, realization of the dream of world-wide peace would not be impossible at all."

Hamai earlier had written to mayors of various cities throughout the world, asking for information on city planning and declaring his people "harbor animosity towards no one; war is our one and only enemy."

Lower Eastern Shore Flood Threat Eases

SALISBURY, Md., Aug. 5—(AP)—The rains stopped, the sun came out today, and the flood threat eased just perceptibly on Maryland's Lower Eastern Shore.

Water backed up by more than five days of persistent rains still threatened to wash out half a dozen mill ponds which do double duty as the underbeds for many roads in Maryland's three lower shore counties.

But Shumaker Dam continued to hold back the torrent which threatened to come down the Wicomico River and sweep into the main business section.

Clarke Gardner, city engineer, said he believes the danger has passed. City workmen and volunteers worked most of the day yesterday and part of last night to shore the dam with sandbags.

The sun finally broke through after Salisbury had recorded 10.64 inches of rain since late Saturday afternoon. It continued to rain hard until mid-morning.

Devil Doubter Sticks To His Guns On Eve Of Unusual Radio Debate

ANNAPOLIS, Md., Aug. 5 (AP)—Alexander W. Andrews, the one-time Sunday school teacher from nearby Shadyside, stuck to his devil doubting guns today.

Andrews, 64, insists the devil and hell are myths.

Four Protestant ministers who say they are real will argue the point with him in a broadcast over a local station (WASL) tomorrow at 7 p. m. (EDT).

One of the ministerial array announced today that after the debate he will offer a creed for all participants to sign "in the interest of harmony and the truth."

"We believe that hell and the devil are realities," the creed says, "but they are both doomed to complete extinction after the final day of judgment."

Would Andrews agree?

"I couldn't sign it, naturally," he said. "That would reverse me."

The creed was proposed by Rev. James L. Smiley, elderly vicar of St. Anne's Episcopal Church here.

He will ally himself in the debate with Rev. Robert Smoot, pastor of North Avenue Presbyterian Church, Baltimore; Evangelist Ben H. Atkinson, Church of Christ, Sunbury, Pa., and Jerry H. Simpson, Jr. theological student of Bethlehem, Pa.

Andrews conceived the idea a month ago. In a newspaper advertisement he challenged any three Protestant ministers to prove a devil and hell really exist.

The clergymen could have 50 minutes. He asked for only 10 to argue the negative.

Andrews disclosed today he had shaved his time to 9½ minutes in a prepared script.

Israel Makes Bid For Peace Talks With Arab States

Civil War Order Given Reds In '39, Budenz Says

HONOLULU, Aug. 5. (AP)—American Communist Party leaders were ordered to prepare for civil war in the United States in September of 1939 if the United States entered the war as Britain's ally, Louis Budenz testified today.

The former editor of the New York Communist Daily Worker said the order came from Eugene Dennis, now general secretary of the Communist Party in the United States, at a time when Germany and Russia were allies.

Budenz was the first witness in the Hawaii School Board hearing on the suspension of two teachers accused of being members of the Communist Party.

San Francisco Women Launch Price Battle

SAN FRANCISCO, Aug. 5. (AP)—San Francisco housewives today projected a two-front battle against the soaring cost of meat and other foods.

Mrs. Peter Kavanaugh launched the first step in a telephone campaign to urge friends to boycott butchers. She was soon joined by other members of the San Francisco Council of Women Shoppers.

A second weapon used by the council is the circulation of two sets of petitions addressed to President Truman and members of Congress. One set is for the adults, the other for children, the council spokesmen said, explaining that children are regarded as the first victims of high food prices. The children must have permission of their parents to sign.

Meeting To Settle

above but added the following point:

That Russia not only recognize the right of the Western Powers to stay in Berlin, but that the Western Powers be given the means of exercising this right.

The French Ambassador then made the point that if the interruption of the railroad to Berlin was because of Russian technical difficulties, the West would be glad to help, but if the interruption was due to political difficulties, then this matter should be thrown open to discussion immediately.

European Settlement

Premier Stalin asked the three envoys during the course of the conference what other subjects the Western Powers would be willing to discuss. They replied—and this may be the most important subject of the entire Kremlin conference—that they belived the time was propitious to discuss a settlement of the entire European problem.

Stalin was rather noncommittal about this, but seemed at least sufficiently interested to ask what specific points should be on the agenda for such a conference.

The ambassadors left the Kremlin with the understanding that the Russians might agree to lift the blockade if the Western Powers submitted an agenda for later discussion which met with the approval of all sides. At present, the Western Powers are working to draw up such an agenda.

Communists Deny Browder's Appeal

NEW YORK, Aug. 5 (AP)—Earl R. Browder, former general secretary of the Communist Party, today lost an appeal to the Communist national convention for reinstatement into the party.

The rejection by the 250 members attending the 14th national convention was unanimous, a spokesman said. The sessions are closed.

Browder, top wartime American Communist leader, was ousted as a party member two years ago after he was accused of favoring a policy of co-operation with capitalism.

The spokesman said the rejection was recommended by the convention's presiding committee on the theory that Browder sought to rejoin the party to build up his own faction from the inside.

In recommending denial of the application, the committee said Browder had continued his anti-Marxist views in his writings and other activities since 1946, and that he had failed to acknowledge his errors.

Browder was not available for comment on the rejection.

Earlier, Eugene Dennis, the party's present general secretary, said in a statement President Truman's denunciation of the current spy investigations as a "red herring" indicates the President "has been hoist by his own petard."

tion were found in the auto when Pike was taken into custody. He was held on an open charge pending arrival in Providence of Massachusetts officers.

Bishop Heron told police he found the gunman in his kitchen when he returned home from a trip to Boston.

The Bishop reported the man held him at gunpoint, took his wallet containing "a good sum of money," then told how he had killed Zayka and dragged the body to the basement.

After asserting that "one or two more dead ones do not matter," the gunman fired at the Bishop, ran from the house and escaped in the automobile, the clergyman said.

Bishop Heron said he followed blood stains down the cellar stairs and found the axed body of Zayka. There were severe wounds in the abdomen, chest and head.

J. H. Butts, Miami, who was attending a barbecue in the vicinity, said the small plane shot up into the larger craft.

Butts, an airplane enthusiast, was watching the two planes and said both were going south toward Miami.

during the day. After these talks informed sources said the western envoys had been standing by up to midnight and there were strong indications there might be a second meeting with the Soviet leader.

This afternoon, Frank Roberts, the special British envoy, and French Ambassador Yves Chataigneau conferred with United States Ambassador Walter Bedell Smith in the latter's office. The meeting followed an earlier series of three power conferences today and last night.

Break In Water Main Cuts Frederick Supply

FREDERICK, Md., Aug. 5 (AP)—Water flowed out of many Frederick water taps in only a trickle during the day after an 18-inch water main burst.

The rupture was on the main bringing in the supply from Linganore reservoir and its pumping station about three miles east of Frederick. The water pressure dropped to 15 pounds.

It got back up to 70 pounds early today when engineers closed a valve on the line and stopped the drain on the other main which brings water in by gravity from the mountain reservoir at Fishing Creek.

But as soon as manufacturing plants and business houses opened for business the pressure went down again. Most of the downtown and residential sections had some water, but outlying neighborhoods on higher ground had little or none. There wasn't any at the state police barracks.

Young Woman Is Raped And Beaten By Negro

CLEARWATER, Fla., Aug. 5 (AP)—A socially-prominent young woman was raped and savagely beaten today by a negro in the house she soon was to occupy as a bride.

Although no arrests have been made, police took precautions to avoid violence.

Police Chief J. J. Elliott reported that a negro nearly beat the young woman to death about 2:30 a. m. in a guest bungalow at the rear of her mother's home.

"I don't see how she could be hurt any more and not be killed," Elliott said.

The victim, engaged to be married in two weeks, was alone in the house at the time. Her mother did not know of the attack until the girl ran screaming from the bungalow. She was severely injured about the head and throat.

Hiroshima, Razed By Bomb 3 Years Ago, Urges Peace

HIROSHIMA, Japan, Friday, Aug. 6 (AP)—The 230,000 residents of this first atom-bombed city joined today in a plea for world peace and a prayer that atomic energy will be used "for the benefit of mankind."

At 8:15 a. m., the moment the bomb burst over Hiroshima three years ago, Mayor Shinzo Hamai led his people in renewing "solemn vows to contribute our bit to the peace of the world."

Hamai recalled the bombing in these words:

"The whole city was razed to the ground. There was nothing left but ruin and disaster. No one can give a full account of the awful sufferings and grevious miseries this single bomb brought to the living as well as the dying, while more than 100,000 innocent people lost their lives on that occasion. The fear and trembling we experienced are indeed quite beyond description."

Standing at the foot of the memorial peace tower and looking over his city, which has been partly rebuilt, he added, "Various wonderful inventions and improvements recently made on weapons of war—such as poison gases or atomic bombs—clearly show that all humanity might posibly be exterminated if belligerents should make free use of these deadly weapons.

"If the same amount and effort spent on improving weapons were devoted to promoting and preserving peace, realization of the dream of world-wide peace would not be impossible at all."

Hamai earlier had written to mayors of various cities throughout the world, asking for information on city planning and declaring his people "harbor animosity towards no one; war is our one and only enemy."

Truman Labels

(Continued from Page 1)

He concentrated on Congress at today's news conference:

"It now appears that the 80th Congress is determined to take no effective action on the proposals which I have submitetd to curb high prices and to protect the average American citizen against the certain prospect of increased living costs," he said in a prepared statement.

"I have been informed that the Republican leadership has decided that the Congress will not be allowed to consider really effective measures to stop high prices."

Lower Eastern Shore Flood Threat Eases

SALISBURY, Md., Aug. 5—(AP)—The rains stopped, the sun came out today, and the flood threat eased just perceptibly on Maryland's Lower Eastern Shore.

Water backed up by more than five days of persistent rains still threatened to wash out half a dozen mill ponds which do double duty as the underbeds for many roads in Maryland's three lower shore counties.

But Shumaker Dam continued to hold back the torrent which threatened to come down the Wicomico River and sweep into the main business section.

Clarke Gardner, city engineer, said he believes the danger has passed. City workmen and volunteers worked most of the day yesterday and part of last night to shore the dam with sandbags.

The sun finally broke through after Salisbury had recorded 10.64 inches of rain since late Saturday afternoon. It continued to rain hard until mid-morning.

Devil Doubter Sticks To His Guns On Eve Of Unusual Radio Debate

ANNAPOLIS, Md., Aug. 5 (AP)—Alexander W. Andrews, the one-time Sunday school teacher from nearby Shadyside, stuck to his devil doubting guns today.

Andrews, 64, insists the devil and hell are myths.

Four Protestant ministers who say they are real will argue the point with him in a broadcast over a local station (WASL) tomorrow at 7 p. m. (EDT).

One of the ministerial array announced today that after the debate he will offer a creed for all participants to sign "in the interest of harmony and the truth."

"We believe that hell and the devil are realities," the creed says, "but they are both doomed to complete extinction after the final day of judgment."

Would Andrews agree?

"I couldn't sign it, naturally," he said. "That would reverse me."

The creed was proposed by Rev. James L. Smiley, elderly vicar of St. Anne's Episcopal Church here.

He will ally himself in the debate with Rev. Robert Smoot, pastor of North Avenue Presbyterian Church, Baltimore; Evangelist Ben H. Atkinson, Church of Christ, Sunbury, Pa., and Jerry H. Simpson, Jr. theological student of Bethlehem, Pa.

Andrews conceived the idea a month ago. In a newspaper advertisement he challenged any three Protestant ministers to prove a devil and hell really exist.

The clergymen could have 50 minutes. He asked for only 10 to argue the negative.

Andrews disclosed today he had shaved his time to 9½ minutes in a prepared script.

PITCHING HORSESHOES by Billy Rose

When May marries December, it's usually safe to predict cool and cloudy weather. However, I know of one case where—but perhaps I'd better give it to you in sequence.

Billy Rose

Last summer when Eleanor was in the country, I ate most of my dinner in a Viennese restaurant off Lexington Avenue. In addition to fine schnitzel, this place sports a small dance floor and a couple of weepy fiddles.

Almost every time I went there, I saw an old man dining with a young girl. He wore thick specs and a hearing aid, and looked at least 30 years her senior.

Being as nosey as the next noseybody, I made inquiry of the headwaiter. "Tell me about Foxy Grandpa and his girl friend," I said.

"It isn't what you think," Walter informed me. "They're married."

"It doesn't figure to last," I wiseguyed. "By the time she's 30, he'll be ready for the rocker."

Walter sniffed as only a Viennese headwaiter can.

•—•—•

When I dropped in the following month, I saw the girl dining with a boy her own age. Between courses they danced, and there was much whispering, laughing and cheek-to-cheeking. The old gent with the hearing machine was nowhere in sight.

"Ah ha," I said to the headwaiter. "Please, Mr. Rose," said Walter, "no ah has. Her husband is in Europe on business and she's dining with a fellow who works in his office. Where's the harm?"

"It's my guess," I said, "that Rover Boy isn't going to like it when he hears about her young friend with the football shoulders."

Last night, in a mood for fiddles, I dined at the Viennese restaurant again.

"What happened to the May-December combination?" I asked the headwaiter. "Did it split up?"

"I believe that was your prediction," said Walter stiffly.

"Let's have the details," I said. "I promise not to gloat."

"I don't think you'll care for the story," said the headwaiter. "When the husband got back in November, he brought his wife here the first night to celebrate. I served them myself, and seldom have I seen two people so happy, especially the man. But when I brought the champagne, I noticed there was something wrong. The wife had stopped talking and the husband was fumbling with his hearing device.

"As I poured the wine, I heard some customers gabbing in the next booth. They were people much like yourself, sir — quick to draw bad conclusions. They were gossiping about the wife and the young fellow she had been seeing while her husband was away.

"I noticed the girl hadn't touched her dinner, and asked if anything was wrong. She said no, the food was fine, but she wasn't eating because of a headache.

"When her husband heard this, he said, 'Why didn't you tell me you had a headache? I would have been glad to take you home.'

"'I didn't suggest it,' said the girl, 'because I thought you wanted to stay and hear what was being said in the next booth.'"

"Good for her," I said to Walter. "At least she had spunk."

•—•—•

"When the husband paid the check," the headwaiter went on, "he took the tiny battery out of his hearing machine and dropped it on the table. 'The battery went dead shortly after we came in,' I heard him tell her. 'I was about to suggest going home myself, but I didn't want to spoil our celebration. As you know, I hate to read lips, even when they're as pretty as yours, my darling.'"

"What a lucky break for the wife," I said. "But next time. . ."

"There'll be no next time,' said the headwaiter. "This marriage is for keeps."

"What makes you so positive?" I asked.

"I've known the husband for a long time," said Walter. "He's a wise and kind man. When the couple left, I took the battery he had dropped on the table and slipped it in my pocket. In the kitchen later, I tested it with a flashlight bulb. It worked perfectly."

Celanese Talks To Resume Here Monday Morning

Viscose Workers Win Wage Increase

Contract negotiations between Local 1874, Textile Workers Union of America, CIO, and the Celanese Corporation of America will resume here Monday morning, it was announced yesterday.

James A. Dundon, TWUA representative who is leading the contract talks here for the union, said he had been advised yesterday by James A. Holden, federal conciliator, that discussions would be resumed Monday morning.

The announcement from TWUA headquarters that 18,000 employes of the American Viscose Corporation of America will receive an average 16 cents an hour increase served, apparently, as the basis for the resumption of contract talks here.

Several weeks ago, Holden announced he would call another meeting here whenever either side made a move or if a break elsewhere in the rayon industry provided a basis for the resumption of wage and contract talks here.

The TWUA opened wage talks here for a 25 cent hourly increase for the some 8,000 hourly rated employes of the Amcelle plant. The demand was later reduced to 18½ cents and finally to 18 cents. The company has made no counter offer.

Learn Of Pact

Local 1874 members were informed of the tentative Viscose pact at membership meetings held Wednesday night and yesterday morning.

The announcement on the Viscose agreement came from the union's New York headquarters. The union said the pay increases would go to workers in plants at Marcus Hook, Lewistown and Meadville, Pa., Parkersburg and Nitro, W. Va., and Front Royal and Roanoke, Va.

A TWUA statement said the new contract was approved by union delegates from each plant. It now will go to locals at the seven plants for ratification.

The pay boosts, which will amount to more than $5,500,000 annually, will be retroactive to June 27, the union said. Average increases will be 16 cents and will reach 17 cents an hour on key jobs.

The contract would extend until November 30, 1949, with a provision for reopening wage talks in June, 1949. The old contract is to expire August 8.

The union said the pay raises would bring average hourly wages to $1.45.

No Celanese Comment

Edward R. Allan, company personnel superintendent, said he had no comment on the Viscose settlement other than to say he understands it calls for 15 cents "across the board." He added that Celanese wages were increased in excess of four cents an hour last year, whereas there were no increases at Viscose or Industrial Rayon.

In a statement Wednesday Allan deplored the inference he claimed was in a story that the TWUA was planning for strikes at various plants.

Playford Aldridge, union president, yesterday answered Allan by saying "Local 1874 believes that Mr. Allan's statement is an effort to lay down a smoke screen."

"First, I made no statement for publication in yesterday's Evening Times other than saying I had 'No comment' on the business to come before last night's and this morning's membership meetings of our local," Aldridge said. "We intend to completely disregard Mr. Allan's wishes for us to advise our membership in advance of the nature of the business to come before them. We wonder what his reaction would be if we proposed that Celanese Corporation make advance press announcements of the business to come before their staff meetings? The public is not advised before or after of company business.

"Second, having stated I had 'No comment' on the business of Local 1874 membership meetings, before they were held, it ill becomes Mr. Allan to make and publish his personal 'inference' that strike action was the unannounced business.

Take Minds Off Election

"The urgent business of the union security election, the direct collection of union dues since the company will no longer honor the check-off cards, and the question of the wage increase at Celanese were the matters discussed at last night's and today's meetings.

"Third, the smoke screen technique, in our opinion, is designed to take the minds of Celanese workers away from these vital questions. What reference has Mr. Allan to make on the wage offer made yesterday by the American Viscose Corporation? That is the important matter in the minds of Celanese workers who know that after weeks and weeks of negotiations the company has refused to make any wage increase offer of any nature?

"Fourth, the reference to the status of the contract is very incomplete. Will the company announce that the union security provisions and the check-off provisions of the contract are still in effect? If so why is the union security election being held this week and why are no further dues being checked off?

"All the points we raise can be answered directly, not by inferences drawn from silence."

Overseas Death Claims Refused After August 9

No application for lump sum death benefits under the Social Security Act for death outside the United States between December 6, 1941, and August 10, 1946, will be accepted after August 9, 1948, William W. Wood, manager of the Cumberland office of the Social Security Board, has announced.

Congress extended the legal limit two years by amending the Social Security Act in August 1946, Wood added. However, this extra time, granted for the benefit of those servicemen or civilians dying outside the United States during or immediately following World War II, expires August 9, 1948.

Wood asks the survivors of persons dying under these circumstances to apply at the office, 309 Postoffice Building, Cumberland.

Blue Ridge Drivers Win Wage Increase

A new contract providing a substantial wage increase and changes in rules and operating conditions has been reached between the Blue Ridge Bus Lines and the Amalgamated Association of Street, Electric Railway and Motor Coach Employes of America, Division 1335, AFL, according to a joint statement released yesterday.

The contract covering some 162 employes of the firm, extends from August 1, 1948, to July 31, 1949.

Wetzel Jailed In Attack On Wife

Brozie Wetzel, Potomac Park, was sentenced to 30 days in County Jail yesterday in Trial Magistrates Court on an assault charge, after Magistrate Oliver H. Bruce, Jr., found him guilty of attacking his wife, Mrs. Bertha Wetzel, during an argument Tuesday.

Richard Judy, 21, Cresaptown, was convicted on an assault count preferred by Edison H. Lewis, 33, 17 Redwood Street, Cresaptown, a Kelly-Springfield Tire Company worker, and was fined $25 and costs.

In Police Court, a man booked as Myirl Rummer, Wiley Ford, W. Va., paid a $3 fine on a charge of disorderly conduct preferred by Officers H. E. Crawford and J. F. Daum.

Donald Shanholtz, Wiley Ford, and Joseph R. Johnson, 212 Charles Street, were fined $10 each for fighting on the B. and O. tracks near Bedford Street yesterday. The former was charged with drunk and disorderly conduct while Johnson was accused of being disorderly. Sgt. Frank A. Shober made the arrests.

Elvin Leasure, 222 Willowbrook Road, was fined $5 on drunk and disorderly conduct charges preferred as the result of an altercation with another man on Baltimore Avenue yesterday morning. He appeared in court with a bandaged eye and said five stitches were used at a hospital to close the wound.

Leasure identified his attacker as Robert Willison, this city, and said he was struck with a chair. A warrant for the other man, who fled to nearby woods, was issued.

Southern Co-op Will Meet At Oldtown Aug. 17

Election And Reports To Feature Program

Presentation of the annual report of Southern Cooperative, and election of new members to the local Southern States Advisory Board and Farm Home Advisory Committee will be among the highlights of the Southern States annual membership meeting at 7 p. m. Tuesday, August 17, at the high school auditorium, Oldtown.

A business session and entertainment will be features of the session, according to Noah Carder, Oldtown, Advisory Board chairman, who will preside. Approximately 225 Southern States members and other farmers and their families are expected to attend.

Nominees for vacancies that will occur this year on the Advisory Board are Albert Kinser, W. C. Crabtree, Robert Apple, and William Iser, Oldtown. Nominees for posts on the farm Home Advisory Committee include Mrs. Robert Apple, Mrs. Leo Leasure, Mrs. Sherman Athey, and Mrs. Lawson Nixon, Oldtown. Other nominations may be made from the floor.

The Southern States Cooperative annual report will be presented in the form of a brief film slide series by C. A. Williams, Southern States district manager for this area. He will also represent Lewis Grocery, Oldtown, local Cooperative service agency, and will report on services rendered locally.

A sound motion picture, "First in the Hearts of Farmers," will be shown, and prizes will be awarded winners of several contests.

Rev. T. E. Richardson, Oldtown, will give the invocation. Group singing will be led by Mrs. Hazell Chambers, Cumberland, accompanied by Miss Ester Shyrock, Oldtown. Entertainment will be furnished by the Zimmerman Music Makers.

Chairmen of several committees assisting in staging the meeting are: receiving, Roy Shyrock, Oldtown; ushering, John Carder, Oldtown; refreshments, Mrs. Evelyn Hall Twigg, Oldtown.

An organization meeting of Advisory Board and Farm Home Committee members will take place following the regular session. Retiring members of the two groups are Ira Lewis, Leslie Crabtree, Mrs. Bertha Miller, and Mrs. Lawrence Zimmerman, Oldtown.

GIRL SCOUTS SERENADE — Arriving in New York to attend the World Conference of Girl Guides and Girl Scouts at Cooperstown, N. S. Girl Scout, standing at extreme left.

Leslie Robbed Of $1,500 In Tavern

Dewey Leslie, 109 North Cedar Street, reported to City Police Wednesday night that $1,500 was taken from his wallet in the Mayflower Tavern, Front Street, between 9:30 and 10 p. m.

Leslie did not explain why he was carrying a large amount of money.

It Says Here

By BOB HOPE

Sometime ago I read an amazing newspaper story about a woman Rip Van Winkle in a small town who had just wakened up after sleeping for twelve years.

This might sound like an easy feat, but it wasn't. . .I hear it took her two years to fall asleep.

Of course, she didn't mean to doze that long. . .she just forgot to set her calendar.

When she got out of bed, she saw her kids smoking cigars and put them over her knee to spank them before she found out they were 28.

When she saw the newspapers filled with headlines about Dewey, Stassen and Taft, her first question was, "How's Garner doing?"

She knew something had happened, though, when she went out to milk the cow and the bovine looked up at her and said, "Hello, stranger."

Naturally, the woman was amazed at the changes around her, but sleeping twelve years didn't affect her wardrobe. . .All her dresses were back in style.

An astonishing thing happened that very afternoon, though. . .her husband celebrated the great awakening by taking her to see my latest picture. . .and she went right back to sleep.

Farm Mortgages May Be Insured By Farmers Home Administration

Allocation of farm mortgage insurance authorization to the states and territories, and distribution of the $15,000,000 fund for direct farm ownership loans under the Farmers Home Administration program were announced yesterday by the Department of Agriculture.

Under the law, the Farmers Home Administration may insure farm ownership loans advanced by private lenders, up to $804,729 in West Virginia during the 1948-49 fiscal year. West Virginia has been allotted $107,123 for direct loans.

Both types of loans are made to tenants, sharecroppers, farm laborers and qualified veterans who have no other way of obtaining needed credit. Veterans have preference. Funds may be used to buy family-type farms, or to enlarge or improve inadequate units.

Every loan is based on a careful appraisal of the land, and no loan can be made if the borrower's total investment will be more than the reasonable value of the farm based on its long-time earning capacity. The farm cannot have a value greater than the average value of all efficient family-type farms in the particular county. All loans are accompanied by supervision in improved farming methods.

Both insured and direct loans are for 40-year periods, but private lenders who extend credit to eligible farmers under the insured mortgage plan may assign the mortgages to the government at the end of seven years and receive full payment. The borrower pays four per cent interest for either type of loan; on an insured loan three per cent goes to the lender and one per cent to the government.

All applications and loan approvals are handled through the Farmers Home Administration county offices. Paul A. Holden is county supervisor for Hampshire, Mineral and Morgan counties in West Virginia, with office located at Romney, W. Va. He can be seen at the County Agent's office in Keyser on Tuesday mornings.

Leslie Robbed Of $1,500 In Tavern

Dewey Leslie, 109 North Cedar Street, reported to City Police Wednesday night that $1,500 was taken from his wallet in the Mayflower Tavern, Front Street, between 9:30 and 10 p. m.

Leslie did not explain why he was carrying a large amount of money.

It Says Here

By BOB HOPE

Sometime ago I read an amazing newspaper story about a woman Rip Van Winkle in a small town who had just wakened up after sleeping for twelve years.

This might sound like an easy feat, but it wasn't. . .I hear it took her two years to fall asleep.

Of course, she didn't mean to doze that long. . .she just forgot to set her calendar.

When she got out of bed, she saw her kids smoking cigars and put them over her knee to spank them before she found out they were 28.

When she saw the newspapers filled with headlines about Dewey, Stassen and Taft, her first question was, "How's Garner doing?"

She knew something had happened, though, when she went out to milk the cow and the bovine looked up at her and said, "Hello, stranger."

Naturally, the woman was amazed at the changes around her, but sleeping twelve years didn't affect her wardrobe. . .All her dresses were back in style.

An astonishing thing happened that very afternoon, though. . .her husband celebrated the great awakening by taking her to see my latest picture. . .and she went right back to sleep.

Farm Mortgages May Be Insured By Farmers Home Administration

Allocation of farm mortgage insurance authorization to the states and territories, and distribution of the $15,000,000 fund for direct farm ownership loans under the Farmers Home Administration program were announced yesterday by the Department of Agriculture.

Under the law, the Farmers Home Administration may insure farm ownership loans advanced by private lenders, up to $804,729 in West Virginia during the 1948-49 fiscal year. West Virginia has been allotted $107,123 for direct loans.

Both types of loans are made to tenants, sharecroppers, farm laborers and qualified veterans who have no other way of obtaining needed credit. Veterans have preference. Funds may be used to buy family-type farms, or to enlarge or improve inadequate units.

Every loan is based on a careful appraisal of the land, and no loan can be made if the borrower's total investment will be more than the reasonable value of the farm based on its long-time earning capacity. The farm cannot have a value greater than the average value of all efficient family-type farms in the particular county. All loans are accompanied by supervision in improved farming methods.

Both insured and direct loans are for 40-year periods, but private lenders who extend credit to eligible farmers under the insured mortgage plan may assign the mortgages to the government at the end of seven years and receive full payment. The borrower pays four per cent interest for either type of loan; on an insured loan three per cent goes to the lender and one per cent to the government.

All applications and loan approvals are handled through the Farmers Home Administration county offices. Paul A. Holden is county supervisor for Hampshire, Mineral and Morgan counties in West Virginia, with office located at Romney, W. Va. He can be seen at the County Agent's office in Keyser on Tuesday mornings.

Keep Meals In The "Lime Light"

Big, Juicy Limes From Florida In Market Now

Not "meet me in the moonlight" but meet me in the lime light" is a cut to keeping meals cool in the hot, old summertime. We can't claim that delicate fresh limes will do for you what a cool shower does before dinner, but we can claim that the lime will delightfully echo that coolness in the meal.

Limes have everything to make them welcome in warm weather. The peel is as green as a fringe of forest round a mountain lake—the interior green is a paler pastel of the peel—the juice is deeply refreshing—the fragrance tantalizingly cool like the sound of ice cubes tinkling in an 'ade. And why not a limeade to bring its fragrant freshness to your summer afternoons and evenings?

Link Limes To Meals For New Flavor Fun

If you've never had limes except in an 'ade, what treats you have in store this summer! Do you know the ways of a wedge of lime served with melon? Squeeze the scented juice over the melon—see what new things happen to the flavor! Have you ever served fish Florida style, with a dainty slice of lime butter sauce? It'll be your summer Friday treat once you try it!

Summer pie is lime pie, delicate to the taste, fragrant to the nose, a dream of a dessert to smooth out the wrinkles in a heat fatigued forehead. Use limes as you would lemons—everywhere!

Spiced Limeade

6 Florida limes
½ cup sugar
1 cup water
1 3-inch piece stick cinnamon
1 teasp. whole cloves
Ice cubes
Sparkling water
1 Florida lime, sliced

Cut 6 limes in half; juice. Combine in sauce pan sugar, water, stick cinnamon and whole cloves. Place over low heat; stir until sugar is dissolved; simmer 10 minutes. Remove from heat; add lime juice. Fill 6 tall glasses with ice cubes; divide spiced lime mixture between the glasses. Fill glasses with sparkling water. Garnish each glass with slice of lime. Yield: 6 servings.

Florida Lime Pie

1 envelope unflavored gelatine
¼ cup cold water
4 eggs, separated
2 teasps. grated Florida lime rind
½ cup Florida lime juice
1 cup sugar
¼ teasp. salt
½ cup heavy cream, whipped
1 9-inch baked pastry or cookie shell.

Soften gelatine in cold water. Combine slightly beaten egg yolks with lime rind and juice, ½ cup of the sugar and salt; cook in top of double boiler about 10 minutes or until mixture thickens, stirring constantly. Add gelatine and stir until dissolved. If desired, tint pale green with food coloring. Allow mixture to cool until firm. Beat egg whites stiff, but not dry; add remaining ½ cup sugar slowly, beating after each addition. Fold in gelatine, beaten egg whites and whipped cream. Turn into pastry shell and chill until firm. Yield: 1 9-inch pie.

Florida Chef's Salad With Lime Dressing

1 No. 2 can Florida grapefruit sections
1 medium head lettuce or mixed salad greens
1 cup slivered tongue, bologna, or ham
½ cup Lime French Dressing*

Drain grapefruit sections; reserve syrup to use in lime dressing. Wash and dry thoroughly, lettuce or salad greens; tear into small pieces into wooden salad bowl. Add grapefruit sections and slivered meat. Pou over about ½ cup of lime dressing and toss lightly. Yield: 6 servings.

***Lime French Dressing**

1 teasp. salt
1 teasp. paprika
½ teasp. mustard
½ cup salad oil
½ cup Florida grapefruit fruit Syrup (drained from grapefruit sections)
½ cup Florida lime juice
¼ teasp. onion juice.

Mix dry ingredients in small bowl. Add oil and beat with rotary beater. Add grapefruit syrup, lime juice and onion juice; beat until well blended. Yield: 1 cup.

NOTE: Store in refrigerator in covered jar; shake before using. This dressing is also excellent for thinning mayonnaise for salads.

Use Bacon Drippings

If your family is fond of bacon, don't waste a bit of it! Bacon is good from the crispy slices right down to the drippings which remain after frying or broiling. Bacon fat will stay sweet and fresh if stored in the refrigerator. A small porcelain enameled refrigerator dish is convenient for storing the drippings. It's easy to pour the fat into the dish and it has a snug cover which prevents the fat from absorbing refrigerator odors. The drippings can be remelted in the porcelain enameled pan, too.

Bacon drippings can be used for many, many cooking purposes. Use them as the shortening in cookies and spice cakes, as the fat in muffins, waffles and pancakes and for frying foods in the skillet. The bacon drippings serve not only as the shortening.

Guide To Fluffy Fruit Sponges, Snow

It "snows" in summer when delightful fruit snows made with unflavored gelatine are the dish you have for dessert. Some call them snows, these desserts so dainty of appearance, so springy to the touch, so exquisite in flavor, some call them sponges. Either term is acceptable and the results are definitely so!

Sponges or snows are another variation of basic clear gelatine as described in the first key to gel-cookery. For this dessert, a basic clear gelatine is made and flavored to your taste, thanks to the unflavored gelatine used which allows you to choose favorite natural juices and fruit purees to suit your taste. This basic clear gelatine is then allowed to chill until the mixture is slightly thicker than unbeaten egg whites. As in the second key to gel-cookery (Gelatine Whips), this mixture is then beaten until light, but here a new step is added to make the difference between sponges and whips. After the gelatine mixture is whipped until light, it is added to beaten egg whites and beaten until the mixture begins to hold its shape. It is then turned into molds and chilled. The final dessert is a masterpiece of delicacy and tender texture, just right to suit a summer taste.

Cold Pack Tomatoes

As tomato canning season approaches, homemakers are asking whether they should use the cold pack or the hot pack method of preserving. Miss Margaret McPheeters, nutrition specialist at the University of Maryland, suggests that some homemakers may prefer the cold pack method because it produces a higher flavor, color, texture, and odor in the finished product. This has been demonstrated by tasting experiments conducted by the U. S. Bureau of Human Nutrition and Home Economics in which tomatoes canned by the cold and hot pack methods were compared.

Miss McPheeters explains that in the cold pack process, the raw tomatoes are packed in the jar without liquid. One teaspoonful of salt is added for each quart. Processing is for 45 minutes in the water bath canner. She emphasizes the longer processing time required under the cold pack method.

Big Blue Berries, More Flavorful Than Ever, Are Now In Season

True blue as Yankee Doodle, big blue berries are in season. Fresh and juice-laden from the "plantations" of New Jersey and Michigan where the giant cultivated blueberries grow, they are arriving in our markets nature-sweet and more full-flavored than ever.

Packed under sheds on the edge of the fields they are wrapped in cellophane right on the spot to keep them fresh and to protect that soft powdery bloom which makes them appealing to the eye as well as the taste.

Try them as is, or with cream and sugar. Put them in pies, cakes, puddings and muffins. Delicious with ice cream or folded into whipped cream and served in halves of chilled cantaloupe. And, for something "partified" but simple to make, try the Bavarian Cream Mold, recipe for which is given below:

BLUEBERRY BAVARIAN CREAM MOLD

1 envelope unflavored gelatine
¼ cup cold water
2 eggs, separated
½ cup sugar
¼ teaspoon salt
1 cup milk
½ teaspoon vanilla
1 cup cream, whipped
1 pint box cultivated blueberries

Soften gelatine in cold water. Beat the egg yolks with the sugar and salt. Add the milk and cook over hot water, stirring constantly, until of soft custard consistency. Stir in the gelatine and continue to stir until gelatine is dissolved. Remove from heat. Cook until mixture begins to stiffen. Beat the egg whites until stiff. Fold the egg whites, whipped cream and vanilla into mixture. Pour into mold which has been rinsed in cold water and chill until firm. Unmold and garnish with blueberries. Makes six servings.

Call me Fussy!

Until the law lets me have margarine colored in the churn it's made in,* I'll stick to

NUCOA'S "Bowl Mix"

It's the best way

1 *Because it protects the fine flavor and texture that make Nucoa our favorite margarine!*

You're right, lady! We tolerate no short-cuts on quality in the *making* of Nucoa, so why should you tolerate them in coloring Nucoa for your table? Nucoa is churned, chilled, made into pounds, and luxuriously triple-wrapped, so that it comes to you with the finest churn-fresh flavor, the smoothest churn-fresh texture *any* spread can have. It is not melted and poured into any trick coloring package, because we know you would not like the flavor and texture of delicious Nucoa impaired in this way.

2 *Because I find it as quick as any way—and so much more appetizing!*

Yes, lady! Just let Nucoa stand at room temperature until it is soft—not soupy, but soft enough for quick sandwich spreading. Then remove it from the package to a large bowl and with a large fork or spoon cream in the coloring shaken from the pure color wafer. It takes less than a minute and a half to mix the color in evenly—*and no other method is quicker than this; no other method so well protects the texture!*

3 *Because I get the best margarine this way—at less cost!*

Right again! If you buy margarine in a trick coloring package, you pay *extra* for the package. When you buy Nucoa, you buy its finer flavor, its year-round, churn-fresh goodness, its rich food energy and dependable Vitamin A. You get the margarine you're proudest to put on your table —*actually cheaper!* What could be better?

*Obtainable yellow (where not prohibited by state law) at higher cost, to cover high Federal taxes and license fees.

Beautiful Yet Thrifty Are Gelatine Desserts

Here are snows or sponges to make summer dessert doings a delight at your house. Important note: though these, one and all, look like luxury desserts, they are actually extremely thrifty! Count the cost of the ingredients and prove this fact to yourself.

Pineapple Sponge

1 envelope unflavored gelatine
½ cup cold water
¾ cup hot canned pineapple syrup
⅓ cup sugar
¼ teasp. salt
3 tbsps. lemon juice
1 cup drained canned crushed pineapple
2 egg whites

Soften gelatine in cold water. Add pineapple juice, sugar, and salt and stir until dissolved. Add lemon juice and pineapple. Chill until mixture is slightly thicker than consistency of unbeaten egg whites. Beat egg whites until stiff; add gelatine mixture. Place bowl in ice water; continue to beat until mixture begins to hold its shape. Turn into large or individual molds and chill until firm. Unmold and serve with custard sauce.* Yield: 6 servings.

Custard Sauce

2 egg yolks, beaten
1 egg
¼ cup sugar
⅛ teasp. salt
1½ cups milk, scalded
½ teasp. vanilla

Beat egg yolks and whole egg slightly; add sugar and salt. Stir in milk gradually. Cook mixture over hot water, stirring constantly until mixture thickens and coats the spoon. Remove at once from heat and set in pan of cold water. Add vanilla; chill. Yield: 6 servings.

Apricot Two-Tone Snow

1 envelope unflavored gelatine
½ cup cold canned apricot nectar
1 cup hot canned apricot nectar
6 tbsps. sugar
⅛ teasp. salt
¼ cup lemon juice
1 egg white

Soften gelatine in cold apricot nectar. Add hot apricot nectar, sugar and salt and stir until dissolved. Add lemon juice. Pour ½ of the mixture into a large mold; chill. Chill the remaining mixture until slightly thicker than the consistency of unbeaten egg whites. Whip until light. Beat egg white until stiff; add gelatine mixture. Place the bowl in ice water; continue to beat until mixture begins to hold its shape. Pour on top of stiffened gelatine and chill until firm. Unmold and serve with whipped cream or soft custard. Yield: 6 servings.

Citrus Swiss Steak

(New Flavor Version of an Old Favorite)

1½ lbs. round or chuck steak
2 tbsps. flour
1 teaspoon salt
⅛ teasp. pepper
2 tbsps. lard or bacon drippings
1 cup sliced onion
1 medium pepper, cut in rings
1½ cups fresh or canned Florida grapefruit juice

Wipe meat with damp cloth. Mix flour, salt and pepper. Pound flour mixture into steak with edge of heavy plate. Melt fat in heavy skillet or Dutch oven. Add onion and green pepper; cook until onion is tender; remove. Add meat and brown well on both sides. Add grapefruit juice, put onion and pepper on meat; cover and simmer until tender.

Ocean Offers Some Of "Best Buys"

Say "ocean" these summer days and most people near the seacoast think of vacation spots and surf bathing. But the ocean can do something for you regardless of where you vacation. It can provide some of our "best buys" for main dishes.

Fillets of ocean perch and haddock can be had in many markets for about 35 cents a pound. A pound will provide one-sixth of the daily protein requirement for a family of four. That's as much as a main dish need give us for we get the rest of our protein from milk, eggs, bread, a little from potatoes, and some from vegetables such as beans and peas.

For a hot day try fish steak or fillets au gratin, baked in creamy sauce, topped with chopped parsley as it goes to the table.

BAKED FISH AU GRATIN

1 lb. fish steak or fillets
1½ tablespoons fat
1 tablespoon flour
Salt and pepper
½ teaspoon dry mustard
½ cup milk
¼ cup crumbs
2 tablespoons grated cheese
½ tablespoon minced parsley

Cut fish in serving pieces; season. Place in greased shallow baking dish. Make a white sauce of 1 tablespoon fat, flour, milk and seasonings. Pour over fish. Sprinkle with crumbs mixed with grated cheese; dot with remaining half tablespoon of fat. Bake in a moderate oven (350°F.) 25-30 minutes. Sprinkle with parsley. Serves 4.

Spinach is always good with fish but you may find other greens, chicory for instance, at bargain prices. So let this part of your menu be flexible.

Baked Fish Au Gratin

CANNING TIPS: Maybe you've already been canning or freezing food from your garden. But if you're one of the cliff dwellers, living in an apartment in a huge building without a garden you may have thought food preservation was not for you. But it's a fact that you can help conserve plentiful foods if you do some canning of commercial vegetables or fruits. And you'll probably help to cut your food bills too.

Check your information. Is it up to date? If not, send for these booklets: "Home Canning of Fruits and Vegetables" and "Home Freezing of Fruits and Vegetables." They're free. Just ask the U. S. Department of Agriculture, Washington 25, D. C.

Beautiful Yet Thrifty Are Gelatine Desserts

Here are snows or sponges to make summer dessert doings a delight at your house. Important note: though these, one and all, look like luxury desserts, they are actually extremely thrifty! Count the cost of the ingredients and prove this fact to yourself.

Pineapple Sponge

1 envelope unflavored gelatine
½ cup cold water
¾ cup hot canned pineapple syrup
½ cup sugar
¼ teasp. salt
3 tbsps. lemon juice
1 cup drained canned crushed pineapple
2 egg whites

Soften gelatine in cold water. Add pineapple juice, sugar, and salt and stir until dissolved. Add lemon juice and pineapple. Chill until mixture is slightly thicker than consistency of unbeaten egg whites. Beat egg whites until stiff; add gelatine mixture. Place bowl in ice water; continue to beat until mixture begins to hold its shape. Turn into large or individual molds and chill until firm. Unmold and serve with custard sauce.* Yield: 6 servings.

Custard Sauce

2 egg yolks, beaten
1 egg
¼ cup sugar
⅛ teasp. salt
1½ cups milk, scalded
½ teasp. vanilla

Beat egg yolks and whole egg slightly; add sugar and salt. Stir in milk gradually. Cook mixture over hot water, stirring constantly until mixture thickens and coats the spoon. Remove at once from heat and set in pan of cold water. Add vanilla; chill. Yield: 6 servings.

Apricot Two-Tone Snow

1 envelope unflavored gelatine
½ cup cold canned apricot nectar
1 cup hot canned apricot nectar
6 tbsps. sugar
⅛ teasp. salt
¼ cup lemon juice
1 egg white

Soften gelatine in cold apricot nectar. Add hot apricot nectar, sugar and salt and stir until dissolved. Add lemon juice. Pour ½ of the mixture into a large mold; chill. Chill the remaining mixture until slightly thicker than the consistency of unbeaten egg whites. Whip until light. Beat egg white until stiff; add gelatine mixture. Place the bowl in ice water; continue to beat until mixture begins to hold its shape. Pour on top of stiffened gelatine and chill until firm. Unmold and serve with whipped cream or soft custard. Yield: 6 servings.

Citrus Swiss Steak

(New Flavor Version of an Old Favorite)

1½ lbs. round or chuck steak
2 tbsps. flour
1 teaspoon salt
⅛ teasp. pepper
2 tbsps. lard or bacon drippings
1 cup sliced onion
1 medium pepper, cut in rings
1½ cups fresh or canned Florida grapefruit juice

Wipe meat with damp cloth. Mix flour, salt and pepper. Pound flour mixture into steak with edge of heavy plate. Melt fat in heavy skillet or Dutch oven. Add onion and green pepper; cook until onion is tender; remove. Add meat and brown well on both sides. Add grapefruit juice, put onion and pepper on meat; cover and simmer until tender.

Ocean Offers Some Of "Best Buys"

Say "ocean" these summer days and most people near the seacoast think of vacation spots and surf bathing. But the ocean can do something for you regardless of where you vacation. It can provide some of our "best buys" for main dishes.

Fillets of ocean perch and haddock can be had in many markets for about 35 cents a pound. A pound will provide one-sixth of the daily protein requirement for a family of four. That's as much as a main dish need give us for we get the rest of our protein from milk, eggs, bread, a little from potatoes, and some from vegetables such as beans and peas.

For a hot day try fish steak or fillets au gratin, baked in creamy sauce, topped with chopped parsley as it goes to the table.

BAKED FISH AU GRATIN

1 lb. fish steak or fillets
1½ tablespoons fat
1 tablespoon flour
Salt and pepper
½ teaspoon dry mustard
½ cup milk
¼ cup crumbs
2 tablespoons grated cheese
½ tablespoon minced parsley

Cut fish in serving pieces; season. Place in greased shallow baking dish. Make a white sauce of 1 tablespoon fat, flour, milk and seasonings. Pour over fish. Sprinkle with crumbs mixed with grated cheese; dot with remaining half tablespoon of fat. Bake in a moderate oven (350°F.) 25-30 minutes. Sprinkle with parsley. Serves 4.

Spinach is always good with fish but you may find other greens, chicory for instance, at bargain prices. So let this part of your menu be flexible.

Here Are Some Suggestions For Money-Saving Food Plans

You can't have your cake and your money too. You can't spend two-fifths of your food budget for cookies to pacify the kiddies and expect to give the family the nutrients they deserve. It's planned shopping that counts both for budget's and health's sake.

A recent study of women's buying habits for weekend meals revealed that those who do not plan their meals ahead of time, who wander aimlessly through a store picking this and that at random, spend one-third of their money on candy, cookies and cakes.

Now the first thing a wise shopper has to plan for is to provide the basic seven foods — milk, meat, eggs, fruits, various kinds of vegetables and the like. Actually a piece of fruit instead of a piece of candy will eliminate from the family life a great deal of those "Suzie just won't eat her meals" complaints.

End-of-the-Week Meat Tips

—you will probably find pork cheaper than beef. One of the better pork buys is a small smoked picnic ham—price tags on these will probably be about 30 cents a pound less than the center-cut pork chops. Picnic ham is the pork shoulder. You can get them ranging from 4 to 7 pounds and, if you plan with extenders, a four pound shoulder can serve four persons four meals. And when you buy the ham, have it boned and rolled.

For the first meal cut off quarter inch slices — three-fourths of a pound—and cook according to the recipe given below. This is a good way to begin the game of getting four good meals out of your weekend meat buy.

Another meal — boil the picnic ham, stick it with cloves, sprinkle with brown sugar, bake and serve hot with raisin sauce. A third meal, for a hot day — cold ham slices served with tangy potato salad and deviled eggs. The fourth — all the scraps and trimming for a spaghetti dish topped with grated cheese for a golden brown touch.

It goes without saying—you won't serve the four ham dishes in succession. Your refrigerator will keep it so you can serve a new ham dish four times in two weeks.

For that first day's dish, use this recipe:

Baked Ham Rounds

¾ lb. smoked boneless shoulder
3 tablespoons brown sugar
¾ teaspoon dry mustard
½ cup evaporated milk
½ cup water

Cut slices of smoked shoulder into four serving size pieces. Pan-broil until golden brown on both sides. Spread each slice with brown sugar and mustard — arrange in baking pan—add the evaporated milk and water. Bake in a moderate oven (350°F.) for 1 hour or until tender. Serves 4.

FOOD FOR THOUGHT: July means tomatoes will be plentiful—another good source of Vitamin C. Leaf lettuce may be cheaper than head lettuce now. There's a record crop of egg plant. Ever try it served with tomato sauce?

Better than other soaps in these 3 ways!

1 GENTLER with fabrics!

Chiffon removes harmful soils that soapless substitutes *can't.* And, unlike strong granulated soaps, Chiffon contains no "filler" that can mat woolens, weaken delicate fabrics. Chiffon is pure soap . . . the *gentlest* kind in the world for your beautiful silks, nylons, cottons, woolens.

2 FASTER for dishes!

No wasting time and temper, waiting for slow soaps to dissolve. Chiffon's pure soap flakes explode into suds instantly—dissolve completely into extra rich suds! Suds that last till every dish and glass is sparkling clean. Prove it yourself. Switch to Chiffon for dishes and save time!

3 KINDER to hands!

Chiffon keeps hands soft and lovely. For Chiffon, unlike strong laundry soaps, or soapless substitutes, contains no harsh alkali to redden hands . . . no skin-drying chemicals to roughen them. Chiffon is quick with dishes . . . yet *mild* as only the purest soap can be!

Wave Of Cattle, Sheep Rustling Noted In W. Va.

Thieves Operate In Day Or Night

West Virginia State Police have announced that a wave of cattle and sheep rustling has struck two counties in the state, with most of the thefts centering around the Elkins area.

Authorities reported that large trailer trucks are being used by the rustlers, who operate both by day and by night.

In one case, in which 10 head of cattle were stolen from a Randolph County farm, the rustlers drove a truck into a pasture at about 6 p. m. and enlisted the aid of a passing farmer, who is a neighbor of the victim, in loading the cattle. The passerby said he was not suspicious at the time, because it was broad daylight.

The truck, police reported, bore a Virginia license tag, and all other trucks believed to be involved in the various thefts had Virginia or Maryland licenses.

Authorities reported that although most of the thefts took place in Randolph County, a few head of sheep and cattle have been stolen in Pendleton County.

Police estimated that about 35 head of cattle have been stolen in Randolph County's sparsely-populated, heavily-wooded section which is used as range by cattlemen in the area.

Police are urging all cattle owners to brand or mark their cattle to aid in tracing them if they are stolen, and to keep a close count on their stock, especially if their pasture land is near a good road.

In the event of loss of livestock, farmers are urged to notify the State Police or sheriff immediately. All citizens are asked to get the license number, description and color of any truck carrying or loading cattle under any conditions which might be questionable.

Residents in the Tri-State area are warned to be careful in buying beef or mutton, as it may be stolen.

Street Directory Available Soon

James Orr, 544 Fairview Avenue, has announced that an official street directory and guide which he has compiled will be placed on sale Monday.

The pocket-size directory contains a large map of the city and the names of all the business organizations, public buildings, churches, and playgrounds in the city.

The directory was first printed in 1945, while Orr was serving as Police Commissioner.

Police Recover One Vacuum Cleaner

Police have recovered at least one of several electric sweepers stolen in the city in recent weeks, according to Lt. Detective Edwin R. Lilya, who said the thief is apparently now trying to sell the machines to unsuspecting persons.

The machines were taken, Lt. Lilya said, after an unidentified man appeared at homes and represented himself as a vacuum cleaner repair man.

Housewives did not become suspicious until he failed to return their machines within a reasonable period, according to police.

A stolen automobile, which police said was taken from a North George Street parking lot early yesterday was recovered by police who said they found it in a ditch on Pine Avenue.

Edward Henderson, 605 Henderson Avenue, notified authorities that a lawn mower was removed from his back porch Tuesday night, and Charles L. Yankee, Eastman Road, said Maryland license tags No. 531-395 were stolen his car Monday while it was parked at the Celanese plant.

New Controversy Arises In Maryland GOP Ranks

BALTIMORE, Aug. 5 (AP) — Another controversy sprang up today in the ranks of Maryland's Republican Party.

The latest peeve came from John W. Walter, chairman of the Young Republican League of Maryland. Walter is miffed at the organization's selection of William Coyle, of Montgomery County, to lead the young GOP in the forthcoming election campaign.

Walter complained that his regular, chartered group was not consulted in Coyle's appointment. Walter therefore has aligned himself with another dissident group of Republican women irked over ousting of Mrs. Lula E. Powell as national committeewoman.

According to a Philadelphia wigmaker, American women buy more than 100,000 wigs a year. He sells about 800 prefabricated hairdos a year to beauty parlors at $40 apiece.

Wave Of Cattle, Sheep Rustling Noted In W. Va.

Thieves Operate In Day Or Night

West Virginia State Police have announced that a wave of cattle and sheep rustling has struck two counties in the state, with most of the thefts centering around the Elkins area.

Two Injured In Auto Accident

Lt. Richard Charles Gore, USN, 43, Callaway, was admitted to Allegany Hospital early yesterday morning for injuries sustained when the car he was driving struck a telephone pole on the east side of Martin's Mountain about 3 a. m. yesterday.

State Trooper William O. McElfish, who investigated, said Lt. Gore was en route from Washington when his car left the road on a sharp curve eight miles east of here and struck a telephone pole head on.

Miss Cenith Lorraine Gore, the driver's daughter, was treated at the hospital for a possible fracture of the right hand and for abrasions of the leg. Hospital attaches said Gore suffered lacerations of the chin and a possible fracture of the right leg.

Damage was estimated at about $350.

FREEDOM TRAIN—The Freedom Train (top) carrying documents of American Heritage will exhibit in Cumberland on Wednesday, September 22, as the climax of a "Rededication Week" celebration for the Tri-State area. In the lower photo a cross-section and side of the exhibition cars are shown, indicating the shallow niches where the various documents are displayed. At the left visitors are seen viewing documents dealing with women's rights. The train travels under heavy Marine Corps guard and has been attracting record crowds of visitors across the country. Cumberland citizens are planning a mammoth celebration in connection with the train's appearance here. (Story on Page 32)

wilt, and at the end he was about 100 yards away.

While America's dry land athletes were drawing a blank on the score sheet, her water stars in the nearby Empire Pool were busy breaking more records and chalking up their third straight diving title.

Lieut. Sammy Lee, 28-year-old medical officer from Pasadena, Calif., won a clean-cut decision over 25 of the world's greatest diving stars in the high tower event. This was added to the men's and women's springboard titles, already salted away by the American team. Another first is confidently expected tomorrow in the women's high dive.

Verdeur Sets Record

Joe Verdeur of Philadelphia chalked up a new Olympic record of 2:40 in winning his heat of the 200 meter breaststroke swim. The old mark was 2:42.5, set by Tetsuo Hamuro of Japan in 1936.

The women's 100 meter breast stroke championship, however, went to Karen Margrethe Harup of Denmark, who defeated Suzanne Zimmerman of Portland, Ore., and lowered the Olympic record to 1:14.4. Miss Zimmerman was second.

Greta Andersen of Denmark, already winner of the women's 100 meter free style swim and favorite to win the 400-meter, was stricken by a stomach cramp in her preliminary heat of the latter event today and was fished unconscious from the water.

Audrey Patterson, a tall negro girl from New Orleans, was the only one of three American entrants to qualify for tomorrow's final in the women's 200 meter run. Nell Jackson of Tuskegee and Mae Faggs of New York both failed to survive the opening heat.

Seeks Triple Victory

Mrs. Fannie Blankers-Koen, the 30-year-old Dutch matron who already has won the 100 meter dash and 80 meter hurdles, looks like a cinch to win this one, too, and become the first women's triple Olympic victor. Babe Didrikson won two at Los Angeles in 1932.

In the first of today's two-semi-final heats, Miss Patterson finished about five yards behind the Dutch phenom. The winning time, 24.3 seconds, did not indicate that the world record of 23.6 set by Stella Walsh in 1935 will be in much danger tomorrow.

The first five events of the decathlon, supreme test of speed, skill and strength, found the three American competitors sitting comfortably in third, fourth and fifth positions tonight, with five more events to be decided tomorrow.

Two Injured In Auto Accident

Lt. Richard Charles Gore, USN, 43, Callaway, was admitted to Allegany Hospital early yesterday morning for injuries sustained when the car he was driving struck a telephone pole on the east side of Martin's Mountain about 3 a. m. yesterday.

State Trooper William O. McElfish, who investigated, said Lt. Gore was en route from Washington when his car left the road on a sharp curve eight miles east of here and struck a telephone pole head on.

Miss Cenith Lorraine Gore, the driver's daughter, was treated at the hospital for a possible fracture of the right hand and for abrasions of the leg. Hospital attaches said Gore suffered lacerations of the chin and a possible fracture of the right leg.

Damage was estimated at about $350.

A military service was held at the grave in the Salisbury I.O.O.F. Cemetery by Millar Post No. 209, Cresaptown American Legion.

The color guard was James Skelly, Walter Smith, Paul Lease and Kenneth Toohey; firing squad, Joseph Hershberger, Bennett Lincoln, Olin Feight and William Hayes.

Pallbearers were Albert Shank, Charles Flinn and Herman Garlitz; service officer, George Shillingburger; bugler, Bernard Donnelly, and honor guard, Staff Sgt. Jack Owens.

JAMES W. WILSON

James W. Wilson, 64, 527 Henderson Avenue, died yesterday in Allegany Hospital. Admitted to the hospital July 30, he had been in failing health for four years.

The son of the late Thomas and Elizabeth Wilson, he had been an employe of the Cumberland Brewery for 23 years. He was a member of Centre Street Methodist Church and the Fraternal Order of Eagles, Aerie No. 245.

He is survived by his widow, Mrs. Letha Arnold Wilson; two daughters, Mrs. Edward Wilson, Cumberland, and Mrs. George McClellan, Baltimore; one son, James F. Wilson, Hagerstown; one brother, Henry Wilson, Frostburg; six grandchildren and three great-grandchildren.

The body will be taken to his home this morning.

CHARLES WILLIAM POPE

Charles William Pope, 47, 825 Munford Avenue, Pittsburgh, Pa., died suddenly Wednesday at his home.

He was born March 17, 1901, in Ridgeley, W. Va., the son of William and the late Alice Redmond Pope. His wife was the late Mrs. Lilly Gales Pope.

Mr. Pope is survived by his father, one brother, Joseph, Cumberland; two sisters, Mrs. Mary Clark, Pittsburgh, and Mrs. Laura Hollingsworth, this city.

The body will arrive at Stein's Funeral Home today.

SHAFFER RITES

A requiem mass will be celebrated for Mrs. Theodora Clark Shaffer, wife of Elzie A. Shaffer, 515 Fayette Street, at 10 a. m. Saturday at SS. Peter and Paul Church. Burial will be in the Church Cemetery.

The body is at the George Funeral Home where the Christian Mothers will recite the rosary tonight at 7:30.

OSCAR MILLER SHIPLEY

CLEARVILLE, Pa.—Oscar Miller Shipley, 64, RFD 2, died at his home Wednesday evening following a long illness. He was the husband of Bertha Smith Shipley.

A son of George B. and Lavinia Miller Shipley, he was born August 17, 1884, in Mann Township. He was a member of Bethel Christian Church.

Besides his wife, he is survived by two brothers, Hiram Shipley, Clearville, and Guy Shipley, Harrisburg, and one foster sister, Mrs. Effie Collins, Cumberland.

A funeral service will be held Saturday at 2:30 p. m. at the Fairview Christian Church with Rev. Henry May officiating. Burial will be in the church cemetery.

JOHN J. PAYETTE

John J. Payette, 56, who was associated with the Crandall "Strand" here some years ago, died Sunday at his home in Washington, D. C.

At the time of his death he was general zone manager of Warner Brothers Theaters in the Washington area.

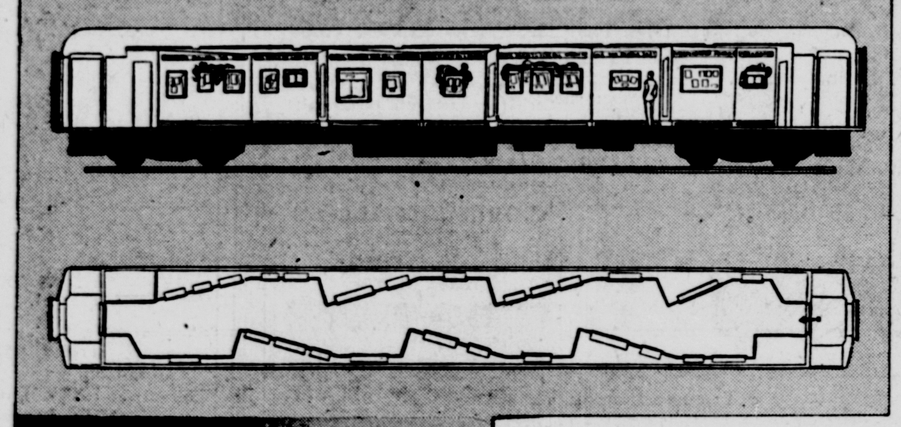
Mr. Payette was a founder and chief barker of Tent No. 11 of the Variety Club, Washington. He also belonged to Executive Committee of the Infantile Paralysis Fund drives, chairman of the theater unit of the American Red Cross, and a committee member of Boys Club, the District Tuberculosis Society and the Greater National Capitol Committee. He was active in many other organizations during World War II. He attended Our Lady of Victory Catholic Church.

Surviving are his widow, the former Miss Dorothy Crandall; three sons, John J., Robert C., and Ronald C. Payette, at home, and a daughter, Mrs. Charles K. Devereaux, Washington; a brother, George N. Payette, Hagerstown, and two sisters, Mrs. George A. Degnan, Washington, and Mrs. William Schwalm, Willow Grove, Pa.

CROMWELL BURIAL

Mrs. Violet Elizabeth Cromwell, 42, RFD 5, Braddock Road, was buried Wednesday in Rose Hill Cemetery after a service in Stein's Funeral Home conducted by Rev. Norman O. Scribner, pastor of Centre Street Methodist Church.

Pallbearers were Richard Young, Charles Wolfe, Larry and Frank Orbello, James Garland and Charles Ridgeway.



FREEDOM TRAIN—The Freedom Train (top) carrying documents of American Heritage will exhibit in Cumberland on Wednesday, September 22, as the climax of a "Rededication Week" celebration for the Tri-State area. In the lower photo a cross-section and side of the exhibition cars are shown, indicating the shallow niches where the various documents are displayed. At the left visitors are seen viewing documents dealing with women's rights. The train travels under heavy Marine Corps guard and has been attracting record crowds of visitors across the country. Cumberland citizens are planning a mammoth celebration in connection with the train's appearance here. (Story on Page 32)

Bond Posted On Gaming Charge

Walter V. Liebrant, 247 Henderson Avenue, posted $25 bond yesterday in Police Court on a charge of maintaining a tip board.

He was arrested at 3:30 p. m. by Officer Richard W. Lashley on a warrant obtained by Louise Rodcap.

groups; Lt. Col. Randolph Millholland, military; R. P. Bartlett and A. E. Beckman, railroad; Frank Martin, retail stores; Robert Little Ebert, speakers bureau; Charles S. Catherman, Jr., train; Winfield Adam, special events; L. Leslie Helmer, management; and Walter Fraley, fraternal groups.

Millholland indicated local military organizations will participate in the affair, provide honor guards, parade and will assist police in handling crowds and traffic if needed.

Conlon said he is arranging for a parade, representing units and organizations of all types from the entire area.

Another meeting of the committee will be held Monday at 8 p. m at the City Hall to further the program.

to appoint all standing committees one week after the election meeting is held.

The addition to the by-laws is a section that calls for all changes proposed for the by-laws to be read and presented to the secretary in writing and passed by a two-thirds majority of the membership present at the following meeting before becoming effective. The section also stipulates that each member must receive written notice of proposed changes in the by-laws prior to final action by the association.

A seven-man grievance committee was also named and includes: Robert Taylor, Clair Mease, John Harbaugh, George Smith, Jr., and Mrs. Blanch Lueck.

Gray Posts Bond

Raymond Gray, 506 Linden Street, posted $10 bond yesterday on a charge of disorderly conduct. He is to appear in Police Court at 9 a. m. Saturday for a hearing.

COURT NOTICE

The Allegany County Welfare Board vs. Charles DeHaven, Incompetent. No. 20815 Equity in the Circuit Court for Allegany County, Maryland.

In conformity with the Order of Court passed the 4th day of August, 1948, in the above entitled Equity Case, upon the Petition of The Allegany County Welfare Board, notice is hereby given to all interested parties that Floyd P. Allender, of Cumberland, Maryland, will be appointed Committee for Charles DeHaven, Incompetent, to receive and handle for him such Old Age Assistance as may be granted to him by The Allegany County Welfare Board, unless cause is shown to the Court on or before the 13th day of August, 1948, at 10 o'clock, a. m., why such appointment should not be made, provided at least five days' notice be given in some newspaper published in Allegany County before the time of said hearing.

wilt, and at the end he was about 100 yards away.

While America's dry land athletes were drawing a blank on the score sheet, her water stars in the nearby Empire Pool were busy breaking more records and chalking up their third straight diving title.

Lieut. Sammy Lee, 28-year-old medical officer from Pasadena, Calif., won a clean-cut decision over 25 of the world's greatest diving stars in the high tower event. This was added to the men's and women's springboard titles, already salted away by the American team. Another first is confidently expected tomorrow in the women's high dive.

Verdeur Sets Record

Joe Verdeur of Philadelphia chalked up a new Olympic record of 2:40 in winning his heat of the 200 meter breaststroke swim. The old mark was 2:42.5, set by Tetsuo Hamuro of Japan in 1936.

The women's 100 meter breast stroke championship, however, went to Karen Margrethe Harup of Denmark, who defeated Suzanne Zimmerman of Portland, Ore., and lowered the Olympic record to 1:14.4. Miss Zimmerman was second.

Greta Andersen of Denmark, already winner of the women's 100 meter free style swim and favorite to win the 400-meter, was stricken by a stomach cramp in her preliminary heat of the latter event today and was fished unconscious from the water.

Audrey Patterson, a tall negro girl from New Orleans, was the only one of three American entrants to qualify for tomorrow's final in the women's 200 meter run. Nell Jackson of Tuskegee and Mae Faggs of New York both failed to survive the opening heat.

Seeks Triple Victory

Mrs. Fannie Blankers-Koen, the 30-year-old Dutch matron who already has won the 100 meter dash and 80 meter hurdles, looks like a cinch to win this one, too, and become the first women's triple Olympic victor. Babe Didrikson won two at Los Angeles in 1932.

In the first of today's two-semi-final heats, Miss Patterson finished about five yards behind the Dutch phenom. The winning time, 24.3 seconds, did not indicate that the world record of 23.6 set by Stella Walsh in 1935 will be in much danger tomorrow.

The first five events of the decathlon, supreme test of speed, skill and strength, found the three American competitors sitting comfortably in third, fourth and fifth positions tonight, with five more events to be decided tomorrow.

Leading the field of 33 at the halfway point was Enrique Kistenmacher, versatile Argentine, with a total of 3,897 points. Second was Ignace Heinrich of France, with 3,880. Bob Mathias, the 17-year-old schoolboy from Tulare, Calif., was third, with 3,848; Floyd Simmons, formerly of the University of North Carolina, fourth with 3,843, and big Irv Mondschein of New York University, fifth with 3,811.

Kistenmacher piled up his lead by setting the day's fastest time in the 100 meters—10.9 seconds; tying for first in the broad jump with a leap of 23 feet, 2¾ inches, and winning the 400 meter run. The Americans expect him to fade in the weight events.

None of the Americans won an event today, though the three tied with several others for first place in the high jump at 6 feet, 1¼ inches. Mondschein ran the second fastest 400 meters. On tomorrow's card remain the 110-meters hurdles, discus throw, pole vault, javelin throw and 1500 meter run.

Keep Track Of Money; Don't Overspend Your Allowance

By NANCY MOTTRAM

(Q) "Dear Nancy: My parents and I are having a fight about my allowance. They tell me I spend it foolishly and if I do happen to run out of money in the middle of the week, they refuse to lend me any more. I guess everyone is having the same trouble about not being able to make money stretch as far as it used to, but I've tried for a raise in my allowance for several months, and they've refused, saying that I have to get along on what they give me. But it just isn't enough! Can you help me clear up this problem?"

Nancy Mottram

(A) Practically everybody is having the same difficulties, and that may be one of the reasons your parents refuse to give you a raise. Since that's their deision, you've got to manage with the amount you're getting now. It might help to plan a budget, and then stick to it. Put down a list of the things that you need, and figure out how big a cut they take out of your funds. Once that's taken care of, you'll know just how much you have for extra things. By spending wisely, you won't be left high and dry a couple of days before you're due to receive next week's allowance. Learning to manage money now can be good training for the time when you're earning your own, and you won't be as likely to make as many mistakes that might cause you to do some real penny-pinching.

•—•—•

(Q) "Dear Nancy: The girl I like and I are the same age, but I'm a term behind her in school. I've known her for a long time but when she moved to a different part of town, I lost track of her for two or three years. Now, we go to the same high school, and I'd like to ask her out, but I don't know how to go about it. She isn't going steady, but she dates quite regularly, and so far, I've hesitated to ask her. What do you think I should do?"

(A) Ask her for a date without putting it off any longer. You'll never know whether or not she'll accept until you do, and you might as well stop thinking about it, and act. It's vacation time, and her dates won't be confined to Friday and Saturday nights, so you'll have more chance of not finding her all dated up. Call and ask her to one of the movies in town, or perhaps she's a miniature golf or bowling fan. It's very possible that you'll get along very well together, but you'll never know unless you make the effort to find out.

•—•—•

(Q) "Dear Nancy: My mother has forbidden me to go out with a fellow I know because she doesn't know his family. I don't think this is fair, and though I never have had an actual date with him, I see him at parties often, and I often "baby-sit" two houses away from him. I've met his parents and younger sister, and they seem very nice. How can I convince mother she's wrong?"

(A) Your mother might change her opinion about the whole situation if she meets the boy, gets to know him, and finds out what kind of fellow he is. Invite him over some evening, and get them together. Then, if she's convinced that all the fine things you've told her about him are true, she won't insist on keeping you from dating him, merely because the families aren't the best of friends.

Nancy can help with all your teen-age problems. Write her in care of this newspaper.

Relief Collections To Be Made Here

A truck from the Church World Service Center at New Windsor is scheduled to stop in Cumberland Monday to pick up relief materials which have been collected in recent weeks. These collections will be sent to people in war and famine stricken countries.

The collection centers are at the First Presbyterian Church parish house on Washington Street and the Church of the Brethren duplex building on North Cedar Street. Donations of clothing, food, used fats or other relief materials will be accepted.

Gifts which are brought to the local collection centers may be brought in cartons or other containers or in relief bags which may be secured from the center on North Cedar Street. Grease cans are also available for the collection of used fats.

Where denominational or other group credit is desired the name of the donating organization should be clearly marked on each package.

Beall Would Ban Breach Of Promise Suits In D. C.

WASHINGTON, Aug. 5 (AP)—Rep. Beall (D-Md.) introduced a bill in the House yesterday to ban breach of promise suits in District of Columbia courts.

Beall conceded that the measure has no chance for passage at the special session of Congress, but said he will reintroduce it next year.

The Maryland congressman, a member of the House Committee on District of Columbia Legislation, said he considered existence of the right to file breach of promise suits "injurious to the institution of marriage."

Keep Track Of Money; Don't Overspend Your Allowance

By NANCY MOTTRAM

Nancy Mottram

(Q) "Dear Nancy: My parents and I are having a fight about my allowance. They tell me I spend it foolishly and if I do happen to run out of money in the middle of the week, they refuse to lend me any more. I guess everyone is having the same trouble about not being able to make money stretch as far as it used to, but I've tried for a raise in my allowance for several months, and they've refused, saying that I have to get along on what they give me. But it just isn't enough! Can you help me clear up this problem?"

(A) Practically everybody is having the same difficulties, and that may be one of the reasons your parents refuse to give you a raise. Since that's their deision, you've got to manage with the amount you're getting now. It might help to plan a budget, and then stick to it. Put down a list of the things that you need, and figure out how big a cut they take out of your funds. Once that's taken care of, you'll know just how much you have for extra things. By spending wisely, you won't be left high and dry a couple of days before you're due to receive next week's allowance. Learning to manage money now can be good training for the time when you're earning your own, and you won't be as likely to make as many mistakes that might cause you to do some real penny-pinching.

•—•—•

(Q) "Dear Nancy: The girl I like and I are the same age, but I'm a term behind her in school. I've known her for a long time but when she moved to a different part of town, I lost track of her for two or three years. Now, we go to the same high school, and I'd like to ask her out, but I don't know how to go about it. She isn't going steady, but she dates quite regularly, and so far, I've hesitated to ask her. What do you think I should do?"

(A) Ask her for a date without putting it off any longer. You'll never know whether or not she'll accept until you do, and you might as well stop thinking about it, and act. It's vacation time, and her dates won't be confined to Friday and Saturday nights, so you'll have more chance of not finding her all dated up. Call and ask her to one of the movies in town, or perhaps she's a miniature golf or bowling fan. It's very possible that you'll get along very well together, but you'll never know unless you make the effort to find out.

•—•—•

(Q) "Dear Nancy: My mother has forbidden me to go out with a fellow I know because she doesn't know his family. I don't think this is fair, and though I never have had an actual date with him, I see him at parties often, and I often "baby-sit" two houses away from him. I've met his parents and younger sister, and they seem very nice. How can I convince mother she's wrong?"

(A) Your mother might change her opinion about the whole situation if she meets the boy, gets to know him, and finds out what kind of fellow he is. Invite him over some evening, and get them together. Then, if she's convinced that all the fine things you've told her about him are true, she won't insist on keeping you from dating him, merely because the families aren't the best of friends.

Nancy can help with all your teen-age problems. Write her in care of this newspaper.

Relief Collections To Be Made Here

A truck from the Church World Service Center at New Windsor is scheduled to stop in Cumberland Monday to pick up relief materials which have been collected in recent weeks. These collections will be sent to people in war and famine stricken countries.

The collection centers are at the First Presbyterian Church parish house on Washington Street and the Church of the Brethren duplex building on North Cedar Street. Donations of clothing, food, used fats or other relief materials will be accepted.

Gifts which are brought to the local collection centers may be brought in cartons or other containers or in relief bags which may be secured from the center on North Cedar Street. Grease cans are also available for the collection of used fats.

Where denominational or other group credit is desired the name of the donating organization should be clearly marked on each package.

Beall Would Ban Breach Of Promise Suits In D. C.

WASHINGTON, Aug. 5 (AP)—Rep. Beall (D-Md.) introduced a bill in the House yesterday to ban breach of promise suits in District of Columbia courts.

Beall conceded that the measure has no chance for passage at the special session of Congress, but said he will reintroduce it next year.

The Maryland congressman, a member of the House Committee on District of Columbia Legislation, said he considered existence of the right to file breach of promise suits "injurious to the institution of marriage."

Rosenbaum Store Employes To Get $3 Wage Increase

A contract agreement has been reached between Rosenbaum Brothers, Inc., and Local 654, Retail Clerks Union, AFL, C. E. Stutzman, acting business agent, reported yesterday.

He said the agreement which has been ratified by the membership, will provide a $3 weekly wage boost for non-commissioned workers and a $1.75 increase in base pay for employes on commission. The contract became effective August 1, he added.

The contract provides for overtime pay after 5 p. m. Monday through Friday and after 6 p. m. Saturday and eliminates the Christmas peak work week, he said.

The Rosenbaum agreement is the first reached in negotiations with local retail stores.

Cumberland Cloak and Suit Company workers received an automatic $2 weekly wage increase August 1 under the terms of a two-year agreement signed between the company and union last year.

Stutzman said the union will meet Monday at 5 p. m. in Allegany Trades Council Hall to take action on four other contracts which remain unsettled.

Union committeemen for Rosenbaum's will also be elected at the meeting, he added.

He said contracts with the Taylor, Lerner, Darling Shop and the People's Clothing Store expired August 1.

'Tops' In Hybrid Roses

'FORTY-NINER' yellow and red

'TALLYHO' red and pink

AP Newsfeatures

NEW YORK.—Two new hybrid tea roses, "Forty-niner" and "Tallyho" have been picked as the "All-America Rose Selection for 1949," the organization of rose-growers announced.

"Forty-niner" is a brilliantly-colored rose, yellow on the outside of its petals and a vivid red on the inside. "Tallyho" petals are a rich red on the outside and softer pink on the inside.

The All-American Rose Selections organization is composed of 26 of the largest rose-growers in the nation, and the selections are based on two-year trials in 18 trial gardens around the nation. The roses are judged by the directors of the trial gardens who consider 12 points. These include vitality, foliage, bud form and the quantity and quality of blooms.

Last year's winners, "Diamond Jubilee," "Nocturne," "Pinkie," "San Fernando" and "Taffeta," currently are on the market.

Grocery Workers May Take Strike Vote

Members of Local 453, Teamsters Union, AFL, employed by two local wholesale grocery companies will meet Sunday at 11 a. m. in Allegany Trades Council Hall to take a strike vote, C. E. Stutzman, business agent, said yesterday.

He said the employes turned down offers made by the Kenneweg and C. D. Kenny Companies at a meeting Tuesday night.

Stutzman said the firms proposed to extend the wage level of the present contract until January 31, 1949, and to give two weeks vacation after two years of service, the second week to be paid as a bonus between now and January 31.

The union is asking a $5 weekly wage boost and two weeks vacation. The 1947 contract, which expired July 1, provided a 10 cent increase to bring the rate to $44 for a 40-hour week.

The union said an attempt will be made to arrange another meeting with the firms before Sunday.

Celanese Drivers To Act On Offer

Truck drivers employed in over-the-road operations of the Celanese Corporation of America will meet Saturday at 10 a. m. in Teamsters Hall to act upon a contract offer made by the firm this week, C. E. Stutzman, union business agent, said yesterday.

Stutzman declined to reveal the company proposal but termed it "a fairly good offer."

The contract for the some 20 drivers employed by the firm will expire next Tuesday. Local 453, Teamsters Union, last fall received a contract for the drivers after winning a NLRB election to determine the bargaining agent for the group. Local 1874, TWUA, CIO, represents all hourly rated workers at the Amcelle plant except drivers and machine printers.

Drivers To Seek Additional Boost

Local 453, Teamsters Union, AFL, will confer with officials of local freight transfer companies soon to seek an additional cost of living wage boost, C. E. Stutzman, business agent, said.

Stutzman said a two-year contract signed last year with seven trucking companies here provides a three-cent wage increase effective September 1 for city drivers and proportionate boosts for over-the-road drivers.

The drivers received a seven cent hourly boost last year to bring the city drivers rate to $1 an hour. Most over-the-road men received a $1.50 weekly boost at that time.

Drivers employed by the Steinla Motor and Transportation Company here will meet Saturday at 10 a. m. at the union hall to act upon a contract offer from the firm. The one-year contract for the eight men expires August 31, Stutzman said. The union did not reveal the terms of the company proposal.

4-H Youths List Health As Most Precious Asset

Area Girls Win Purple Ribbons

COLLEGE PARK, Aug. 5—(AP)—Maryland members of 4-H Clubs showed results of their training yesterday when a majority listed "health," one of the goals from which the organization takes its name, as "our most precious possession."

Dr. Roger B. Corbett, associate extension director at the University of Maryland where the 26th annual 4-H Club Week is being held, asked the 1,100 boys and girls what they considered their most precious possession. More than one-quarter of them replied "health."

Dr. Corbett himself chose "freedom" in a talk preceding group discussion on the subject. The most controversial question during the youths' discussion was whether conservation of human rights is more important than soil conservation. The debaters were about evenly divided in their opinion.

Dr. Corbett, illustrating his choice of freedom as "our most precious possession," cited a tendency to turn responsibility for such programs as education and health over to the federal government.

"When we turn over responsibility, we must also turn over control," Dr. Corbett said.

Approximately 100 girls received awards for their exhibits.

Six received "purple" ribbons for exceptional exhibits, while the others were presented blue, red, and white ribbons.

"Purple" ribbon winners included Peggy Riley, 16, Oakland, sponge cake; and Louella Heineman, 17, Route 5, Cumberland, hobbies.

To The Editor:

Regarding the recent "Miss Maryland" contest, I would like to say a few words, merely from a spectator's point of view, it being understood that I have no knowledge of events such as rehersal time, dining with judges, etc., but only those events presented at the show Monday night.

I think the pageant was enjoyably presented, each contestant given sufficient time to present her talent to full advantage.

I do not think that any of the contestants depended upon the three to twelve minutes allotted them for dress rehersal, as full time for preparation for this event, therefore such argument should be disallowed.

It is unfortunate that a few individuals other than the contestants find it necessary to register such protest because it can do nothing more than lessen the thrill of the winner and the spirit of competition in future events of this type.

So why not say, congratulations, Miss Lookabaugh. We are very proud to have you represent our State in the "Miss America" contest.

Yours truly,
MRS. GLADYS E. KING

Feels Beauty Judges Selection Was Justified

Editor,
The Cumberland News

I attended the "Miss Maryland" contest for an evening's entertainment. I am sure everyone wished to see the girl selected who would best represent Maryland in Atlantic City. I feel the judges were justified in their selection of "Miss Cumberland" as "Miss Maryland." There could not have been any other choice.

I do not know Miss Juanita Lookabaugh personally, but she sure has personality-plus. I was thrilled and pleased when she won.

You can imagine my surprise when I read in the local papers the attack of the pageant as being unfair. All eight contestants couldn't win first place. Cumberland cannot help it if we have beautiful girls and happen to select two in two years. We are proud of this fact. Why should we brush aside our "pride and joy" in favor of the runner-up?

Since when, is appearing in a bathing suit, a strip-tease act? The suit was a full one-piece suit with a skirt. The south sea island dance was in accord with her modeling of the suit. It was the cutest thing of all. I imagine the people attacking this pageant have gone to many a "movie" and have seen such dances and thought nothing of it. It is a dance taught to all pupils at our dancing schools. It is artful, not disgraceful.

All this fuss is embarrassing to the contestants. "Miss Frostburg was pleased and said her mother was happy to have her in the "top three."

"Miss Cumberland" was crowned "Miss Maryland" and we should feel proud and happy to have such a wonderful girl represent us in Atlantic City. We should give her the chance to better her talents still more, instead of subjecting her to all this cruel treatment. Miss Lookabaugh won fairly here, let's all help her win in Atlantic City.

August 5, 1948.

4-H Youths List Health As Most Precious Asset

Area Girls Win Purple Ribbons

COLLEGE PARK, Aug. 5—(AP)—Maryland members of 4-H Clubs showed results of their training yesterday when a majority listed "health," one of the goals from which the organization takes its name, as "our most precious possession."

Dr. Roger B. Corbett, associate extension director at the University of Maryland where the 26th annual 4-H Club Week is being held, asked the 1,100 boys and girls what they considered their most precious possession. More than one-quarter of them replied "health."

Dr. Corbett himself chose "freedom" in a talk preceding group discussion on the subject. The most controversial question during the youths' discussion was whether conservation of human rights is more important than soil conservation. The debaters were about evenly divided in their opinion.

Dr. Corbett, illustrating his choice of freedom as "our most precious possession," cited a tendency to turn responsibility for such programs as education and health over to the federal government.

"When we turn over responsibility, we must also turn over control," Dr. Corbett said.

Approximately 100 girls received awards for their exhibits.

Six received "purple" ribbons for exceptional exhibits, while the others were presented blue, red, and white ribbons.

"Purple" ribbon winners included Peggy Riley, 16, Oakland, sponge cake; and Louella Heineman, 17, Route 5, Cumberland, hobbies.

Deen PSC Secretary

BALTIMORE, Aug 5 (AP) — John H. Hessey, newly-appointed chairman of the Public Service Commission, has named Albert L. Deen as executive secretary.

To The Editor:

Regarding the recent "Miss Maryland" contest, I would like to say a few words, merely from a spectator's point of view, it being understood that I have no knowledge of events such as rehersal time, dining with judges, etc., but only those events presented at the show Monday night.

I think the pageant was enjoyably presented, each contestant given sufficient time to present her talent to full advantage.

I do not think that any of the contestants depended upon the three to twelve minutes allotted them for dress rehersal, as full time for preparation for this event, therefore such argument should be disallowed.

It is unfortunate that a few individuals other than the contestants find it necessary to register such protest because it can do nothing more than lessen the thrill of the winner and the spirit of competition in future events of this type.

So why not say, congratulations, Miss Lookabaugh. We are very proud to have you represent our State in the "Miss America" contest.

Yours truly,
MRS. GLADYS E. KING

Feels Beauty Judges Selection Was Justified

Editor,
The Cumberland News

I attended the "Miss Maryland" contest for an evening's entertainment. I am sure everyone wished to see the girl selected who would best represent Maryland in Atlantic City. I feel the judges were justified in their selection of "Miss Cumberland" as "Miss Maryland." There could not have been any other choice.

I do not know Miss Juanita Lookabaugh personally, but she sure has personality-plus. I was thrilled and pleased when she won.

You can imagine my surprise when I read in the local papers the attack of the pageant as being unfair. All eight contestants couldn't win first place. Cumberland cannot help it if we have beautiful girls and happen to select two in two years. We are proud of this fact. Why should we brush aside our "pride and joy" in favor of the runner-up?

Since when, is appearing in a bathing suit, a strip-tease act? The suit was a full one-piece suit with a skirt. The south sea island dance was in accord with her modeling of the suit. It was the cutest thing of all. I imagine the people attacking this pageant have gone to many a "movie" and have seen such dances and thought nothing of it. It is a dance taught to all pupils at our dancing schools. It is artful, not disgraceful.

All this fuss is embarrassing to the contestants. "Miss Frostburg was pleased and said her mother was happy to have her in the "top three."

"Miss Cumberland" was crowned "Miss Maryland" and we should feel proud and happy to have such a wonderful girl represent us in Atlantic City. We should give her the chance to better her talents still more, instead of subjecting her to all this cruel treatment. Miss Lookabaugh won fairly here, let's all help her win in Atlantic City.

August 5, 1948.

Hawse Named To Education Board In Hardy County

Was Principal In Moorefield

MOOREFIELD, W. Va.—Stanley P. Hawse, principal of Moorefield Graded School for the past five years, was named assistant superintendent of Hardy County Schools by the Board of Education Tuesday.

Hawse will fill the position left vacant by the resignation of John T. St. Clair, who left August 1 to assume his duties as assistant state supervisor of secondary schools in Charleston. Hawse will be supervisor of the instructional program in Hardy County.

Hawse received his bachelor of arts degree from Shepherd College and his M. A. degree from West Virginia University. He holds certificates for first class collegiate elementary teacher, elementary principal's certificate and superintendent's certificate. He has had training in high school administration and supervision.

Hawse taught in one-room schools in Lost River District, was principal of the two-room school at Baker and was principal of Wardensville Graded School for several years before coming to Moorefield. He has had 20 years experience in the Hardy County schools.

Hawse is at present directing a summer school for teachers at Concord College, Athens. The college has agreed to release him on August 14 to assume his new duties in Hardy County.

Frostburg Police Check Rifle Shooting

FROSTBURG—Mayor Marshall C. Skidmore has instructed the Frostburg police force to make every possible effort to apprehend anyone detected discharging arms or air rifles in the corporate limits.

Several complaints have been made from various sections of the town that boys have been discharging air rifles and small firearms apparently with little regard where the bullets might strike.

Sgt. Walker Returns From 6-Week School

FROSTBURG—Sgt. Robert Walker of the Army recruiting substation here, has returned from a six weeks recruiting instructors course at Camp Lee, Va.

Sgt Walker, a veteran of seven years service, was in the Asiatic-Pacific Theater during World War II.

BABY CHIMP AND CHUM—Some of Denis Lomax's best friends are chimps. Here, the 14-months-old youngster is shown with his current chum, "Rojo," a seven-weeks-old chimpanzee, who wears a diaper similar to that worn by Denis. The boy is the grandson of Mrs. Leila Roosevelt Denis, who operates the Anthropoid Ape Research Foundation at Dania, Fla.

New Church Organ Will Be Dedicated

LONACONING—The new organ recently installed in First Methodist Church, Lonaconing, will be dedicated Sunday afternoon at 3 o'clock with Rev. William F. Wright, district superintendent of the Hagerstown District, Baltimore Conference, participating in the service.

Much of the service will be devoted to music with several guest organists rendering selections on the organ.

Miss Ruth Fazenbaker, church organist, will play the prelude, Schubert's "Serenade;" the offertory, "Andante in G" by Stultz; and the postlude, "Song Without Words" by Czency.

Miss Jean Milford and Miss Ann Goshorn of First Presbyterian Church, will play several compositions as will Lewis Emerick, organist of the Eckhart Methodist Church.

The church choir will sing "Thou Art With Me" by Landau. William Neff, tenor soloist of the choir, will sing Mallotte's "The Lord's Prayer."

Poles Moved To Make Room For Highway

FROSTBURG—Eight telegraph poles of the Western Union Telegraph Company were moved about eight feet from their original position on Eckhart Flat this week to make room for the new highway which will join East Main Street at that point. Construction on this part of the highway, according to one of the road foremen, is expected to start within the next few weeks.

Construction Started

MOOREFIELD, W. Va. — John Rexroad, owner of Rexroad's Welding, started construction of his new building on Main Street near the River Bridge.

Rexroad has torn down the old log building, one of the earliest buildings on Main Street, to make room for the new structure. He will operate a service station, machine shop and welding shop in the new building.

Nine 4-H Girls Will Compete In Style Show

Mineral Contest Is Planned Today

KEYSER — Nine Mineral County 4-H girls will participate in the 4-H style show to be held in the office of Mrs. Margaret S. Effland, county home demonstration agent, this morning at 10 o'clock.

The first and second winner will represent Mineral County at the 1948 State 4-H dress revue to be held at Jackson's Mill during the annual Girl's State Camp, August 23-30, Mrs. Effland said.

Participants will be judged on the appearance and workmanship of their costume and the accessories they select to wear when modeling the garment. Costumes will include school clothes, play and work clothes and 'best dress', the county agent said.

To qualify for the state revue the winner and alternate of today's style show must write a page story giving a complete description of their costume, how and why the fabric was selected, why the style is appropriate for the individual, how the fabric should be cared for, and the servicable qualities of the garment.

Each entrant in the state revue must have passed her 14th birthday and must have completed at least three years of 4-H home economics, including the current year. They must also select their accessories and underclothes for the state show, she said.

Today's entrants are Miriam Reed, Klover Club, Burlington; Norma Jean Evans, Freda Lou Price, Margaret Lease, Laura Dawson, Delores Smith, and Reta Jean Marks, all of Reese's Mill Club; Pauline Bane, Klover Club, Burlington, and Dottie Lou Twigg, Goal Seekers Club, Fort Ashby.

The making of the garments was supervised by club leaders and Mrs. Effland.

W. Va. Police Report Arrests In July

MOOREFIELD, W. Va.—Cpl. E. L. Roush and Trooper Jim Davis of the Moorefield detachment of the West Virginia State Police have reported a total of 25 arrests for the month of July. Fines collected totaled $435, and costs amounted to $106.

Reckless driving and drunkenness accounted for most of the arrests, with seven persons apprehended on each of these violations. There were two arrests for violations of liquor laws, two for disorderly conduct, two for speeding, and two for driving without an operator's license.

One arrest was made on each of the following charges: carrying a concealed weapon, stealing a truck, and assault and battery.

$10,000 Suit Filed Against B. And O.

KEYSER — A suit for $10,000 against the Baltimore and Ohio Railroad Company was filed yesterday in Mineral County Circuit Court by Attorneys H. R. Athey and H. G. Shores for Charles Owens, Rowlesburg, father of Elmer Owens, whose body was found in a cinder pit in the Keyser yards last December 17.

A declaration has not been filed but attorneys indicated the railroad is being charged with negligence in Owens' death.

Bank Directors Okay Contracts For Remodeling

Work To Begin Within 60 Days

MOOREFIELD, W. Va. — The directors of South Branch Valley National Bank have approved contracts for a $17,500 remodeling program which will be completed within the next three months.

A new floor will be laid in the banking rooms and the wooden beams now supporting the floor will be replaced with steel. A new outside entrance will replace the present concrete steps, and all the building foundation will be repaired.

The old counter will be replaced with the tellers' windows extending all the way across the bank. A customers' office and a cashier's office will be built. The ceiling will be lowered and sound-proofed, and new concealed fluorescent lighting fixtures will be placed in the ceiling.

New furniture and fixtures will replace the equipment now in use. New vault fixtures increasing the storage capacity will be installed.

The work should start within the next 60 days and the banking business will be conducted in the rooms at the rear of the present banking room for the period during the alterations.

The Valley Hotising Company, Timberville, Va., is the general contractor for the work and Courtney Welton, Richmond, Va., was the architect. The American Furniture and Fixtures Company, Richmond, Va., will supply the counter and offices and the O. M. Marquis Company, Cumberland, Md., received the order for the furniture and equipment.

Hawse Named To Education Board In Hardy County

Was Principal In Moorefield

MOOREFIELD, W. Va.—Stanley P. Hawse, principal of Moorefield Graded School for the past five years, was named assistant superintendent of Hardy County Schools by the Board of Education Tuesday.

Hawse will fill the position left vacant by the resignation of John T. St. Clair, who left August 1 to assume his duties as assistant state supervisor of secondary schools in Charleston. Hawse will be supervisor of the instructional program in Hardy County.

Hawse received his bachelor of arts degree from Shepherd College and his M. A. degree from West Virginia University. He holds certificates for first class collegiate elementary teacher, elementary principal's certificate and superintendent's certificate. He has had training in high school administration and supervision.

Hawse taught in one-room schools in Lost River District, was principal of the two-room school at Baker and was principal of Wardensville Graded School for several years before coming to Moorefield. He has had 20 years experience in the Hardy County schools.

Hawse is at present directing a summer school for teachers at Concord College, Athens. The college has agreed to release him on August 14 to assume his new duties in Hardy County.

Frostburg Police Check Rifle Shooting

FROSTBURG—Mayor Marshall C. Skidmore has instructed the Frostburg police force to make every possible effort to apprehend anyone detected discharging arms or air rifles in the corporate limits.

Several complaints have been made from various sections of the town that boys have been discharging air rifles and small firearms apparently with little regard where the bullets might strike.

Sgt. Walker Returns From 6-Week School

FROSTBURG—Sgt. Robert Walker of the Army recruiting substation here, has returned from a six weeks recruiting instructors course at Camp Lee, Va.

Sgt Walker, a veteran of seven years service, was in the Asiatic-Pacific Theater during World War II.

New Church Organ Will Be Dedicated

LONACONING—The new organ recently installed in First Methodist Church, Lonaconing, will be dedicated Sunday afternoon at 3 o'clock with Rev. William F. Wright, district superintendent of the Hagerstown District, Baltimore Conference, participating in the service.

Much of the service will be devoted to music with several guest organists rendering selections on the organ.

Miss Ruth Fazenbaker, church organist, will play the prelude, Schubert's "Serenade;" the offertory, "Andante in G" by Stultz; and the postlude, "Song Without Words" by Czency.

Miss Jean Milford and Miss Ann Goshorn of First Presbyterian Church, will play several compositions as will Lewis Emerick, organist of the Eckhart Methodist Church.

The church choir will sing "Thou Art With Me" by Landau. William Neff, tenor soloist of the choir, will sing Mallotte's "The Lord's Prayer."

Poles Moved To Make Room For Highway

FROSTBURG—Eight telegraph poles of the Western Union Telegraph Company were moved about eight feet from their original position on Eckhart Flat this week to make room for the new highway which will join East Main Street at that point. Construction on this part of the highway, according to one of the road foremen, is expected to start within the next few weeks.

Construction Started

MOOREFIELD, W. Va. — John Rexroad, owner of Rexroad's Welding, started construction of his new building on Main Street near the River Bridge.

Rexroad has torn down the old log building, one of the earliest buildings on Main Street, to make room for the new structure. He will operate a service station, machine shop and welding shop in the new building.

Mineral Contest Is Planned Today

KEYSER — Nine Mineral County 4-H girls will participate in the 4-H style show to be held in the office of Mrs. Margaret S. Effland, county home demonstration agent, this morning at 10 o'clock.

The first and second winner will represent Mineral County at the 1948 State 4-H dress revue to be held at Jackson's Mill during the annual Girl's State Camp, August 23-30, Mrs. Effland said.

Participants will be judged on the appearance and workmanship of their costume and the accessories they select to wear when modeling the garment. Costumes will include school clothes, play and work clothes and 'best dress', the county agent said.

To qualify for the state revue the winner and alternate of today's style show must write a page story giving a complete description of their costume, how and why the fabric was selected, why the style is appropriate for the individual, how the fabric should be cared for, and the servicable qualities of the garment.

Each entrant in the state revue must have passed her 14th birthday and must have completed at least three years of 4-H home economics, including the current year. They must also select their accessories and underclothes for the state show, she said.

Today's entrants are Miriam Reed, Klover Club, Burlington; Norma Jean Evans, Freda Lou Price, Margaret Lease, Laura Dawson, Delores Smith, and Reta Jean Marks, all of Reese's Mill Club; Pauline Bane, Klover Club, Burlington, and Dottie Lou Twigg, Goal Seekers Club, Fort Ashby.

The making of the garments was supervised by club leaders and Mrs. Effland.

W. Va. Police Report Arrests In July

MOOREFIELD, W. Va.—Cpl. E. L. Roush and Trooper Jim Davis of the Moorefield detachment of the West Virginia State Police have reported a total of 25 arrests for the month of July. Fines collected totaled $435, and costs amounted to $106.

Reckless driving and drunkenness accounted for most of the arrests, with seven persons apprehended on each of these violations. There were two arrests for violations of liquor laws, two for disorderly conduct, two for speeding, and two for driving without an operator's license.

One arrest was made on each of the following charges: carrying a concealed weapon, stealing a truck, and assault and battery.

$10,000 Suit Filed Against B. And O.

KEYSER — A suit for $10,000 against the Baltimore and Ohio Railroad Company was filed yesterday in Mineral County Circuit Court by Attorneys H. R. Athey and H. G. Shores for Charles Owens, Rowlesburg, father of Elmer Owens, whose body was found in a cinder pit in the Keyser yards last December 17.

A declaration has not been filed but attorneys indicated the railroad is being charged with negligence in Owens' death.

Howard C. Dixon Park Will Open Next Week

WESTERNPORT — The official opening of the Howard C. Dixon Park and Playground, OakView, will be held next week, Mrs. Raymond I. Moore, chairman of the Tri-Towns Recreational Association, announced.

Mrs. Moore states that Dixon has granted the use of the site for an indefinite period to be available not only to the people living in the Oakview section of the community, but to residents of the Tri-Towns.

The ground has been cleared by people living in that vicinity and a set of swings purchased by the Recreational Association has been set up by employes of the town.

A fire place will be built under the supervision of Rev. Raymond L. Moore. The bricks are being donated by Vernon L. Frye, Maryland Avenue.

Already the children are using the swings and playing softball.

Russell DeVore, Jr., is manager of the playground.

Bank Directors Okay Contracts For Remodeling

Work To Begin Within 60 Days

MOOREFIELD, W. Va. — The directors of South Branch Valley National Bank have approved contracts for a $17,500 remodeling program which will be completed within the next three months.

A new floor will be laid in the banking rooms and the wooden beams now supporting the floor will be replaced with steel. A new outside entrance will replace the present concrete steps, and all the building foundation will be repaired.

The old counter will be replaced with the tellers' windows extending all the way across the bank. A customers' office and a cashier's office will be built. The ceiling will be lowered and sound-proofed, and new concealed fluorescent lighting fixtures will be placed in the ceiling.

New furniture and fixtures will replace the equipment now in use. New vault fixtures increasing the storage capacity will be installed.

The work should start within the next 60 days and the banking business will be conducted in the rooms at the rear of the present banking room for the period during the alterations.

The Valley Hotising Company, Timberville, Va., is the general contractor for the work and Courtney Welton, Richmond, Va., was the architect. The American Furniture and Fixtures Company, Richmond, Va., will supply the counter and offices and the O. M. Marquis Company, Cumberland, Md., received the order for the furniture and equipment.

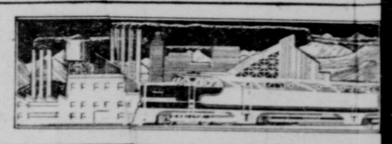
NEWS FROM THE TRI-STATE AREA



Legion Auxiliary Plans Activities

BARTON.—The regular meeting of the American Legion Auxiliary, Barton Post No. 189, was held Monday night in the Legion home with Mrs. Alleda Kimble, vice president, in charge.

Mrs. Louise Lamberson reported that $56 cleared from the July outdoor social was donated to Barton Citizen's Band.

The group voted to send two delegates to the Mountain District meeting to be held in Frostburg, Saturday, August 21. Delegates named were Mrs. Madeline Miller and Mrs. Louise Footen.

The project from last month, the decorating of the meeting room, was continued. Paper drapes have been purchased and the unit decided to purchase floor covering. An outdoor social will be held in the rear of the Legion's home Monday, August 16, to defray expenses of the project.

A bake sale will be held and Barton Citizen's Band will play a concert.

Delegate Discusses Wills

WESTERNPORT—Wills were discussed by Horace P. Whitworth, Jr., member of the House of Delegates, at the weekly luncheon of the Tri-Towns Rotary Club Wednesday at the Westernport Service Center.

Attorney Whitworth pointed out the importance of making a will and the forms that are used.

STATE OF WEST VIRGINIA
COUNTY OF MINERAL, to-wit:

I, James A. Dixon, Sheriff of Mineral County, do swear that the foregoing list is, I verily believe, correct and just, that I have received no part of the Taxes for which the amount therein mentioned is returned delinquent, and that I have used due diligence to find property within my County liable to distress for such taxes but have found none.

Any of the above amounts may be redeemed at my office with interest and costs added to date.

JAMES A. DIXON,
Sheriff of Mineral County.

Crash Of Plane Near Martinsburg Probed

FREDERICK, Md., Aug. 5 (AP)—Frank C. Thomas was buried here today while investigators probed the crash of the plane in which he and two companions were killed.

The 57-year-old general manager of the Standard Lime and Stone Company was aboard a small craft Tuesday morning when it plunged into a wooded area five minutes after leaving Martinsburg, W. Va., on a flight to Blacksburg, Va.

The pilot, 37-year-old E. C. Parkinson, Martinsburg, and George Baker Teide, 34-year-old Baltimore attorney and company official, also died. Teide was buried in Baltimore today.

Parkinson was president of the Martinsburg Flying Service and manager of the municipal airport there. Associates described him as a veteran airman and a capable pilot.

Pfc. Somerville To Be Reburied

FLINTSTONE—A reburial service will be held Sunday at 1 p. m. for Pfc. Joseph F. Somerville, 24, who was killed in Luxembourg January 11, 1945, at Assembly of God Church, Gilpintown, with Rev. Harry Barton, pastor, officiating. His body will arrive in Cumberland at 2 p. m. today and be taken to the home of his mother, Mrs. Minnie Somerville, Flintstone.

The son of the late Franklin Somerville, Pfc. Somerville graduated from Elk Garden High School in 1938 and entered the service in September 1942. He received training at Camp Wheeler, Ga., Camp Blanding, Fla., Fort Jackson, S. C., and Camp Campbell, Ky. He went overseas in August, 1944, with the 104th Infantry Regiment.

He is survived, in addition to his mother, by eight sisters, Mrs. Tilden Wilt, Deer Park; Mrs. William Wilt, Swanton; Mrs. Walter Maule, Shallmar; Mrs. Acie Simon, Shaw, W. Va.; Mrs. Elizabeth Weese, Mrs. Ruth Self and Mrs. Marshall Imes, all of Flintstone, and Mrs. Robert Saville, Cumberland.

Henry Hart Post No. 1411, Veterans of Foreign Wars, will have charge of the military rites at the grave in Murphy Cemetery, Garrett County.

NEWS FROM THE TRI-STATE AREA

Legion Auxiliary Plans Activities

BARTON.—The regular meeting of the American Legion Auxiliary, Barton Post No. 189, was held Monday night in the Legion home with Mrs. Alleda Kimble, vice president, in charge.

Mrs. Louise Lamberson reported that $56 cleared from the July outdoor social was donated to Barton Citizen's Band.

The group voted to send two delegates to the Mountain District meeting to be held in Frostburg, Saturday, August 21. Delegates named were Mrs. Madeline Miller and Mrs. Louise Footen.

The project from last month, the decorating of the meeting room, was continued. Paper drapes have been purchased and the unit decided to purchase floor covering. An outdoor social will be held in the rear of the Legion's home Monday, August 16, to defray expenses of the project.

A bake sale will be held and Barton Citizen's Band will play a concert.

Delegate Discusses Wills

WESTERNPORT—Wills were discussed by Horace P. Whitworth, Jr., member of the House of Delegates, at the weekly luncheon of the Tri-Towns Rotary Club Wednesday at the Westernport Service Center.

Attorney Whitworth pointed out the importance of making a will and the forms that are used.

Crash Of Plane Near Martinsburg Probed

FREDERICK, Md., Aug. 5 (AP)—Frank C. Thomas was buried here today while investigators probed the crash of the plane in which he and two companions were killed.

The 57-year-old general manager of the Standard Lime and Stone Company was aboard a small craft Tuesday morning when it plunged into a wooded area five minutes after leaving Martinsburg, W. Va., on a flight to Blacksburg, Va.

The pilot, 37-year-old E. C. Parkinson, Martinsburg, and George Baker Teide, 34-year-old Baltimore attorney and company official, also died. Teide was buried in Baltimore today.

Parkinson was president of the Martinsburg Flying Service and manager of the municipal airport there. Associates described him as a veteran airman and a capable pilot.

Pfc. Somerville To Be Reburied

FLINTSTONE—A reburial service will be held Sunday at 1 p. m. for Pfc. Joseph F. Somerville, 24, who was killed in Luxembourg January 11, 1945, at Assembly of God Church, Gilpintown, with Rev. Harry Barton, pastor, officiating. His body will arrive in Cumberland at 2 p. m. today and be taken to the home of his mother, Mrs. Minnie Somerville, Flintstone.

The son of the late Franklin Somerville, Pfc. Somerville graduated from Elk Garden High School in 1938 and entered the service in September 1942. He received training at Camp Wheeler, Ga., Camp Blanding, Fla., Fort Jackson, S. C., and Camp Campbell, Ky. He went overseas in August, 1944, with the 104th Infantry Regiment.

He is survived, in addition to his mother, by eight sisters, Mrs. Tilden Wilt, Deer Park; Mrs. William Wilt, Swanton; Mrs. Walter Maule, Shallmar; Mrs. Acie Simon, Shaw, W. Va.; Mrs. Elizabeth Weese, Mrs. Ruth Self and Mrs. Marshall Imes, all of Flintstone, and Mrs. Robert Saville, Cumberland.

NEWS FROM THE TRI-STATE AREA

Frostburg Group Hums Way To Best Quartet Title

Wins $50 Cash In Lonaconing Event

LONACONING — Turning the musical clock back to the beginning of the century with their songs and dress, the Frostburg Republican Club Quartet last night won undisputed honors to the Tri-State area Barbershop Quartet title and a $50 cash prize.

"Just a Dream of You, Dear," was the refrain that Darrell Zeller, Grant Hitchins, William Zeller and David Bender sang as they mimicked the barber shops and the cronies who met there before the safety razor was a must in the home.

The G.O.P. club boys warmed up on several other selections that "grandfather" hummed while the barber creased his beard, but they collected the $50 and trophy on the "Dream" number.

The Lonaconing quartet, a little short on the musical notes, lacked nothing in authentic dress of the turn of the century era and won $25 for the best dressed quartet that hummed before a capacity crowd in the Lonaconing Fire House. The group included:

Lowell Sowers, William Neff, James Woods and James Johnson. They were dressed like the Barber, Policeman, Dandy and Dude.

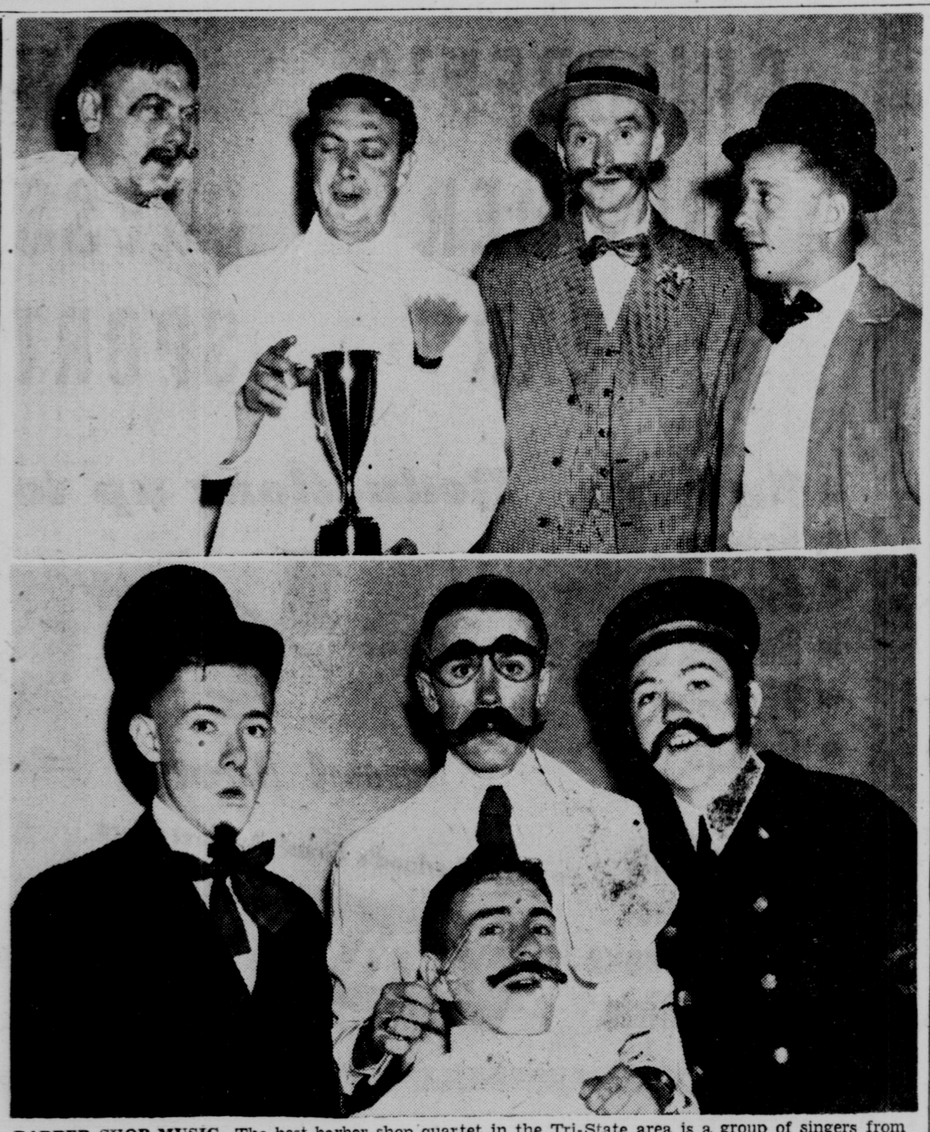
A second Frostburg contest entry won second prize of $10 for singing ability as they warbled at the feature event of the second night of Lonaconing's celebration marking the installation of new street lights.

John Thomas, Tommie Thomas, Joseph Footen and Arch Plumber comprised the second best singing quartet and along with the other two top entries gave an evening's performance that lasted for two hours.

Judges in the contest were Kenneth Malcom, Barton; Bonner Hardegan, Westernport; and Pinkney Holmes, Frostburg.

Tonight the Lonaconing Municipal Band will give a concert on Main Street between 7:30 and 8 o'clock.

Saturday night the Pythian Sisters Comedy Players will present their annual show in the Fireman's Hall under the direction of Mrs. Nellie Miller. The program will feature the Lonaconing Slickers.



BARBER SHOP MUSIC—The best barber shop quartet in the Tri-State area is a group of singers from Frostburg who last night won a trophy and $50 prize in Lonaconing warbling "turn of the century" tunes. They are (top picture, left to right) Darrell Zeller, William Zeller, Grant Hitchins and David Bender. Recalling just as much of the 1899 era by their dress were four Lonaconing men—(bottom) Paul Johnson (in barber chair) and behind him (left to right) Lowell Sowers, William Neff and Jack Wood. They won a $25 prize for the best dressed quartet to enter the contest held by the Municipal Street Light Committee.

Cpl. Slaubaugh Will Be Reburied

PARSONS, W. Va.—The body of Cpl Alfred Lawrence Slaubaugh, 31, who was killed in action in Italy has arrived home for reburial.

Cpl. Slaubaugh was born at Horseshoe Run, Preston County, April 21, 1913, a son of Alpha L., and Bertha Knotts Slaubaugh. He was graduated from grammar school, Slaubaugh Manor, and then was engaged in farming until he enlisted in the Army with the infantry on April 27, 1936, in Baltimore.

He was stationed during his first enlistment at Fort Washington and discharged on November 8, 1938. He re-enlisted and was sent to the Hawaiian Islands for two years after which he returned to Fort Lewis, Wash., until his discharge in November, 1941. On February 17, 1942, Cpl. Slaubaugh re-enlisted for the third time, joining the Paratroopers. He was trained at Fort George G. Meade, Camp Wheeler and Fort Benning Ga., and sent to overseas duty in North Africa May 1, 1943.

Cpl. Slaubaugh participated in the battles of Sicily, Tunisia and Algeria before Anzio Beachhead where he met his death January 25, 1944. He was first buried in the American cemetery at Nettuno, Italy.

Cpl. Slaubaugh was a member of the Mt. Grove Brethren Church and of the Fraternal Order of Eagles, Aerie No. 936, Davis. Members will attend the funeral service in a body. Honorary pallbearers will also be chosen from the order.

On Thursday morning his parents received a letter from the War Department stating that in addition to the Purple Heart awarded posthumously to their son, he was entitled to wear the American Defense medal, the American Campaign medal, the ETO ribbon with three bronze stars for the Naples, Foggia, Rome-Arno and Sicilian campaigns, the World War II Victory medal and the Combat Infantryman's badge.

At the time of his death he was with the 82nd Airborne Division of the 504th Paratrooper Division of the Infantry.

Surviving are his parents and the following brothers and sisters: Earl and Arnold, Falls Church, Va.; William, Elva and Mary Slaubaugh, all of Arlington, Va.; Mrs. Howard Kelley, Davis; Mrs. Ruth Luizzi, Providence, R. I.; Milton Floyd, Frank, John, Faye, Bessie and Shirley, all at home.

The body will remain at the Mott Spiggle Funeral Home in Davis until this evening when it will be removed to the Slaubaugh home at Horseshoe Run. On Sunday at 2 p. m. a funeral service will be conducted at the Brethren Church at Maple Springs by Rev. Galen Fike.

Interment will be in the Gnegy Cemetery near Red House, Md., with full military rites by Blue Ridge Post No. 22, American Legion, of Davis-Thomas.

NEWS FROM THE TRI-STATE AREA

Frostburg Group Hums Way To Best Quartet Title

Wins $50 Cash In Lonaconing Event

LONACONING — Turning the musical clock back to the beginning of the century with their songs and dress, the Frostburg Republican Club Quartet last night won undisputed honors to the Tri-State area Barbershop Quartet title and a $50 cash prize.

"Just a Dream of You, Dear," was the refrain that Darrell Zeller, Grant Hitchins, William Zeller and David Bender sang as they mimicked the barber shops and the cronies who met there before the safety razor was a must in the home.

The G.O.P. club boys warmed up on several other selections that "grandfather" hummed while the barber creased his beard, but they collected the $50 and trophy on the "Dream" number.

The Lonaconing quartet, a little short on the musical notes, lacked nothing in authentic dress of the turn of the century era and won $25 for the best dressed quartet that hummed before a capacity crowd in the Lonaconing Fire House. The group included:

Lowell Sowers, William Neff, James Woods and James Johnson. They were dressed like the Barber, Policeman, Dandy and Dude.

A second Frostburg contest entry won second prize of $10 for singing ability as they warbled at the feature event of the second night of Lonaconing's celebration marking the installation of new street lights.

John Thomas, Tommie Thomas, Joseph Footen and Arch Plumber comprised the second best singing quartet and along with the other two top entries gave an evening's performance that lasted for two hours.

Judges in the contest were Kenneth Malcom, Barton; Bonner Hardegan, Westernport; and Pinkney Holmes, Frostburg.

Tonight the Lonaconing Municipal Band will give a concert on Main Street between 7:30 and 8 o'clock.

Saturday night the Pythian Sisters Comedy Players will present their annual show in the Fireman's Hall under the direction of Mrs. Nellie Miller. The program will feature the Lonaconing Slickers.

BARBER SHOP MUSIC—The best barber shop quartet in the Tri-State area is a group of singers from Frostburg who last night won a trophy and $50 prize in Lonaconing warbling "turn of the century" tunes. They are (top picture, left to right) Darrell Zeller, William Zeller, Grant Hitchins and David Bender. Recalling just as much of the 1899 era by their dress were four Lonaconing men—(bottom) Paul Johnson (in barber chair) and behind him (left to right) Lowell Sowers, William Neff and Jack Wood. They won a $25 prize for the best dressed quartet to enter the contest held by the Municipal Street Light Committee.

Cpl. Slaubaugh Will Be Reburied

PARSONS, W. Va.—The body of Cpl Alfred Lawrence Slaubaugh, 31, who was killed in action in Italy has arrived home for reburial.

Cpl. Slaubaugh was born at Horseshoe Run, Preston County, April 21, 1913, a son of Alpha L., and Bertha Knotts Slaubaugh. He was graduated from grammar school, Slaubaugh Manor, and then was engaged in farming until he enlisted in the Army with the infantry on April 27, 1936, in Baltimore.

He was stationed during his first enlistment at Fort Washington and discharged on November 8, 1938. He re-enlisted and was sent to the Hawaiian Islands for two years after which he returned to Fort Lewis, Wash., until his discharge in November, 1941. On February 17, 1942, Cpl. Slaubaugh re-enlisted for the third time, joining the Paratroopers. He was trained at Fort George G. Meade, Camp Wheeler and Fort Benning Ga., and sent to overseas duty in North Africa May 1, 1943.

Cpl. Slaubaugh participated in the battles of Sicily, Tunisia and Algeria before Anzio Beachhead where he met his death January 25, 1944. He was first buried in the American cemetery at Nettuno, Italy.

Cpl. Slaubaugh was a member of the Mt. Grove Brethren Church and of the Fraternal Order of Eagles, Aerie No. 936, Davis. Members will attend the funeral service in a body. Honorary pallbearers will also be chosen from the order.

On Thursday morning his parents received a letter from the War Department stating that in addition to the Purple Heart awarded posthumously to their son, he was entitled to wear the American Defense medal, the American Campaign medal, the ETO ribbon with three bronze stars for the Naples, Foggia, Rome-Arno and Sicilian campaigns, the World War II Victory medal and the Combat Infantryman's badge.

At the time of his death he was with the 82nd Airborne Division of the 504th Paratrooper Division of the Infantry.

Surviving are his parents and the following brothers and sisters: Earl and Arnold, Falls Church, Va.; William, Elva and Mary Slaubaugh, all of Arlington, Va.; Mrs. Howard Kelley, Davis; Mrs. Ruth Luizzi, Providence, R. I.; Milton Floyd, Frank, John, Faye, Bessie and Shirley, all at home.

The body will remain at the Mott Spiggle Funeral Home in Davis until this evening when it will be removed to the Slaubaugh home at Horseshoe Run. On Sunday at 2 p. m. a funeral service will be conducted at the Brethren Church at Maple Springs by Rev. Galen Fike.

Interment will be in the Gnegy Cemetery near Red House, Md., with full military rites by Blue Ridge Post No. 22, American Legion, of Davis-Thomas.

Governor Lane Plans To Attend AP Meeting

Governor William Preston Lane, Jr., is planning to accompany Maryland newspaper publishers and editors on a cruise across Chesapeake Bay to Cambridge during the annual fall meeting of the Chesapeake Association of the Associated Press September 25-26, it was announced last night.

Newspaper publishers and editors will leave Annapolis at noon, September 25, and cross Chesapeake Bay on the state yacht Potomac, Chairman Harry H. Robinson, managing editor of The Cumberland News, said.

Upon arrival at Cambridge, the business session will be held. Robinson said business will include action on a report of the association's continuing study committee, headed by Edwin Young, city editor of the Baltimore Evening Sun. Election of officers will also be held.

Joint hosts to the association at the Cambridge Country Club Saturday night will be the Cambridge Banner and the Salisbury Times.

Members will return Sunday afternoon to Annapolis aboard the Potomac.

Lions See Movie On Barrel Industry

Members of the local Lions Club saw a film on the barrel industry at their regular luncheon meeting Wednesday at Central YMCA.

George M. Jones, baritone, sang several popular songs, accompanied by R. C. Gilpatrick. Winfield Adam was in charge of the program.

Bert J. Graham was fined by William Dolder, substitute Tail Twister, for being the newest bridegroom in the club.

Albert E. Windish, president, welcomed the following out-of-town guests: R. J. Pickrel, Washington; George M. Jones, Hyattsville; R. C. Gilpatrick, Washington; N. W. Morrison, Washington, and Robert B. Walker, Washington.

Athletics Cop Pair From Sox And Tie Yanks

Three Homers Mark 3-0 And 7-4 Games

CHICAGO, Aug. 5 (AP)—The Philadelphia Athletics, who haven't had a home run in Chicago's Comiskey Park since 1946, today used three round trippers to win a doubleheader, 3-0 and 7-4, against the Chicago White Sox before 8,053 persons.

After Joe Coleman pitched a six-hitter for his eleventh win, Don White and Sam Chapman used homers to clinch the second game.

The twin victory lifted Philadelphia into a second place tie with New York in American League standings, two percentage points behind Cleveland.

The A's built up a 2-0 lead in the opener against Marino Pieretti in the 6th inning. Chapman singled and scored on Ferris Fain's triple. Fain counted on Hank Majeski's infield roller.

Majeski broke the homer famine when he opened the ninth with his No. 10 off Joe Haynes, Pieretti's successor.

The full house stage for White's round tripper in the second game against Frank Papish, who went the distance on a yield of six hits, was set with a walk, Chapman's scratch single and Luke Appling's boot. Then White drilled his first major league homer into the lower deck of the left field pavilion.

The White Sox evened it at 4-all before Papish ran into trouble in the ninth. Eddie Joost walked and scored on Barney McCosky's double. Chapman followed with his homer, scoring behind McCosky.

This belated spurt gave Carl Scheib, who replaced starter Bill McCahan in the fifth, his eighth decision. Box:

YANKS WIN 5TH IN ROW

DETROIT, Aug. 5. (AP)—Cashing in on three timely doubles, the New York Yankees nipped the Detroit Tigers 2 to 1 today to run their winning streak to five games.

Allie Reynolds scattered six hits to best Freddie Hutchinson in a tight pitchers' duel but had to have help in the ninth from fireman Joe Page, big New York lefthander.

Page came on after Dick Wakefield tripled to put the tying run on third with one out in the last half of the ninth. He cemented Reynolds' 11th victory by getting pinch-hitter Jimmy Outlaw on a grounder—Wakefield holding third—and fanning pinch-hitter Bob Swift with three called strikes.

New York got only seven hits off Hutchinson but three of them were potent doubles that gave Reynolds both the runs he needed. Box:

Russ Meyer Of Cubs Fined And Suspended For Pushing Umpire

BROOKLYN, Aug. 5 (AP)—Russ Meyer, Chicago Cubs' righthander, today drew a seven day suspension and a $150 fine from Ford Frick, National League president, for having pushed Umpire Frank Dascoli and for using "severe, profane language" as the Cubs lost to the Brooklyn Dodgers here last night.

Meyer, who started the game, exploded when Dascoli, working behind the plate, called Jackie Robinson safe at home on a stolen base in the first inning. Dascoli ordered the pitcher from the game.

U. S. Olympic Oarsmen Make Terrific Showing

Win Heats In Five Of Seven Contests

By JOE THOMAS
International News Service Staff Correspondent

LONDON, Aug. 5 (INS)—America's Olympic oarsmen made a terrific showing over the Henley course on the Thames today.

They won their heats in five of the seven different types of rowing, and ran second and third in the other two.

The University of California's magnificent eight-oared crew rowed to an impressive victory over Yugoslavia and France and covered the route in a sparkling 5:59.1.

The 2000-meter course was found to be 71 yards short and so no new records are possible.

The Yugoslavs rowed bow to bow with the Californians for a short time, but at the end of 400 yards the Americans had taken a half length lead and gradually increased this to win with ease.

Jack Kelly Scores

Jack Kelly, Jr. of the University of Pennsylvania, won his trial heat in the single sculls with ridiculous ease. He went the Henley route in 7:39.7 but it was apparent he could have done much better if either Brunnquist of Sweden or Calonja of Spain had been able to press him. They finished in that order far behind him.

Jack opened up with a racing 45-beat but quickly dropped to a loafing 33 after he had noted the caliber of his opponents.

Yale won its heat from the Argentine and Hungary in the four-oared without coxswain event, going the route in 6:54.8. The American four—Bob Perew, Gregory Gates, Stuart Griffin and John Kingsbury—won handily.

The University of Washington continued the American victory march with an easy decision over Great Britain in the 4-oared with coxswain event. The big fellows from the northwest breezed home in 6:48.4.

Art Gallagher of Philadelphia and Joe Argyal of New York teamed up to win their heat in the double sculls event from Argentina and Hungary. The Americans were clocked in 7:1.3.

Austrians Are Victors

Austria scored a quarter length victory over Ralph Stephan and John Wade of Yale in the two-oared without coxswain event. Sweden was a badly beaten third.

Yugoslavia won the two-oared wtih coxswain race from Great Britain and the U.S.A. The winners were timed in 7:59.

Joe Toland was bow oar in the American shell, Johnny Deeney, stroke, and John McIntry, coxswain. All are from the Vesper Boat Club, Philadelphia.

Every crew must be beaten twice to be eliminated. The losing crews in each event will meet tomorrow.

Bob Porterfield Will Join Yanks

Righthander Has Won 15 Games For Newark

NEWARK, N. J., Aug. 5 (AP)—Bob Porterfield, ace pitcher for the Newark Bears in the International League, has been sent up to the New York Yankees, Parke Carroll, Bears' general manager, announced today.

Porterfield, who has won 15 games for the Bears so far this season, is scheduled to leave Montreal where the team has been playing today by plane to join the Yankees.

Carroll said Porterfield would join the Yankees, parent club of the Bears, either in Detroit or Cleveland.

The 23-year-old Porterfield—his first name actually is Ervin—has been in organized baseball three years. A righthander, he first pitched for Radford, Va., his home town, in the Class D Blue Ridge League. He won 12 and lost three in the 1946 campaign. At the end of the season, he went to Norfolk in the Piedmont League, a Class B circuit, where he won two and lost three in 1946. Last year he notched 17 victories as against nine defeats for Norfolk before joining the Bears.

Today's PITCHERS

NEW YORK, Aug. 5 (AP)—Probable pitchers for tomorrow's major league games: (won and lost records in parentheses)

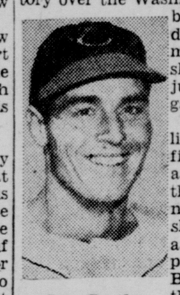
Moose Teams To Meet

Cumberland's Loyal Order of Moose team of the Rocking Chair Softball League will play the Keyser Moose tossers today at 6:15 p. m. at Fort Hill Field.

Cleveland Blanks Senators; Hegan, Bearden Feature

Tribe Pulls Six Double Plays In 3-0 Conquest

CLEVELAND, Aug. 5—(AP)—The Cleveland Indians kept their slim hold on first place in the American League today with a 3-0 victory over the Washington Nationals, but Lou Boudreau, the Tribe's manager and star shortstop, was injured in the game.



Gene Bearden

Boudreau collided with left-fielder Gil Coan at second base in the seventh inning when the shortstop dove for a bad throw from pitcher Gene Bearden to make the putout. He finished play in the top half of the seventh then left the game.

Dr. Ed Castle, Cleveland club physician, said X-rays showed Boudreau's right shoulder, right knee and right ankle were only bruised and that he might be able to play in the important four game series opening here with the New York Yankees tomorrow.

Catcher Jim Hegan's 10th and 11th homers and one by Bearden were the only Cleveland hits. They enabled Bearden to take a six-hit shutout as his ninth victory against three defeats.

The batterymates homered in succession in the third inning off Rae Scarborough in the third, and Hegan did it again off Tom Ferrick in the eighth.

The Cleveland infield came within one of equalling the major league double play record for a single game by turning in six twin-killings. By participating in five of them, second baseman Joe Gordon equalled the individual player record for a single game. Box:

BOSOX EDGE BROWNS

ST. LOUIS, Aug. 5 (INS)—The Boston Red Sox nosed out the St. Louis Browns, 8 to 7, in the last of a three-game series before 2,563 fans today.

Vern Stephens' single after Johnny Pesky's hit and a sacrifice broke a 7 to 7 deadlock in the eighth to give the Red Sox the series, two victories to one.

The Sox, with a 7 to 1 lead in the fifth inning, saw it dwindle as the Browns counted five times in the fifth and then put over the tying run in the sixth against Dave Ferris.

Tex Hugson, who pitched the last three innings, got credit for the victory. Box:

BOSTON BRAVES TRIM CINCINNATI REDS, 6-4

BOSTON, Aug. 5 (AP)—Boston's Braves tonight rallied for two runs after two were out in the eighth inning and defeated the Cincinnati Reds 6-4 ending a losing streak which had extended through four games. A somewhat chilled crowd of 13,521 saw Tommy Holmes single, Al Dark poke his second double of the night and Earl Torgeson lash a triple into left center for the two winning runs. Score:

Locke, Barron Tied For Lead In Golf Meet

Post 208 For 54 Holes, Final Round Set Today

By CHARLES EINSTEIN
International News Service Sports Writer

CHICAGO, Aug. 5 (INS)—Bobby Locke dropped a 10-foot uphill putt for a birdie-3 on the 18th green today to tie Herman Barron for the lead in the $31,000 All-American professional golf championship.

A final 18 holes tomorrow will determine the tourney winner.

Locke, the defending champion, and Barron, who won George S. May's money-laden offering in 1946, both recorded 54-hole totals of 208, one stroke up on two other links-wise veterans, Florida's Pete Cooper and Lloyd Mangrum, the home pro at Tam O'Shanter.

At 210, six strokes under total par for the distance so far, was slim Henry Ransom, creator of a starting five-under-par 67 during today's third round. Bill Nary, the adept Californian, had a 70 today for 211.

In all, 15 professionals, or one out of every six in the pared 90-man field, were under total par for the distance.

After Nary's 211 came two 212s, possessed by Dick Metz and Herman Keiser.

Five 213s were distributed among Porky Oliver, Jimmy Demaret, Chandler Harper, Sam Snead, and Ralph Guldahl, the Chicagoan who won two U. S. Open championships some years ago, and set a new course record at Tam O'Shanter during Tuesday's first round with an eight-under-par 64.

This proved overwhelming for Guldahl. He fell off to a one-over-par 73 yesterday and today had an unpleasant 76.

Sam Byrd and Jim Foulis, both with 215s, finished off the list of those under total par in the race for $5,000 first money in golfdom's richest offering.

Besides Ransom, Carry Middlecoff of Memphis also supplied a five-under-par 67 today, but he remained well off the pace with 217.

In drawing into a tie a stroke behind the leaders at 209, Mangrum and Cooper both were at the top of their respective games.

STRANAHAN, BRINK TIED

CHICAGO, Aug. 5 (INS)—Frank Stranahan, the Toledo, O., strongboy, shot a 67 today to tie Harold Brink of Grand Rapids, Mich., for leadership of the All-American Amateur Golf Tournament.

The final 18-holes of golf's best paying tournament will be played tomorrow at Tam O'Shanter Country Club.

Brink fell off to a four-over-par 76 today, and that, coupled with Stranahan's five-under-par success, left them tied at 216, even par for the 54 holes played so far.

One stroke behind, at 217, were national amateur champion Skee Riegel of Glendale, Calif.; Gardner Dickinson, Jr., of Fort Benning, Ga., and Wilfred Wehrle of Louisville, Ky.

Corriganville Wins, Takes Fourth Place

Wellersburg Edges Phone Workers, 8-7

Corriganville moved into fourth place in the County Softball League yesterday by defeating Narrows Park's Cardinals at Narrows Park by the score of 7-6.

The defeat dropped the Park team into 5th place.

Corriganville now has a 26-17 record and the Park 26-18. The Corgs trail the third place Hyndman Firemen by a full game.

Dan Mattingly was the "big gun" for Corriganville with four hits in four trips to the plate—two doubles and two singles—while Ken Troutman of the Park collected a triple, homer and base on balls.

Wellersburg scored two runs in the last of the 7th to eke out an 8-7 decision over the Telephone Workers at Wellersburg. Pinch-hitters Frank Toler and Jimmie Emerick started the fireworks by hitting safely. A stolen base and wild pitch netted the tying marker and Kennell's single sent over the winning run.

Ralph Baker led Wellersburg at the plate with three hits. Weimer and Charley O'Baker of Wellersburg and Davis and Canfield of the Telephone Workers had two hits each.

Other games were postponed on account of wet grounds.

Today Narrows Park plays a double header at Allegany Grove. In single games Wellersburg plays at Corriganville, Bedford Road at Potomac Valley and the Phone Workers at Hyndman Firemen. Scores:

Patty Berg Leads

CHICAGO, Aug. 5 (INS)—Patty Berg of Minneapolis today picked up another stroke on Babe Didrikson Zaharias to hold a two-swing edge at the three-quarter mark of the $4,500 All-American Women's Open Golf Tournament at Tam O'Shanter.

Miss Berg had a four-over-par 80 today while her arch foe had to settle for an 81. That left Patty at 236 strokes for 54 holes and The Babe at 238 with only tomorrow's final 18-hole round to go.

WINT WINS 400 METERS—Arthur Wint (left) of Jamaica, B.W.I., wins the Olympic 400-meter run at Wembley Stadium, Wembley, England, leading his teammate Herb McKenley, (right) who placed second and the U. S. hope, Mal Whitfield (center) of Ohio State, who placed third. Wint tied the existing Olympic record of 46.2, with McKenley's time set at 46.4 seconds, and Whitfield at 46.9. Clifton To Get $10,000
Seth Gordon Will Retire
The Colonel Govans Case
Batter Hit Ball Too High

By C. V. BURNS

When the All-American Professional Basketball League opens its second season in December one of its outstanding stars of the 1947-48 campaign will be among the missing.

Nathaniel "Sweetwater" Clifton, 6-foot-9 center who starred for the Dayton (Ohio) Metropolitans, last season's champions, has signed a contract for $10,000 to play for the Harlem Globetrotters, according to Abe Saperstein, promoter of the famous negro team which has appeared here on several occasions.

This is the highest salary ever offered a negro basketball player.

Clifton played with the Dayton Mets for the past two years. He was with the New York Rens for post-season tournaments.

Carroll Boggs, pro at the Cumberland Country Club, tells the one about two duffers who were having an argument about the fairway sport.

"Listen here," yelled one, "the other day I broke 60 and that's a lot of clubs."

When Ralph Thuss rapped out a base hit to start the rally that enabled the Amvets to tie the score in the 9th inning of their game with Mt. Savage here Sunday, Manager Norman Gerdeman remarked: "That boy was so happy he wouldn't have traded places with Truman."

Seth Gordon, one of the best know conservationists in the United States, will retire as executive director of the Pennsylvania Game Commission on October 16. He will devote himself to national conservation work.

Mr. Gordon, who local sportsmen have heard speak on a number of occasions, has served the Pennsylvania Game Commission for 25 years. His successor will be Thomas D. Frye of Westmoreland country.

Cumberland's horse show will be held at Fairgo September 25 and 26 the week following the fair and harness races.

When the Cumberland race meeting ended last week we were sort of bewildered over the decision the stewards handed down in the Colonel Govans case.

Colonel Govans won the 6½ furlongs third race on Cumberland Day at the nice price of $10.40 for $2.

The same horse had run 7th over the same distance on July 24, the fourth day of the meeting.

The stewards ruled that Colonel Govans was being placed on the suspended list for "inconsistent" racing after he won the second time out.

Here's why we're a bit groggy.

On opening day Dr. Jeep finished 8th in the 6½ furlongs fifth race. In the 4th race on "Getaway Day" Dr. Jeep won at 6½ furlongs and paid off to the tune of $44.60 for two bucks.

Was that consistent racing?

Wonder why Maryland and West Virginia refuse to fall in line with the "Consolation Daily Double" idea adopted by other states?

On the eighth day of the meeting here Toonerville and Come Eleven (1 and 7) were the winning Daily Double combination but Come Eleven was scratched and the bettors got a $2 refund. Toonerville returned $10.40 on $2 straight tickets.

If other states can accommodate the bettors with a "consolation double" why not Maryland?

Eddie Sawyer, new manager of the Phillies, is a good story teller and he came up the other day with one about the youngster who reported to him for a tryout while he was managing Birmingham.

"He was a fine, big youngster who looked like he might be worthwhile and I gave him a suit and sent him to the outfield," Sawyer said.

"He was terrible. He stumbled around, got hit on the head and looked like my young daughter trying to catch a fly. I finally called him in. 'Is there anything the matter?' I asked. 'You told me you were an outfielder.'

"Without even cracking a smile, he replied, 'I'm a left fielder, not a right fielder, and you put me in right field.' So I sent him to left field, but it was the same story. 'Didn't you say you were a good fielder?' I asked.

"He nodded, 'I am,' he replied, 'but I never had anyone hit 'em as high as that before.'"

Tom Dowd, road secretary of the Boston Red Sox, tells this one about Billy Goodman, 22-year-old first sacker.

The team was in St. Louis and Sam Zoldak was still with the Browns.

Dowd asked Goodman if it annoyed him to be going there against a left-handed pitcher.

"Not unless he throws two balls at once," Goodman replied.

WESTVACO, AMVETS CLASH IN BI-STATE GAME HERE TODAY

Danny Drew is slated to working on the firing line today when the Cumberland Amvets play hosts to the Westvaco Club in Bi-State Baseball League game at 5:30 p. m. at Community Park.

Leo Ryan will likely receive the pitching assignment for the Papermakers.

The Bi-State game scheduled here yesterday between Frostburg V.F.W. and the Amvets was postponed on account of wet grounds.

Queen City's game with Fort Cumberland Post, American Legion, at Stitcher Field, also was cancelled for the same reason.

CENTURY A. C. WINS, CLINCHES 1ST PLACE

FROSTBURG, Aug. 5—The Century A. C. clinched first place in the Frostburg Softball League today by defeating the Aristocrats by the score of 10-6.

It was the 19th victory against two losses for the C.A.C. The Aristocrats have won 15 and lost 9.

J Hughes and M. Davis of the C.A.C. and J. Gordon of the Aristocrats garnered two hits each while N. Harper of the losers connected for a triple.

The game between St. Michael's and Twigg's was postponed on account of wet grounds. Score:

An outfield fly followed by a wild throw over third base and an error by the catcher, enabled the Fraternal Order of Eagles to score three runs in the 10th inning and defeat the Amvets by the score of 9-7 yesterday in a Rocking Chair Softball League game at Fort Hill Field.

With the bases loaded Jones hoisted a fly to Morris who caught the ball then heaved it over the third sacker's head and one runner scored. Kelly then let the throw to the plate get away from him and two more runs trickled over the platter.

The wild finish climaxed a pitching duel between Bob Chisholm and Don Knieriem and enabled the Eagles to retain their two-game lead. Knieriem fanned seven.

Fradiska with a triple and single and Jones with two singles led the Eagles' offensive while Morris had four hits and Suter Kegg banged a triple and single for the losers.

The game was highlighted by sensational fielding on the part of Hickle, shortstop, and Washabaugh, right fielder, of the Amvets.

The Loyal Order of Moose handed the K. of C. an 8-6 setback at Taylor Field. Frank Williams and Lonnie Jackson sparked the attack with a homer and single each while John Angellatta pounded out two singles. Green got two hits and Driver walloped a homer for the Knights.

Amassing a total of 22 hits, the Outdoor Club swamped Potomac Edison, 18-3, at Campobello. Hahn, Cubbage, Whitman and Curt Twigg had three hits each for the Outdoor Club while Minke had a triple and single for P.E. Louie Twigg kept P.E.'s eight hits well scattered.

The B.P.O. Elks won via the forfeit route when Celanese was unable to field a team for the game at East Side Field. Scores:

Argentina Cagers Beat Plucky Peruvians, 42-34

LONDON, Aug. 5 (INS)—America's undefeated basketball team was idle today but will play in tomorrow's final preliminary round. The U. S. court stars already are assured of a place in the eight-team round-robin which will determine the eventual Olympic champion.

Three Latin-American teams which are considered a threat to America's hardwood hopes, won their matches today.

Argentina, which is in the same division as the U. S. and lost by but two points to the towering American squad, defeated a plucky Peruvian team, 42 to 34.

Brazil's entry notched its fifth straight win and entered the round-of-eight by whipping Italy 47 to 31.

The Mexican court stars also gained the finals by shellacking Iran, 68 to 27. Mexico used her stars throughout in an obvious effort to coordinate them for the approaching tough games in the round-robin.

The Cuban team, which is in the same division as Mexico shellacked a raw, inexperienced Irish team, 88 to 25.

By GAYLE TALBOT

OLYMPIC STADIUM, Wembley, England, Aug. 5 (AP)—America's 20-year monopoly on the Olympic 400 meter run went boom today when a pair of former high school teammates from Kingston, Jamaica, ran the legs off the best Uncle Sam could produce.

One of them, a gangling, coffee-colored speedster named Arthur Wint, circled the red Olympic track in 46.2 seconds to win the classic middle-distance event by two yards and equal the games record set by Bill Carr of the United States at Los Angeles in 1932.

The towering Jamaican made up fully six yards in a spectacular stretch drive in which he nailed his countryman, the famous Herb McKenley, 15 yards from the finish wire.

Whitfield Finishes Third

McKenley, in turn, flashed across four yards in front of Mal Whitfield, the American Air Forces sergeant who earlier in the week captured the 800 meters.

Athletics Cop Pair From Sox And Tie Yanks

Three Homers Mark 3-0 And 7-4 Games

CHICAGO, Aug. 5 (AP)—The Philadelphia Athletics, who haven't had a home run in Chicago's Comiskey Park since 1946, today used three round trippers to win a doubleheader, 3-0 and 7-4, against the Chicago White Sox before 8,053 persons.

After Joe Coleman pitched a six-hitter for his eleventh win, Don White and Sam Chapman used homers to clinch the second game.

The twin victory lifted Philadelphia into a second place tie with New York in American League standings, two percentage points behind Cleveland.

The A's built up a 2-0 lead in the opener against Marino Pieretti in the 6th inning. Chapman singled and scored on Ferris Fain's triple. Faln counted on Hank Majeski's infield roller.

Majeski broke the homer famine when he opened the ninth with his No. 10 off Joe Haynes, Pieretti's successor.

The full house stage for White's round tripper in the second game against Frank Papish, who went the distance on a yield of six hits, was set with a walk, Chapman's scratch singl. and Luke Appling's boot. Then White drilled his first major league homer into the lower deck of the left field pavilion.

The White Sox evened it at 4-all before Papish ran into trouble in the ninth. Eddie Joost walked and scored on Barney McCosky's double. Chapman followed with his homer, scoring behind McCosky.

This belated spurt gave Carl Scheib, who replaced starter Bill McCahan in the fifth, his eighth decision. Box:

YANKS WIN 5TH IN ROW

DETROIT, Aug. 5. (AP)—Cashing in on three timely doubles, the New York Yankees nipped the Detroit Tigers 2 to 1 today to run their winning streak to five games.

Allie Reynolds scattered six hits to best Freddie Hutchinson in a tight pitchers' duel but had to have help in the ninth from fireman Joe Page, big New York lefthander.

Page came on after Dick Wakefield tripled to put the tying run on third with one out in the last half of the ninth. He cemented Reynolds' 11th victory by getting pinch-hitter Jimmy Outlaw on a grounder—Wakefield holding third—and fanning pinch-hitter Bob Swift with three called strikes.

New York got only seven hits off Hutchinson but three of them were potent doubles that gave Reynolds both the runs he needed. Box:

Russ Meyer Of Cubs Fined And Suspended For Pushing Umpire

BROOKLYN, Aug. 5 (AP)—Russ Meyer, Chicago Cubs' righthander, today drew a seven day suspension and a $150 fine from Ford Frick, National League president, for having pushed Umpire Frank Dascoli and for using "severe, profane language" as the Cubs lost to the Brooklyn Dodgers here last night.

Meyer, who started the game, exploded when Dascoli, working behind the plate, called Jackie Robinson safe at home on a stolen base in the first inning. Dascoli ordered the pitcher from the game.

U. S. Olympic Oarsmen Make Terrific Showing

Win Heats In Five Of Seven Contests

By JOE THOMAS
International News Service Staff Correspondent

LONDON, Aug. 5 (INS)—America's Olympic oarsmen made a terrific showing over the Henley course on the Thames today.

They won their heats in five of the seven different types of rowing, and ran second and third in the other two.

The University of California's magnificent eight-oared crew rowed to an impressive victory over Yugoslavia and France and covered the route in a sparkling 5:59.1.

The 2000-meter course was found to be 71 yards short and so no new records are possible.

The Yugoslavs rowed bow to bow with the Californians for a short time, but at the end of 400 yards the Americans had taken a half length lead and gradually increased this to win with ease.

Jack Kelly Scores

Jack Kelly, Jr. of the University of Pennsylvania, won his trial heat in the single sculls with ridiculous ease. He went the Henley route in 7:39.7 but it was apparent he could have done much better if either Brunnquist of Sweden or Calonja of Spain had been able to press him. They finished in that order far behind him.

Jack opened up with a racing 45-beat but quickly dropped to a loafing 33 after he had noted the caliber of his opponents.

Yale won its heat from the Argentine and Hungary in the four-oared without coxswain event, going the route in 6:54.8. The American four—Bob Perew, Gregory Gates, Stuart Griffin and John Kingsbury—won handily.

The University of Washington continued the American victory march with an easy decision over Great Britain in the 4-oared with coxswain event. The big fellows from the northwest breezed home in 6:48.4.

Art Gallagher of Philadelphia and Joe Argyal of New York teamed up to win their heat in the double sculls event from Argentina and Hungary. The Americans were clocked in 7:1.3.

Austrians Are Victors

Austria scored a quarter length victory over Ralph Stephan and John Wade of Yale in the two-oared without coxswain event. Sweden was a badly beaten third.

Yugoslavia won the two-oared with coxswain race from Great Britain and the U.S.A. The winners were timed in 7:59.

Joe Toland was bow oar in the American shell, Johnny Deeney, stroke, and John McIntry, coxswain. All are from the Vesper Boat Club, Philadelphia.

Every crew must be beaten twice to be eliminated. The losing crews in each event will meet tomorrow.

Bob Porterfield Will Join Yanks

Righthander Has Won 15 Games For Newark

NEWARK, N. J., Aug. 5 (AP)—Bob Porterfield, ace pitcher for the Newark Bears in the International League, has been sent up to the New York Yankees, Parke Carroll, Bears' general manager, announced today.

Porterfield, who has won 15 games for the Bears so far this season, is scheduled to leave Montreal where the team has been playing today by plane to join the Yankees.

Carroll said Porterfield would join the Yankees, parent club of the Bears, either in Detroit or Cleveland.

The 23-year-old Porterfield—his first name actually is Ervin—has been in organized baseball three years. A righthander, he first pitched for Radford, Va., his home town, in the Class D Blue Ridge League. He won 12 and lost three in the 1946 campaign. At the end of the season, he went to Norfolk in the Piedmont League, a Class B circuit, where he won two and lost three in 1946. Last year he notched 17 victories as against nine defeats for Norfolk before joining the Bears.

Tribe Pulls Six Double Plays In 3-0 Conquest

CLEVELAND, Aug. 5—(AP)—The Cleveland Indians kept their slim hold on first place in the American League today with a 3-0 victory over the Washington Nationals, but Lou Boudreau, the Tribe's manager and star shortstop, was injured in the game.

Gene Bearden

Boudreau collided with leftfielder Gil Coan at second base in the seventh inning when the shortstop dove for a bad throw from pitcher Gene Bearden to make the putout. He finished play in the top half of the seventh then left the game.

Dr. Ed Castle, Cleveland club physician, said X-rays showed Boudreau's right shoulder, right knee and right ankle were only bruised and that he might be able to play in the important four game series opening here with the New York Yankees tomorrow.

Catcher Jim Hegan's 10th and 11th homers and one by Bearden were the only Cleveland hits. They enabled Bearden to take a six-hit shutout as his ninth victory against three defeats.

The batterymates homered in succession in the third inning off Rae Scarborough in the third, and Hegan did it again off Tom Ferrick in the eighth.

The Cleveland infield came within one of equalling the major league double play record for a single game by turning in six twin-killings. By participating in five of them, second baseman Joe Gordon equalled the individual player record for a single game. Box:

BOSOX EDGE BROWNS

ST. LOUIS, Aug. 5 (INS)—The Boston Red Sox nosed out the St. Louis Browns, 8 to 7, in the last of a three-game series before 2,563 fans today.

Vern Stephens' single after Johnny Pesky's hit and a sacrifice broke a 7 to 7 deadlock in the eighth to give the Red Sox the series, two victories to one.

The Sox, with a 7 to 1 lead in the fifth inning, saw it dwindle as the Browns counted five times in the fifth and then put over the tying run in the sixth against Dave Ferris.

Tex Hugson, who pitched the last three innings, got credit for the victory. Box:

Locke, Barron Tied For Lead In Golf Meet

Post 208 For 54 Holes, Final Round Set Today

By CHARLES EINSTEIN
International News Service Sports Writer

CHICAGO, Aug. 5 (INS)—Bobby Locke dropped a 10-foot uphill putt for a birdie-3 on the 18th green today to tie Herman Barron for the lead in the $31,000 All-American professional golf championship.

A final 18 holes tomorrow will determine the tourney winner.

Locke, the defending champion, and Barron, who won George S. May's money-laden offering in 1946, both recorded 54-hole totals of 208, one stroke up on two other links-wise veterans, Florida's Pete Cooper and Lloyd Mangrum, the home pro at Tam O'Shanter.

At 210, six strokes under total par for the distance so far, was slim Henry Ransom, creator of a starting five-under-par 67 during today's third round. Bill Nary, the adept Californian, had a 70 today for 211.

In all, 15 professionals, or one out of every six in the pared 90-man field, were under total par for the distance.

After Nary's 211 came two 212s, possessed by Dick Metz and Herman Keiser.

Five 213s were distributed among Porky Oliver, Jimmy Demaret, Chandler Harper, Sam Snead, and Ralph Guldahl, the Chicagoan who won two U. S. Open championships some years ago, and set a new course record at Tam O'Shanter during Tuesday's first round with an eight-under-par 64.

This proved overwhelming for Guldahl. He fell off to a one-over-par 73 yesterday and today had an unpleasant 76.

Sam Byrd and Jim Foulis, both with 215s, finished off the list of those under total par in the race for $5,000 first money in golfdom's richest offering.

Besides Ransom, Carry Middlecoff of Memphis also supplied a five-under-par 67 today, but he remained well off the pace with 217.

In drawing into a tie a stroke behind the leaders at 209, Mangrum and Cooper both were at the top of their respective games.

STRANAHAN, BRINK TIED

CHICAGO, Aug. 5 (INS)—Frank Stranahan, the Toledo, O., strongboy, shot a 67 today to tie Harold Brink of Grand Rapids, Mich., for leadership of the All-American Amateur Golf Tournament.

The final 18-holes of golf's best paying tournament will be played tomorrow at Tam O'Shanter Country Club.

Brink fell off to a four-over-par 76 today, and that, coupled with Stranahan's five-under-par success, left them tied at 216, even par for the 54 holes played so far.

One stroke behind, at 217, were national amateur champion Skee Riegel of Glendale, Calif.; Gardner Dickinson, Jr., of Fort Benning, Ga., and Wilfred Wehrle of Louisville, Ky.

Corriganville Wins, Takes Fourth Place

Wellersburg Edges Phone Workers, 8-7

Corriganville moved into fourth place in the County Softball League yesterday by defeating Narrows Park's Cardinals at Narrows Park by the score of 7-6.

The defeat dropped the Park team into 5th place.

Corriganville now has a 26-17 record and the Park 26-18. The Corgs trail the third place Hyndman Firemen by a full game.

Dan Mattingly was the "big gun" for Corriganville with four hits in four trips to the plate—two doubles and two singles—while Ken Troutman of the Park collected a triple, homer and base on balls.

Wellersburg scored two runs in the last of the 7th to eke out an 8-7 decision over the Telephone Workers at Wellersburg. Pinch-hitters Frank Toler and Jimmie Emerick started the fireworks by hitting safely. A stolen base and wild pitch netted the tying marker and Kennell's single sent over the winning run.

Ralph Baker led Wellersburg at the plate with three hits. Weimer and Charley O'Baker of Wellersburg and Davis and Canfield of the Telephone Workers had two hits each.

Other games were postponed on account of wet grounds.

Today Narrows Park plays a double header at Allegany Grove. In single games Wellersburg plays at Corriganville, Bedford Road at Potomac Valley and the Phone Workers at Hyndman Firemen. Scores:

Patty Berg Leads

CHICAGO, Aug. 5 (INS)—Patty Berg of Minneapolis today picked up another stroke on Babe Didrikson Zaharias to hold a two-swing edge at the three-quarter mark of the $4,500 All-American Women's Open Golf Tournament at Tam O'Shanter.

Miss Berg had a four-over-par 80 today while her arch foe had to settle for an 81. That left Patty at 236 strokes for 54 holes and The Babe at 238 with only tomorrow's final 18-hole round to go.

WINT WINS 400 METERS—Arthur Wint (left) of Jamaica, B.W.I., wins the Olympic 400-meter run at Wembley Stadium, Wembley, England, leading his teammate Herb McKenley, (right) who placed second and the U. S. hope, Mal Whitfield (center) of Ohio State, who placed third. Wint tied the existing Olympic record of 46.2, with McKenley's time set at 46.4 seconds, and Whitfield at 46.9. Clifton To Get $10,000 Seth Gordon Will Retire

The Colonel Govans Case Batter Hit Ball Too High

By C. V. BURNS

When the All-American Professional Basketball League opens its second season in December one of its outstanding stars of the 1947-48 campaign will be among the missing.

Nathaniel "Sweetwater" Clifton, 6-foot-9 center who starred for the Dayton (Ohio) Metropolitans, last season's champions, has signed a contract for $10,000 to play for the Harlem Globetrotters, according to Abe Saperstein, promoter of the famous negro team which has appeared here on several occasions.

This is the highest salary ever offered a negro basketball player.

Clifton played with the Dayton Mets for the past two years. He was with the New York Rens for post-season tournaments.

Carroll Boggs, pro at the Cumberland Country Club, tells the one about two duffers who were having an argument about the fairway sport.

"Listen here," yelled one, "the other day I broke 60 and that's a lot of clubs."

When Ralph Thuss rapped out a base hit to start the rally that enabled the Amvets to tie the score in the 9th inning of their game with Mt. Savage here Sunday, Manager Norman Gerdeman remarked: "That boy was so happy he wouldn't have traded places with Truman."

Seth Gordon, one of the best know conservationists in the United States, will retire as executive director of the Pennsylvania Game Commission on October 16. He will devote himself to national conservation work.

Mr. Gordon, who local sportsmen have heard speak on a number of occasions, has served the Pennsylvania Game Commission for 25 years. His successor will be Thomas D. Frye of Westmoreland country.

Cumberland's horse show will be held at Fairgo September 25 and 26 the week following the fair and harness races.

When the Cumberland race meeting ended last week we were sort of bewildered over the decision the stewards handed down in the Colonel Govans case.

Colonel Govans won the 6½ furlongs third race on Cumberland Day at the nice price of $10.40 for $2.

The same horse had run 7th over the same distance on July 24, the fourth day of the meeting.

The stewards ruled that Colonel Govans was being placed on the suspended list for "inconsistent" racing after he won the second time out.

Here's why we're a bit groggy.

On opening day Dr. Jeep finished 8th in the 6½ furlongs fifth race. In the 4th race on "Getaway Day" Dr. Jeep won at 6½ furlongs and paid off to the tune of $44.60 for two bucks.

Was that consistent racing?

Wonder why Maryland and West Virginia refuse to fall in line with the "Consolation Daily Double" idea adopted by other states?

On the eighth day of the meeting here Toonerville and Come Eleven (1 and 7) were the winning Daily Double combination but Come Eleven was scratched and the bettors got a $2 refund. Toonerville returned $10.40 on $2 straight tickets.

If other states can accommodate the bettors with a "consolation double" why not Maryland?

Eddie Sawyer, new manager of the Phillies, is a good story teller and he came up the other day with one about the youngster who reported to him for a tryout while he was managing Birmingham.

"He was a fine, big youngster who looked like he might be worthwhile and I gave him a suit and sent him to the outfield," Sawyer said.

"He was terrible. He stumbled around, got hit on the head and looked like my young daughter trying to catch a fly. I finally called him in. 'Is there anything the matter?' I asked. 'You told me you were an outfielder.'

"Without even cracking a smile, he replied, 'I'm a left fielder, not a right fielder, and you put me in right field.' So I sent him to left field, but it was the same story. 'Didn't you say you were a good fielder?' I asked.

"He nodded. 'I am,' he replied, 'but I never had anyone hit 'em as high as that before.'"

Tom Dowd, road secretary of the Boston Red Sox, tells this one about Billy Goodman, 22-year-old first sacker.

The team was in St. Louis and Sam Zoldak was still with the Browns.

Dowd asked Goodman if it annoyed him to be going there against a left-handed pitcher.

"Not unless he throws two balls at once," Goodman replied.

WESTVACO, AMVETS CLASH IN BI-STATE GAME HERE TODAY

Danny Drew is slated to working on the firing line today when the Cumberland Amvets play hosts to the Westvaco Club in Bi-State Baseball League game at 5:30 p. m. at Community Park.

Leo Ryan will likely receive the pitching assignment for the Papermakers.

The Bi-State game scheduled here yesterday between Frostburg V.F.W. and the Amvets was postponed on account of wet grounds.

Queen City's game with Fort Cumberland Post, American Legion, at Stitcher Field, also was cancelled for the same reason.

An outfield fly followed by a wild throw over third base and an error by the catcher, enabled the Fraternal Order of Eagles to score three runs in the 10th inning and defeat the Amvets by the score of 9-7 yesterday in a Rocking Chair Softball League game at Fort Hill Field.

With the bases loaded Jones hoisted a fly to Morris who caught the ball then heaved it over the third sacker's head and one runner scored. Kelly then let the throw to the plate get away from him and two more runs trickled over the platter.

The wild finish climaxed a pitching duel between Bob Chisholm and Don Knieriem and enabled the Eagles to retain their two-game lead. Knieriem fanned seven.

Fradiska with a triple and single and Jones with two singles led the Eagles' offensive while Morris had four hits and Suter Kegg banged a triple and single for the losers.

The game was highlighted by sensational fielding on the part of Hickle, shortstop, and Washabaugh, right fielder, of the Amvets.

The Loyal Order of Moose handed the K. of C. an 8-6 setback at Taylor Field. Frank Williams and Lonnie Jackson sparked the attack with a homer and single each while John Angellatta pounded out two singles. Green got two hits and Driver walloped a homer for the Knights.

Amassing a total of 22 hits, the Outdoor Club swamped Potomac Edison, 18-3, at Campobello. Hahn, Cubbage, Whitman and Curt Twigg had three hits each for the Outdoor Club while Minke had a triple and single for P.E. Louie Twigg kept P.E.'s eight hits well scattered.

The B.P.O. Elks won via the forfeit route when Celanese was unable to field a team for the game at East Side Field. Scores:

Argentina Cagers Beat Plucky Peruvians, 42-34

LONDON, Aug. 5 (INS)—America's undefeated basketball team was idle today but will play in tomorrow's final preliminary round. The U. S. court stars already are assured of a place in the eight-team round-robin which will determine the eventual Olympic champion.

Three Latin-American teams which are considered a threat to America's hardwood hopes, won their matches today.

Argentina, which is in the same division as the U. S. and lost by but two points to the towering American squad, defeated a plucky Peruvian team, 42 to 34.

Brazil's entry notched its fifth straight win and entered the round-of-eight by whipping Italy 47 to 31.

The Mexican court stars also ned the finals by shellacking Iran, 68 to 27. Mexico used her stars throughout in an obvious effort to coordinate them for the approaching tough games in the round-robin.

The Cuban team, which is in the same division as Mexico shellacked a raw, inexperienced Irish team, 88 to 25.

Lt. Lee Gives U. S. 3rd Diving Title

By GAYLE TALBOT

OLYMPIC STADIUM, Wembley, England, Aug. 5 (AP)—America's 20-year monopoly on the Olympic 400 meter run went boom today when a pair of former high school teammates from Kingston, Jamaica, ran the legs off the best Uncle Sam could produce.

One of them, a gangling, coffee-colored speedster named Arthur Wint, circled the red Olympic track in 46.2 seconds to win the classic middle-distance event by two yards and equal the games record set by Bill Carr of the United States at Los Angeles in 1932.

The towering Jamaican made up fully six yards in a spectacular stretch drive in which he nailed his countryman, the famous Herb McKenley, 15 yards from the finish wire.

Hermanski Belts Three Home Runs, Dodgers Win, 6-4

Erskine Notches Third Victory Over Chicago

BROOKLYN, Aug. 5—(AP)—Gene Hermanski's three home runs more than balanced the Dodgers six errors today as Brooklyn defeated Chicago, 6-4 in the first game of a scheduled doubleheader. The second game was postponed because of rain.

Gene Hermanski

The victory moved the Dodgers into second place by .0006 over the rain-idled St. Louis Cardinals.

Hermanski homered in the first over the right field screen with Jackie Robinson on base. His next four-base blow came in the third, also over the right field screen, with Marv Rackley on base, and he hit his third homer in the eighth into the left field seats with the bases empty. He walked his only other time at bat.

Carl Erskine, starting his first major league game, pitched all the way for Brooklyn. It was his third victory. Previously he had appeared in three games, pitched three innings and received credit for two triumphs. He has not been charged with a loss. Box:

Hermanski Belts Three Home Runs, Dodgers Win, 6-4

Erskine Notches Third Victory Over Chicago

BROOKLYN, Aug. 5—(AP)—Gene Hermanski's three home runs more than balanced the Dodgers six errors today as Brooklyn defeated Chicago, 6-4 in the first game of a scheduled doubleheader. The second game was postponed because of rain.

Gene Hermanski

The victory moved the Dodgers into second place by .0006 over the rain-idled St. Louis Cardinals.

Hermanski homered in the first over the right field screen with Jackie Robinson on base. His next four-base blow came in the third, also over the right field screen, with Marv Rackley on base, and he hit his third homer in the eighth into the left field seats with the bases empty. He walked his only other time at bat.

Carl Erskine, starting his first major league game, pitched all the way for Brooklyn. It was his third victory. Previously he had appeared in three games, pitched three innings and received credit for two triumphs. He has not been charged with a loss. Box:

Unions Seek Boost At American Stores

Local 886, Retail Food Clerks Union, and Local 322, Meat Cutters Union, both AFL, will seek 25 cents an hour increases in new contracts with the American Stores Company, C. E. Stutzman, acting business agent of the Clerks union, announced yesterday.

The present contract covering some 125 employes of the company in Cumberland, Frostburg, Hyndman, Meyersdale, Lonaconing, Mt. Savage, Keyser, Piedmont and Westernport will expire October 3.

Stutzman said the unions have sent formal 60 day notices for the reopening of the contract for wage increases and other changes in the pact.

The unions are also asking an additional paid holiday, changes in the grievance procedure, some minor changes in the contract and the lifting of the $65 weekly pay limitation for meat department and assistant managers.

Area Man Heads Sons Of America

An Ellerslie man, Clifton Close, was installed state president of the Patriotic Order, Sons of America, Wednesday night at the 50th annual convention of the Maryland camp at Ellerslie.

Others elected to state offices and installed include William J. Carter, Baltimore, vice president; Alden Lowery, Ellerslie, master of forms; Isaac Kallinsky, Baltimore, secretary; S. J. Miller, Baltimore, treasurer; A. B. Shaffer, Ellerslie, inspector; Roland Martin, Baltimore, guard; Charles W. Fleetwood, Baltimore, M. W. Volk and H. E. Fishell, both of Cumberland, trustees.

J. F. Zimmerman, Ellerslie, was named chaplain and A. P. Miller, Ellerslie, conductor.

Resident Physician Named At Memorial

A former Petersburg, W. Va., resident, Dr. John A. Dyer, 24, has been appointed a resident physician at Memorial Hospital, Superintendent Benjamin W. Wright announced yesterday.

Dr. Dyer, a son of Dr. V. L. Dyer, Petersburg, is a graduate of Mercersburg Academy and Haverford College, and was graduated from the University of Pennsylvania School of Medicine in 1947.

Dr. Dyer will succeed Dr. George F. Simons, who plans to enter private practice here. The hospital's other resident physician, Dr. James P. Hallinan, has been serving at the hospital since early in May.

Hold Mental Clinic

Children of this area were interviewed yesterday by Dr. Gertrude M. Gross, psychiatrist, who is conducting a two-day mental hygiene clinic here with Marshall Bruce, psychologist, and Kathleen Litten, social worker, of the State Department of Health.

The monthy clinic opened yesterday and will continue today with adults being interviewed by the state department staff.

China Relief Continues

SHANGHAI—(AP)—An American relief program in China—financed from the proceeds of sales of American-donated rice and flour—has been brought to a close. More than 500 relief and reconstruction projects in 28 provinces were covered by the program, an interim aid plan to tide China over until the ECA aid became operative.

Roger D. Lapham, director of the new American aid program, says unfinished China Relief Mission projects would receive continued support under the ECA program. For CRM, $45,000,000 worth of rice and flour from the United States was sold at rationed prices and the proceeds went into medical, agricultural, welfare relief and public works projects.

Unions Seek Boost At American Stores

Local 886, Retail Food Clerks Union, and Local 322, Meat Cutters Union, both AFL, will seek 25 cents an hour increases in new contracts with the American Stores Company, C. E. Stutzman, acting business agent of the Clerks union, announced yesterday.

The present contract covering some 125 employes of the company in Cumberland, Frostburg, Hyndman, Meyersdale, Lonaconing, Mt. Savage, Keyser, Piedmont and Westernport will expire October 3.

Stutzman said the unions have sent formal 60 day notices for the reopening of the contract for wage increases and other changes in the pact.

The unions are also asking an additional paid holiday, changes in the grievance procedure, some minor changes in the contract and the lifting of the $65 weekly pay limitation for meat department and assistant managers.

Area Man Heads Sons Of America

An Ellerslie man, Clifton Close, was installed state president of the Patriotic Order, Sons of America, Wednesday night at the 50th annual convention of the Maryland camp at Ellerslie.

Others elected to state offices and installed include William J. Carter, Baltimore, vice president; Alden Lowery, Ellerslie, master of forms; Isaac Kallinsky, Baltimore, secretary; S. J. Miller, Baltimore, treasurer; A. B. Shaffer, Ellerslie, inspector; Roland Martin, Baltimore, guard; Charles W. Fleetwood, Baltimore, M. W. Volk and H. E. Fishell, both of Cumberland, trustees.

J. F. Zimmerman, Ellerslie, was named chaplain and A. P. Miller, Ellerslie, conductor.

Resident Physician Named At Memorial

A former Petersburg, W. Va., resident, Dr. John A. Dyer, 24, has been appointed a resident physician at Memorial Hospital, Superintendent Benjamin W. Wright announced yesterday.

Dr. Dyer, a son of Dr. V. L. Dyer, Petersburg, is a graduate of Mercersburg Academy and Haverford College, and was graduated from the University of Pennsylvania School of Medicine in 1947.

Dr. Dyer will succeed Dr. George F. Simons, who plans to enter private practice here. The hospital's other resident physician, Dr. James P. Hallinan, has been serving at the hospital since early in May.

Hold Mental Clinic

Children of this area were interviewed yesterday by Dr. Gertrude M. Gross, psychiatrist, who is conducting a two-day mental hygiene clinic here with Marshall Bruce, psychologist, and Kathleen Litten, social worker, of the State Department of Health.

The monthy clinic opened yesterday and will continue today with adults being interviewed by the state department staff.

China Relief Continues

SHANGHAI—(AP)—An American relief program in China—financed from the proceeds of sales of American-donated rice and flour—has been brought to a close. More than 500 relief and reconstruction projects in 28 provinces were covered by the program, an interim aid plan to tide China over until the ECA aid became operative.

Roger D. Lapham, director of the new American aid program, says unfinished China Relief Mission projects would receive continued support under the ECA program. For CRM, $45,000,000 worth of rice and flour from the United States was sold at rationed prices and the proceeds went into medical, agricultural, welfare relief and public works projects.

KEEPING UP WITH

HOLLYWOOD

By DOROTHY MANNERS
(Louella Parsons on vacation)

HOLLYWOOD, Aug. 5—(INS)—We haven't had a personality around these parts like Montgomery Clift in a long time. The hero of "The Search", currently with Olivia De Havilland in "The Heiress", could write his own ticket on future screen jobs.

But he is returning to the stage at about a third of the salary he could command in Hollywood. He is deciding between Jean Paul Sartre's new play on Broadway and an offer from Jed Harris and Jean Dalrymple for a London show.

Not many young actors have the courage to walk out on Hollywood while the going is hot. But Clift refuses to accept screen roles just because he has been handed a star spot.

Paramount has two calls on his services, but the deal does not state when or what.

•—•—•

Heard a funny story about the way Tulsa, Oklahoma, goes to town on Ben Johnson, stunt man, who will be co-starred in John Ford's "She Wore A Yellow Ribbon."

Every time his name is printed in a gossip column it is set up in bold face type — that's how hard they are plugging for the native son.

In two previous Ford pictures, Ben had just bit and stunt riding roles. But his home state will really have something to get excited about when he shares top honors with John Agar in Ford's next.

•—•—•

That wonderful gal, Anne Lehr, is issuing a call to stars and directors of yesteryear to be guests of the Hollywood Guild's ninth annual garden party at Pickfair on August 9.

Anne writes: "I am always being asked where is Clara Kimball Young? Is it possible to get Mae Marsh's autograph? What has happened to Rex Ingram and Alice Terry, that is why this year's party will honor these greats of early Hollywood. Please ask them to call me—and to attend."

It is a great idea this telling the trailblazers of the screen how fine they are while they are still around to hear tributes and not wait until they are gone as in the case of D. W. Griffith.

Hollywood in shorts: Really a new-y in duets—Virginia Grey and Richard Quine at the Fox and Hounds. Isn't this Dick's first dating since he was divorced by Susan Peters?

Now it's Lena Horne gone mad for painting. She has had art instructions for a year and will soon exhibit her character studies.

Dorothy Lamour's husband, Bill Howard, brought Mrs. Glenn McCarthy and all the kids on "The Lucky Stiff" set — first time the family of the Texas millionaire ever set foot in a studio. They said it was too long a wait before pappy gets his movie going.

Joan Tetzel, formerly under contract to David Selznick, is driving back to Hollywood for her first visit in over a year.

June Allyson had to cancel interviews and photograph sittings today, she is running a high fever with a cold.

Danielle Darrieux and Georges Midi were married at her mother's home in Paris June 3. But travelers back from Paris report it is supposed to be a great big secret with Danielle and the bridegroom looking mysterious when queried about the wedding. What's all this nonsense about?

Lois Andrews files her divorce from Steve Brodie in Connecticut which gives her her freedom in three weeks.

Another millionaire going into movie production is Ray Ryan. Ray, who is loaded with oil money, will produce thrillers with Bruce Cabot and they are starting construction of a studio on 300 acres just purchased outside Oklahoma City.

Deep sympathy goes to the Lloyd Bridges whose two month old baby suffocated to death in a bassinette Tuesday afternoon. They are completely grief stricken.

The Sam Goldwyns vacationing at Lake Tahoe for three weeks.

Alfred Drake gets the lead in Cole Porter's musical, "Kiss Me Kate."

That's all today.

A warble fly is a fly that lays its eggs upon different animals, and the larvae eventually form a swelling or warble under the skin. There are several species.

Bailey Bridges Help Manila

MANILA. (AP)—This war-wrecked city now probably has the world's largest collection of Bailey bridges. Fourteen Baileys span the muddy Pasig river in its course through the heart of Manila. Some of these are just now being pushed across the stream.

The U. S. Government is helping the Philippines to replace these bolted emergency bridges with new steel and concrete bridges. But steel is hard to get, and the city's traffic has grown out of all proportion to prewar. Long lines of vehicles pile up at each end of the existing bridges during rush hours. Detours must be provided to handle traffic while new bridges are being erected. So they're still putting Baileys together, just like children's play sets on a large scale. It looks like it will be a long time before the people of Manila see their last Bailey.

RADIO IN REVIEW

By JOHN CROSBY

Jane Pickens and Mel Torme

N.B.C.'s Tuesday night lineup, which in the regular season is given over to the belly laugh industry, is during the summer months tuneful, pleasant and exceedingly difficult to write about. In order, from 8 to 9:30 p.m. E.D.T., you get the Mel Torme show, Carmen Cavallaro and the Jane Pickens show. All of them are built around popular melodies which defy reasonable explanation or criticism, though they aren't at all hard to listen to.

John Crosby

John Crosby

The Pickens show is an especially refreshing novelty in that all of it is performed in song— announcements, song cues, introductions, and even to a lesser extent the commercials, though that, of course, is no novelty. The lyric in these announcements are a long step down from W. S. Gilbert but they're adequate and a soothing change from the normal yatatayatata of radio announcements. Miss Pickens carries the show in her icy, high-pitched, well-trained voice and, in addition to her, the show offers Norman Cloutier's orchestra, a sextette, an announcer named Jack Kilty, who also sings, though not very well, and a comedian named Phil Leeds. Mr. Leeds requires further explanation.

•—•—•

He specializes in monologues and I find them pretty funny, which may be a personal idiosyncrasy. In order that you may make up your own mind, I append here a sample of one of them, a parody on the tough guy school of private detective fiction. Take it away, Mr. Leeds.

"It was Tuesday, a good day to get murdered. I'm sitting at my desk with my head in the middle drawer. It's cooler in there. The door opens and this blonde job walks in. She's got the kind of figure that would make men and she often does. I can see she's in desperate trouble. She says: 'I'm in desperate trouble.'

"We go bac kto her house. Her husband is waiting for her in the study. He's hanging from the chandelier with two bullets in his head and a knife in his back. I could tell at a glance he's not feeling well. I take another slug from the bottle but I don't show my hand, not yet. I turn to the blonde. What's the matter with him?' 'Bad cold," she says and lets me have it with a monkey wrench behind the ear. I push her face through the window just before she picks up a sledgehammer and the next thing I know—we're engaged. . . ."

Mr. Leeds runs through this sort of thing with hurried nonchalance as if he were catching a train and wanted to get it all over with, which adds immeasuably to its appeal.

•—•—•

I'm going to walk Carmen Cavallaro, who plays dance music with competence, to get at Mel Torme, who is much easier to write about. Torme, to sum him up as briskly as possible, is a twenty-two-year-old singer whom a disc jockey named Fred Robbins once described as "the velvet fog," one of the happiest phrases to fall out of a disc jockey's mouth in some time. Torme has great style with lyrics and a soft, gauzy voice which approaches the inaudible. In fact if he got any more inaudible, it'd be rather difficult to justify his salary.

However, in this show, N.B.C. is after making another Dennis Day of the lad, which may do him more harm than good. They have planked him into a situation comedy. In radio that means Aunt Nellie's cake gets mixed up with the shoe polish and all tarnation results from it. Mr. Torme plays the part of a soda jerk (as does Dennis Day). He has a girl friend who squeaks like an aging watermill (as does Dennis Day) and an irrascible boss (as Dennis Day) and a pal who gets him into jams (as does Dennis Day). There is nothing new about following a formula in radio but, in this case, they're treading on its heels.

Yet in spite of some awfully pallid scripts, Torme exhibits an engaging personality. He has a long, long way to go before he becomes a comedian but I wouldn't be at all surprised if he manages it. After all, he's only twenty-two.

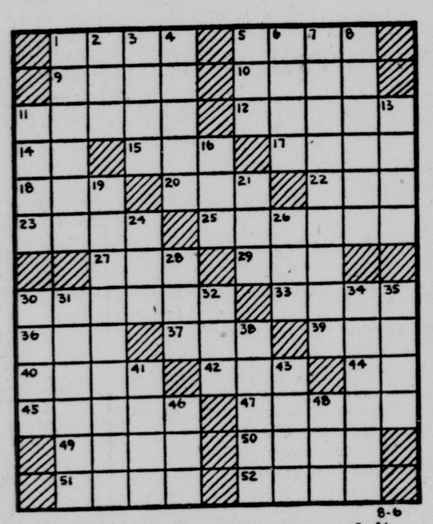
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A really beautiful and practical product. Seldom you find a flooring that has so many advantages. This stock has a factory penetration finish that is better than can be done by hand. A room can be completed in a day at such a low cost you'll be amazed.
$60
. . . Will buy enough prefinished flooring for a room 12 x 12 feet.

Stock Market Coasts Downhill After Brisk First-Hour Advance

NEW YORK, Aug. 5 (AP)—Stock prices slowly coasted downhill today after a brisk first-hour advance.

The market closed with gains and losses almost a standoff. Pressure grew a little more severe during the last hour when a number of issues crossed from the plus to the minus column.

Market activity broadened a bit, with the total number of issues traded up to 977 from 957 Wednesday. There were 375 issues higher and 384 lower.

Sales of 880,000 shares topped yesterday by 10,000.

Nickel Plate was one of the few survivors of an early advance in the carrier group. NKP closed 1½ higher at 86½ after adding three points at one time. Atlantic Coast Line emerged with a gain of more than a point at 58½.

White Sewing Machine advanced to the tune of a sharp increase in earnings. The company said first half net profit totaled $1,566,872, a comfortable margin over $382,649 in the comparable 1947 period.

Ohio Oil, another gainer, also had the benefit of an earnings report. Net income for the six months amounted to $24,879,098, almost double the similar 1947 period.

Wessen Oil and Snowdrift reached another new high for the year at 34¼ in further response to news of a boosted dividend. National Steel was up 2¼ at 96½.

Others ahead included Youngstown Sheet, Goodrich Tire, Sears Roebuck, American Can, Owens-Illinois, Gulf Oil, and Paramount Pictures.

Among the losers were United States Steel 79, Chrysler 60¾, Montgomery Ward 54⅝, Douglas Aircraft 54, Curtiss - Wright 9¾, American Telephone 153½, American Smelting 59, American Woolen 55⅜, New York Central 17⅛, Southern Railway 45¼, Baltimore and Ohio 15, Sinclair Oil 27½, and Mission Corporation 58⅝.

In the curb Ford Motor of Canada "B" dropped nine points on odd-lot deals. Higher were American Maracaibo, Babcock and Wilcox, Brazilian Traction, Pantepec Oil and Aluminum Ltd. Sales of 190,000 compared with 180,000 yesterday.

Prices were irregular as the bond market perked up a little and showed its best volume of the week —$3,530,000.

A few rails went ahead a point or better. There were, however, several point or more declines.

One bond of the Illinois Central (Litchfield division) 3s, an issue that does not appear frequently, sold at 104¼, up 4¼ points from the previous figure.

United States government bonds continued their recent narrow advances in over-the-counter dealings. Australian issues moved ahead as much as 2½ points on the foreign dollar list.

Stock Market Coasts Downhill After Brisk First-Hour Advance

NEW YORK, Aug. 5 (AP)—Stock prices slowly coasted downhill today after a brisk first-hour advance.

The market closed with gains and losses almost a standoff. Pressure grew a little more severe during the last hour when a number of issues crossed from the plus to the minus column.

Market activity broadened a bit, with the total number of issues traded up to 977 from 957 Wednesday. There were 375 issues higher and 384 lower.

Sales of 880,000 shares topped yesterday by 10,000.

Nickel Plate was one of the few survivors of an early advance in the carrier group. NKP closed 1½ higher at 86½ after adding three points at one time. Atlantic Coast Line emerged with a gain of more than a point at 58½.

White Sewing Machine advanced to the tune of a sharp increase in earnings. The company said first half net profit totaled $1,566,872, a comfortable margin over $382,649 in the comparable 1947 period.

Ohio Oil, another gainer, also had the benefit of an earnings report. Net income for the six months amounted to $24,879,098, almost double the similar 1947 period.

Wessen Oil and Snowdrift reached another new high for the year at 34¼ in further response to news of a boosted dividend. National Steel was up 2¼ at 96½.

Others ahead included Youngstown Sheet, Goodrich Tire, Sears Roebuck, American Can, Owens-Illinois, Gulf Oil, and Paramount Pictures.

Among the losers were United States Steel 79, Chrysler 60¾, Montgomery Ward 54⅝, Douglas Aircraft 54, Curtiss - Wright 9¾, American Telephone 153½, American Smelting 59, American Woolen 55⅜, New York Central 17⅛, Southern Railway 45¼, Baltimore and Ohio 15, Sinclair Oil 27½, and Mission Corporation 58⅝.

In the curb Ford Motor of Canada "B" dropped nine points on odd-lot deals. Higher were American Maracaibo, Babcock and Wilcox, Brazilian Traction, Pantepec Oil and Aluminum Ltd. Sales of 190,000 compared with 180,000 yesterday.

Prices were irregular as the bond market perked up a little and showed its best volume of the week —$3,530,000.

A few rails went ahead a point or better. There were, however, several point or more declines.

One bond of the Illinois Central (Litchfield division) 3s, an issue that does not appear frequently, sold at 104¼, up 4¼ points from the previous figure.

United States government bonds continued their recent narrow advances in over-the-counter dealings. Australian issues moved ahead as much as 2½ points on the foreign dollar list.

Cresaptown Area Forms Civic Group To Secure Water

425 Residents Attend Organization Meeting

Cresaptown citizens, aroused over water conditions in the community, last night formed the Cresaptown Civic Improvement Association and elected Harry Wright to head the group in a fight for a "sure, sanitary" water supply.

Milton Dick, Potomac Park, former member of the Maryland House of Delegates, addressed the 425 area residents who assembled in the Cresaptown Junior High School auditorium and outlined three methods for consideration to secure water for the area.

Dick said the residents have until January 1—when the Maryland General Assembly convenes—to decide if they want to better the community as a whole and the water supply in particular by:

1. Forming a special taxing area.
2. Forming a sanitary district as recommended to the last session of the Legislature and
3. Incorporating the community.

Advising the citizens who expressed complete dissatisfaction with the present water system that they have from now until January to consider the three plans, Dick said they must study and work in unison if they are going to better the conditions of the community.

After organizing and electing Wright president the citizens selected Clyde Sindy to serve as vice president, Gordon Garis, secretary, and Lester Sherman, treasurer.

Of the 425 persons attending the meeting 217 paid $1 membership fees last night to place the initial financial support behind the organization and voted to pay 25 cents each month as membership dues.

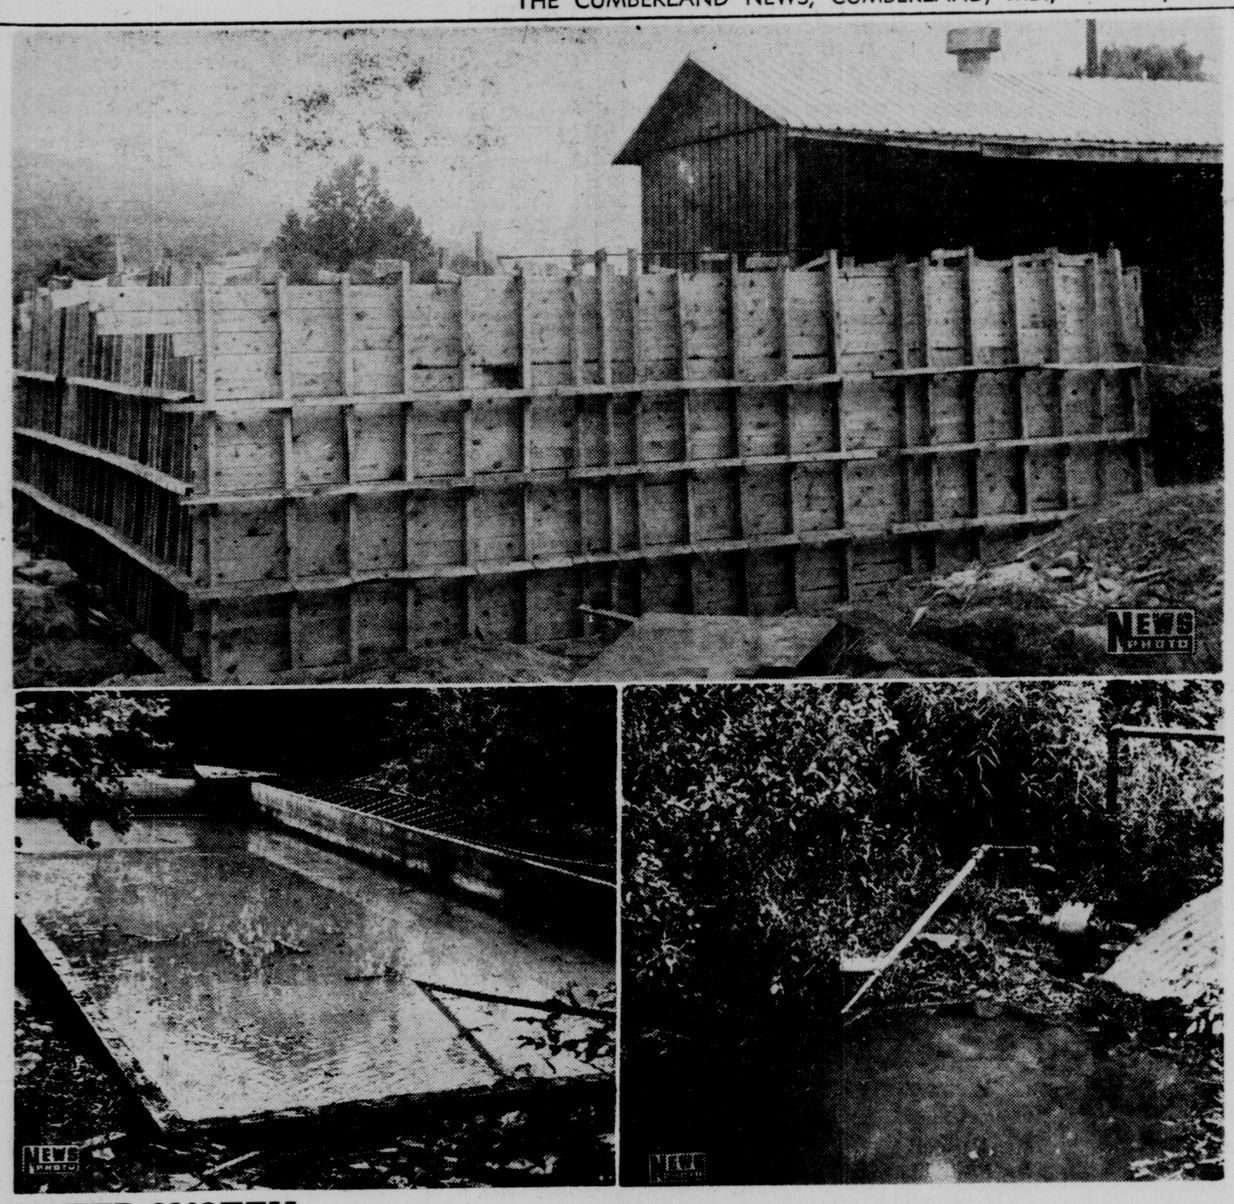
Dick said a second meeting will be held this morning to allow residents who were working last night to pay the initial fee and join the organization in its fight for better water conditions.

Residents who attended the meeting said the water they are now receiving from a reservoir located on Winchester Road and owned by the Suburban Water Company, Inc., is "so muddy that it cannot even be used to wash in."

Dick said the organization formed last night represents efforts of the area that began in 1937 to organize and secure a better water supply.

"It is the present condition of the water which is the worst in the history of the area that has finally caused the people to organize and seek water for the area," he declared.

The organization will meet twice monthly with the next membership meeting scheduled for August 19.



WATER SYSTEM-- The top picture shows improvements being made by the Suburban Water Company which supplies the Cresaptown and Garden City area with water. The framework shown in rear of the system's pumping station is a form for a large reservoir intended to augment the available supply of water from Warrior Run. At the lower left is one of the system's old reservoirs now being cleaned up. Debris in the water is reported to be parts of a shed or roof which has been torn away. The picture at lower right shows a small pond or pool and a pump from which water was reported being drawn to augment the supply. This water appeared muddy and the pool is shallow. In recent weeks, officials of the water company urged residents to boil the water as a safety precaution, explaining that the water is very low and is being pumped to the chlorinator directly from the run. There has been no indication as to the cause of the system's low water level, but residents claim the community is growing and too many dwellings are using the limited supply. A company spokesman said last week that an effort is being made to remedy the shortage and properly supply the area.

Unity Conference Asks Legislators To Hit Inflation

The Western Maryland Labor Unity Conference last night voted to send telegrams to Senators O'Conor and Tydings and Rep. J. Glenn Beall asking the legislators to support the anti-inflation program advocated by President Truman.

The labor group also named a committee to confer with Rep. Beall this week in order to learn his stand on outstanding labor problems.

The committee will consist of John Estes, of Local 1874, TWUA, CIO; W. J. Jones, Boilermakers Union; A. E. Johnson, Rubber Workers, C. E. Bramble, Teamsters Union, and Paul Burley, Bus Drivers Union.

The Toledo Plan being advocated by the Junior Asociation of Commerce for the settlement of labor problems in this city received favorable comment from the group.

The Conference, acording to Burley, also is generally in favor of the city manager type of government for this city and of home rule, and advocates some early decision on the matter so that legislation may be prepared before the next session of the Maryland General Asembly.

Plans were also completed last night for the meeting of the Sixth District of the Maryland League of United Voters to be held August 14 at 3 p. m. in Hagerstown.

W. J. Jones, president; C. E. Stutzman, chairman of the Allegany County delegation, and Burley, secretary of the county division, will head the local delegation. All labor organizations will be asked to send delegates.

Slated for discussion at the meeting is legislation to be sought at the next session of the Maryland Assembly.

Wilson Is Taking Naval Training Duty

Lt. William L. Wilson, Jr., USNR, 523 Washington Street, is taking two weeks training duty in the Fifth Naval District legal office at the Norfolk Naval Base.

During the war, Wilson, an attorney, served in the Seventh Naval District cable office, and later was legal officer for the Fifth Naval District disciplinary barracks.

Aviation Official Inspects Local Port Facilities

Says Outlook For Services Is Good

An All American Aviation Inc., official, David L. Miller, Wilmington, Del., visited Cumberland yesterday to study facilities of the local airport in connection with passenger service the company is planning to inaugurate here.

Miller, who was accompanied by T. Donald Shires, secretary of the Cumberland Airport Commission, announced that the municipal port is adequate to meet the company's present and anticipated future needs.

Air service for Cumberland which was applied for by All American Aviation is still being held up by the Civil Aeronautics Commission, but Miller said he expects a favorable decision before too long.

He declined to say, however, how long it may be before the air service company gets the actual "go ahead signal" to start passenger service in and out of Cumberland on the Pittsburgh-Baltimore-Washington route.

Shires said Miller discussed the facilities of the local airport after a preliminary inspection and indicated he will return to the city shortly to take up landing fees and port space with city officials.

He said he also plans to make a study of waiting room and ticket office space in the administration building at the municipal airport.

Miller visited Mayor Thomas S. Post in the afternoon and informed him that the outlook for air services coming to Cumberland in the near future is optimistic.

The Civil Aeronautics Commission recently informed Mayor Post that it is considering the application of All American Aviation Inc., to supply service in Cumberland and declared action on the application will be taken as quickly as possible.

Thomas Forfeits Bond On Two Motor Counts

John A. Thomas, 23 Laing Avenue, arrested July 27 on Route 40 by State Trooper William McElfish on charges of operating a bus without an operator's license and having no registration tags for his license plates, forfeited a total of $8.90 when he failed to appear for a hearing yesterday in Trial Magistrates Court.

Herbert V. Deremer, Flintstone, arrested July 25 by State Trooper George E. Coddington on a charge of driving a motor vehicle without license tags on the Beans Cove Road, received a suspended fine of $1.75 when he entered a plea of guilty before Magistrate Frank A. Perdew yesterday.

Rubber Union To Name Convention Delegates

Delegates to the URCLPWA convention will be nominated and elected at a meeting of Local 26, United Rubber, Cork, Linoleum and Plastic Workers of America, CIO, Saturday night at 7:30 o'clock, A. E. Johnson, union president, said.

The annual convention will be held in Omaha, Neb., the week of September 20. Johnson said other important union business is slated for discussion at the meeting planned in the union hall.

Thief Swindles Fourth Victim

City Police last night reported that another housewife had fallen prey to an alleged sweeper repairman who took her sweeper away "for repairs," promising to return it soon.

The sweeper swindle has been going on in this area for about three weeks. Police said the thief has obtained four sweepers by posing as a repairman, and has been attempting to sell them later.

Local Playground Group Adopts Five By-Law Changes

Reject Move To Waive $5 Annual Dues Fee

The Cumberland Playground Association last night voted approval of five changes and additions to organization by-laws including one to prohibit the waiving of annual dues fees in the future.

The changes were presented to the membership and voted unanimously after a by-laws committee read the recommended changes that resulted from a week's study of the original set.

The group rejected a section recommended by the committee that would have permitted the membership by a two-thirds vote to waive the annual fee of $5 which each of the 21 member organizations is assessed. Instead they voted for a rule that read: "Dues shall be $5 a year."

Other changes included the rewording of an original rule to read that "Seven shall constitute quorum," and another that added an additional officer to be known as the assistant secretary.

Also approved was a rule specifying that each organization holding membership in the association shall elect a representative, an alternate and a second alternate with only one person being allowed to vote, but all three being eligible for election to office in the association.

The membership approved a clause that calls for the president

Citizens Outline Freedom Train Program Here

Plan Activities For Week Before Sept. 22

(Pictures on Page 17)

A week of public observance of American ideals, to be known as "Rededication Week" in connection with the appearance of the Freedom Train here September 22, was tentatively outlined last night at a meeting of a citizens committee in the City Hall.

John M. Robb, general chairman introduced Sidney Kirsten, area director of the American Heritage Foundation, sponsors of the Freedom Train idea, who outlined a plan of organization for the observance. He offered several suggestions on procedure, and committee heads appointed by Robb discussed various phases of activity.

Kirsten said that most cities use the appearance of the Freedom Train as an opportunity to call attention to the American Heritage, the principles on which the nation is founded and for all Americans to rededicate themselves to liberty.

Carries 127 Documents

The train carries 127 of the nation's most priceless and historic documents showing the foundation and growth of American liberty. It operates at all times as a special train and is a seven-car streamlined traveling exhibition, free to the public.

The Freedom Train is in essence, Kirsten explained, the spearhead of the Foundation's program which seeks to create awareness among U. S. citizens of their priceless heritage.

A motion picture on "Freedom and American Liberty" was shown the committee, and Kirsten said the picture will be made available to local theaters during the Rededication Week observance.

Books, pamphlets and literature of all types on the subject are available to the committee and for general distribution. The over-all plan calls for a series of special days such as Cumberland Day, Veterans Day, Industry Day, Labor Day, Schools' Day, Women's Day, and Freedom of Religion Day. This program is flexible enough that it can be adapted to Cumberland or any other community by localizing the program completely.

Just how much will be undertaken here in the way of a full week of public activity has not been determined by the committee, but a mass meeting, a mammoth street parade and other special events are being considered, Robb said.

Emphasis was placed by committee members on the fact that "this is not just another exhibition coming to the city. It is an important milestone in the education and rededication to liberty for American people."

Where the train has visited, record crowds have thronged to see the collection of early documents that are so important in the nation's way of life. The exhibition is of interest to every loyal American, man, woman and child.

No Appropriation

Kirsten explained last night that the government has not appropriated a single penny for the train or its appearance across the country. Expenses are paid by public subscription, with each community bearing its share on a per capita basis. Cumberland's share is $1,700 plus whatever expense the local committee may incur, it was reported to the group. James B. Reinhart is chairman of the finance committee and plans to begin work immediately on a program to raise the necessary funds.

James Kendall, assistant secretary of the Chamber of Commerce, is chairman of all publicity. He named to his publicity committee Ed Hinkle, WTBO; J. William Hunt, Sunday Times; John R. Wilkinson, Times and Alleganian Company; F. Allan Weatherholt, News; Wilbur Bishop, General; Fred Perry and Ray Light, theaters; and F. V. Cozad, WCUM.

Other committee chairmen announced by Robb include Charles L. Kopp, schools; Rev. Carl H. Clapp, churches; Thomas F. Conlon, Sr., veterans; Leo C. Reichart, labor; C. P. Jolley, civic groups; Miss Mary C. Walsh, women's

TWUA Estimates Vote At Over 75 Per Cent

A TWUA official estimated late last night that at least three-fourths of the Celanese workers eligible to vote in the union security election being held at the Amcelle plant had cast ballots.

James A. Blackwell, TWUA representative, said an unofficial count made at 11:30 p. m., which he explained was necessarily a rough estimate, convinced the union that more than 75 per cent of the 8,044 eligible persons had already voted.

"We are very pleased at the excellent showing and look forward to the conclusion with full confidence," he said.

Blackwell said today's voting will probably be light. The election held by the National Labor Relations Board, he added, has been proceeding smoothly.

Kauffman To Head Budget Committee For Chest Drive

Group Will Begin Work Here Soon

David Kauffman, well known local attorney, was named chairman of the budget committee for the 1948-49 Cumberland Community Chest Campaign at a meeting of the board of directors of the Chest last night.

Other members of the committee, who were appointed by Frederic W. Eiler, president of the Chest, are:

Mrs. Emma M. Everstine, Mrs. C. Erich Roeder, James Alfred Aviett, Bernard J. Beck, James F. Martin and Henry A. Mackey.

Beck will represent Local 26, Rubber Workers Union, and Martin, Local 1874, Textile Workers Union, on the committee.

The budget committee expects to meet within the next week to review budget requests and make awards to organizations affiliated with the Cumberland Community Chest for the period from December 1, 1948, to December 1, 1949.

The executive committee last night made its recommendations to the budget committee.

Monthly financial reports of agencies were presented and approved last night.

The July financial report showed a cash balance of $16,716.95 on June 30 with receipts of $527 for a total of $17,243.95; July disbursements totaled $5,580.58 leaving a balance of $11,663.37 August 1. Receipts from 1947-48 pledges totaled $63,266.92, or 81 per cent of all pledges.

Army Takes 2 Veterans And Three New Recruits

Two ex-servicemen and three new recruits left Cumberland yesterday to join the Army and Air Forces, according to Lt. George J. Gocke, recruiting adjutant.

Keith M. Keller, Iowa City, Iowa, and Joseph C. McCreary, 23 Ridgeway Terrace, Cumberland, both with former service records, have signed up for three-year terms in the Air Force. Keller, unassigned, will go to Lankley Field, Va., while McCreary has been sent to San Antonio, Texas, for further processing before entering Parachute Rigger and Repairman's School.

The three new recruits will be sent to Camp Kilmer, N. J., in line with the new policy of sending all personnel without previous service to this camp unless they come under the one year 18-year-old program.

Enlisting for three-year periods were Robert J. Conway, Armored Force unassigned, and John F. Winn, Armored Force unassigned, both of Mt. Savage.

Leo Leasure, Route 1, Oldtown, has entered the Regular Army, unassigned, for two years.

Four Building Permits Issued

Four construction permits were issued yesterday in the office of the city engineer.

Leo E Leasure, Bedford Street, secured permits to erect a 34 by 34 foot veneer house and a concrete block garage at a cost of $7,500. Charles Windemuth, 446 Chestnut Street, received a permit to erect an open porch on his home at a cost of $150 and Lester W. Harvey, Massachusetts Avenue, received an improvement permit to enlarge one room of his home and construct a concrete block foundation at a cost of $150.

Mayor, Engineer Will Visit Frederick

Mayor Thomas S. Post and Smoke Abatement Engineer George M. Hitchcock yesterday accepted an invitation from the municipal government in Frederick to attend a conservation field day there August 18. The two local officials will meet municipal heads from other Maryland cities in Frederick and attend the program in a body.

Warnick Held On $1,000 Bond In Car Theft Case

Police Still Search For Unknown Partner

Charged with violating the Dyer Act, Hubert Warnick, 21, Midland, yesterday waived a preliminary hearing before United States Commissioner James Alfred Avirett and was ordered held in default of $1,000 bond for action of the Federal Grand Jury.

Warnick, who was arrested Monday after police identified him as one of two men who traveled to Midland from Denver, Colo., in a bullet-riddled stolen car, yesterday admitted theft of the car in Idaho Springs, Colo., according to M. W. McFarlin, special agent of the Federal Bureau of Investigation office in Baltimore.

The prisoner, who was questioned by FBI agents here yesterday, was taken into custody by Troopers Harry S. Bosley and Milton G. Hart, Maryland State Police.

Authorities are still searching for Warnick's companion who has not been identified, Trooper Bosley said, adding the two men abandoned the car on Dan's Mountain Road two miles east of Midland.

Warnick, who at first denied knowing the car was stolen, completed a year's jail sentence July 9 in Colorado on a stolen car charge, he told authorities. He was presently on parole from the Colorado prison.

State police quoted Warnick as saying he last saw his companion, whom he met in Denver, Colo., when they left the car on Dan's Mountain Road after a tire went flat. Police said Warnick returned to the home of his mother and did not know where his companion went.

The possibility of checking further action of the pair through bank bags and coin wrappers found in the rear of the car was minimized yesterday by police who said authorities from the western state said the bank bags are distributed to all merchants doing business at the bank.

Warnick was returned to Allegany County Jail where he has been held since his arrest to await transfer to Baltimore where he will be arraigned and tried on the car theft charge.

Amended Sales Tax Returns Are Increasing

James J. Lacy, state comptroller, yesterday warned that Sales Tax licensees who fail to turn into the state the correct amount of monthly tax collections may face uncomfortably large assessments in the future.

The circumstances which gave rise to Lacy's warning were the result of the Sales Tax reports of the investigators and auditors who are working throughout the cities and counties of the State. This field force is checking returns and sending in amended returns where incorrect results are found.

Lacy reports that the results of this work in the month of July brought in $45,999.30 on amended returns, an increase of over $20,000, above the June figure and $15,000 above the May total.

The largest single payment of back collections in July was approximately $4,100, owed by a chain-store merchant on 11 months business. There have been numerous cases in practically every line of business where the divisions investigators filed amended returns covering five, six and ten month periods.

Thinking ahead, Sales Tax officials realize that returns of some licensees might not be checked for a year or two—possibly more. Amounts owed may be collected for as many as six years back from the date the payment was due.

Thus if a small business, the returns for which were about $400 a year, were checked at the end of the fifth year; the licensee would owe $2,000 plus half of one per cent interest per month and possible penalties up to 100 per cent of the tax due.

Lacy said failure to remit the proper amounts to the Sales Tax Division could create a tremendous hardship on a business and might force a licensee out of business in some instances.

He urged all licensees to guard against the necessity of sizeable future payments by filing correct returns on each month's business.

The Weather

Cumberlanders were wondering what happened to last week's heat when the thermometer dropped to 56 late last night. The highest temperature was 64 degrees yesterday and there was 0.86 inch of rainfall. Today should still be cool with less humidity.

OFFICIAL PRELIMINARY CONTEST MISS AMERICA PAGEANT

CORRECTED CONTEST RATINGS-- Tally sheets of the Miss Maryland Beauty Pageant published in The Cumberland News yesterday morning were later found to be incorrect, and the corrected ratings are shown above. Arthur B. Gibson and John H. Mosner, tellers, prepared both tally sheets, and said yesterday they inadvertently had transposed the talent scoring and the bathing suit scoring under the wrong columns. Both pointed out that the pageant was presented with the evening gown competition first, the talent phase second and the bathing suit contest third. On the other hand, the tally sheets were prepared for evening gown scoring in the first column, bathing suit scoring in the second column and talent scoring in the third column. They said they made the error in taking the figures from work sheets carrying the totals of the judges' ballots without realizing the difference in the tally sheet column headings and the order in which the contests took place in the pageant itself. The corrected tally sheet shows Miss Frostburg, No. 3, defeated Miss Cumberland, No. 4, in bathing suit competition, that they tied for first place in evening gowns and that Miss Cumberland defeated Miss Frostburg in talent competition. Both Mosner and Gibson pointed out that the transposition made no difference in the final score, Miss Cumberland still winning by three points, despite Miss Frostburg's victory in the personality phase of the pageant. The scoring as announced from the stage by the master of ceremonies was correct, Gibson and Mosner said. The final tally sheet scoring published yesterday morning and not reproduced above was correct. It showed personality scoring and total points.

Bicycle Races To Be Revived At Playground Festival Next Week

Bicycle races, an almost-forgotten event in Cumberland, are being revived, at least for the younger set, by the the Thomas S. Post Playground Association.

The races will be the feature event of the three-day festival to be held at the playground next week.

Other events include a street dance Wednesday night to open the festival, and the crowning of the playground's king and queen, to be chosen by the children at the playground. The latter event is scheduled for Friday night, and Mayor Post will be in charge of the coronation ceremonies.

The playground association has announced that a quarter-mile cinder track will be laid off on the playground for the bicycle races. Half-mile and miles races will be held for 11 to 13-year olds and for 14 to 16-year olds.

Entrants must specify which race they wish to enter, and must include the diameters of their bicycle wheels. The number of teeth on the front and rear sprockets will also be considered in handicapping the contestants.

Prizes will be awarded to the winners. All entries must be received by 5 p. m. Monday. Entries should be addressed to Clair eMase, 1023 Lafayette Avenue.

Local Youth Gets Cabinet Post At Boys' Forum In Washington

A local boy, Charles Sitter, 17, son of Mr. and Mrs. E. B. Sitter, 400 Piedmont Avenue, was appointed Secretary of the Interior at the Boys' Forum of National Government this week in Washington.

Sitter was appointed by President Bill Geary of Louisiana, who was elected Tuesday night on the Federalist ticket at a convention of the two parties at the Forum. Geary was opposed by Oliver Sampson, North Dakota, who ran on the Nationalist ticket.

Albert D. Hildreth, Texas, a Nationalist, was elected vice president. He was opposed by Ken Bridges, Federalist from North Carolina.

Sitter, who was a "favorite son" candidate from Maryland, broke the deadlock at the Federalist Convention Saturday when he released his delegates to Geary.

Maryland swung the election in favor of Geary when Senator Bill Hancock, Baltimore, threw his support to the Federalist candida after a deadlock developed on the third ballot.

The highlight of the week-long Forum occurred yesterday when the boys met President Harry S. Truman and shook hands with him.

President Truman, Attorney General Tom C. Clark, Secretary of the Navy John L. Sullivan, and Secretary of State George C. Marshall addressed the boys during the Forum.

The youths made a tour of the Federal Bureau of Investigation and of Naval Academy at Annapolis.

Sitter was a member of the Forums Senate Committee on Labor and Public Welfare, and took part in mock hearings on a bill concerning federal aid to education. Witnesses at the hearings were two members of the House of Representatives.

The boys also watched the U. S. Senate in session, and were introduced to Senators from each state.

Cresaptown Area Forms Civic Group To Secure Water

425 Residents Attend Organization Meeting

Cresaptown citizens, aroused over water conditions in the community, last night formed the Cresaptown Civic Improvement Association and elected Harry Wright to head the group in a fight for a "sure, sanitary" water supply.

Milton Dick, Potomac Park, former member of the Maryland House of Delegates, addressed the 425 area residents who assembled in the Cresaptown Junior High School auditorium and outlined three methods for consideration to secure water for the area.

Dick said the residents have until January 1—when the Maryland General Assembly convenes—to decide if they want to better the community as a whole and the water supply in particular by:

1. Forming a special taxing area.
2. Forming a sanitary district as recommended to the last session of the Legislature and
3. Incorporating the community.

Advising the citizens who expressed complete dissatisfaction with the present water system that they have from now until January to consider the three plans, Dick said they must study and work in unison if they are going to better the conditions of the community.

After organizing and electing Wright president the citizens selected Clyde Sindy to serve as vice president, Gordon Garis, secretary, and Lester Sherman, treasurer.

Of the 425 persons attending the meeting 217 paid $1 membership fees last night to place the initial financial support behind the organization and voted to pay 25 cents each month as membership dues.

Dick said a second meeting will be held this morning to allow residents who were working last night to pay the initial fee and join the organization in its fight for better water conditions.

Residents who attended the meeting said the water they are now receiving from a reservoir located on Winchester Road and owned by the Suburban Water Company, Inc., is "so muddy that it cannot even be used to wash in."

Dick said the organization formed last night represents efforts of the area that began in 1937 to organize and secure a better water supply.

"It is the present condition of the water which is the worst in the history of the area that has finally caused the people to organize and seek water for the area," he declared.

The organization will meet twice monthly with the next membership meeting scheduled for August 19.

WATER SYSTEM-- The top picture shows improvements being made by the Suburban Water Company which supplies the Cresaptown and Garden City area with water. The framework shown in rear of the system's pumping station is a form for a large reservoir intended to augment the available supply of water from Warrior Run. At the lower left is one of the system's old reservoirs now being cleaned up. Debris in the water is reported to be parts of a shed or roof which has been torn away. The picture at lower right shows a small pond or pool and a pump from which water was reported being drawn to augment the supply. This water appeared muddy and the pool is shallow. In recent weeks, officials of the water company urged residents to boil the water as a safety precaution, explaining that the water is very low and is being pumped to the chlorinator directly from the run. There has been no indication as to the cause of the system's low water level, but residents claim the community is growing and too many dwellings are using the limited supply. A company spokesman said last week that an effort is being made to remedy the shortage and properly supply the area.

Unity Conference Asks Legislators To Hit Inflation

The Western Maryland Labor Unity Conference last night voted to send telegrams to Senators O'Conor and Tydings and Rep. J. Glenn Beall asking the legislators to support the anti-inflation program advocated by President Truman.

The labor group also named a committee to confer with Rep. Beall this week in order to learn his stand on outstanding labor problems.

The committee will consist of John Estes, of Local 1874, TWUA, CIO; W. J. Jones, Boilermakers Union; A. E. Johnson, Rubber Workers, C. E. Bramble, Teamsters Union, and Paul Burley, Bus Drivers Union.

The Toledo Plan being advocated by the Junior Asociation of Commerce for the settlement of labor problems in this city received favorable comment from the group.

The Conference, acording to Burley, also is generally in favor of the city manager type of government for this city and of home rule, and advocates some early decision on the matter so that legislation may be prepared before the next session of the Maryland General Asembly.

Plans were also completed last night for the meeting of the Sixth District of the Maryland League of United Voters to be held August 14 at 3 p. m. in Hagerstown.

W. J. Jones, president; C. E. Stutzman, chairman of the Allegany County delegation, and Burley, secretary of the county division, will head the local delegation. All labor organizations will be asked to send delegates.

Slated for discussion at the meeting is legislation to be sought at the next session of the Maryland Assembly.

Wilson Is Taking Naval Training Duty

Lt. William L. Wilson, Jr., USNR, 523 Washington Street, is taking two weeks training duty in the Fifth Naval District legal office at the Norfolk Naval Base.

During the war, Wilson, an attorney, served in the Seventh Naval District cable office, and later was legal officer for the Fifth Naval District disciplinary barracks.

Aviation Official Inspects Local Port Facilities

Says Outlook For Services Is Good

An All American Aviation Inc., official, David L. Miller, Wilmington, Del., visited Cumberland yesterday to study facilities of the local airport in connection with passenger service the company is planning to inaugurate here.

Miller, who was accompanied by T. Donald Shires, secretary of the Cumberland Airport Commission, announced that the municipal port is adequate to meet the company's present and anticipated future needs.

Air service for Cumberland which was applied for by All American Aviation is still being held up by the Civil Aeronautics Commission, but Miller said he expects a favorable decision before too long.

He declined to say, however, how long it may be before the air service company gets the actual "go ahead signal" to start passenger service in and out of Cumberland on the Pittsburgh-Baltimore-Washington route.

Shires said Miller discussed the facilities of the local airport after a preliminary inspection and indicated he will return to the city shortly to take up landing fees and port space with city officials.

He said he also plans to make a study of waiting room and ticket office space in the administration building at the municipal airport.

Miller visited Mayor Thomas S. Post in the afternoon and informed him that the outlook for air services coming to Cumberland in the near future is optimistic.

The Civil Aeronautics Commission recently informed Mayor Post that it is considering the application of All American Aviation Inc., to supply service in Cumberland and declared action on the application will be taken as quickly as possible.

Thomas Forfeits Bond On Two Motor Counts

John A. Thomas, 23 Laing Avenue, arrested July 27 on Route 40 by State Trooper William McElfish on charges of operating a bus without an operator's license and having no registration tags for his license plates, forfeited a total of $8.90 when he failed to appear for a hearing yesterday in Trial Magistrates Court.

Herbert V. Deremer, Flintstone, arrested July 25 by State Trooper George E. Coddington on a charge of driving a motor vehicle without license tags on the Beans Cove Road, received a suspended fine of $1.75 when he entered a plea of guilty before Magistrate Frank A. Perdew yesterday.

Rubber Union To Name Convention Delegates

Delegates to the URCLPWA convention will be nominated and elected at a meeting of Local 26, United Rubber, Cork, Linoleum and Plastic Workers of America, CIO, Saturday night at 7:30 o'clock, A. E. Johnson, union president, said.

The annual convention will be held in Omaha, Neb., the week of September 20. Johnson said other important union business is slated for discussion at the meeting planned in the union hall.

DEATHS

MRS. KATHERINE SHANHOLT

Mrs. Katherine Shanholt, 81, widow of Asa H. Shanholt, 601 Piedmont Avenue, died at 11:30 o'clock last night at her home after a lingering illness.

She was a lifelong resident of this community and a member of St. Luke's Lutheran Church. She was a daughter of the late Andrew and Barbara Shertzer.

Surviving are three daughters, Mrs. Robert Haines, Mrs. Carl A. Winfield and Mrs. Edith Gehauf, this city; two sons, Walter Shanholt, Cumberland, and Robert Shanholt, Kansas City, Mo.; and three stepchildren, Frank Shanholt, Amaranth, Pa., and Julian Shanholt and Mrs. Pearl Wagner, both of Cumberland.

TIPTON RITES

Miss Lois Jean Tipton, 19, daughter of Mr. and Mrs. Earl D. Tipton, Route 4, who died Monday night in Memorial Hospital, will be buried in Davis Memorial Church Cemetery today after a service at 2:30 p. m. in the church.

Rev. Charles S. Reckley, pastor, will officiate, assisted by Rev. Louis P. Chastain, pastor of Cresaptown Methodist Circuit, and Rev. Edward Lewis, Silver Spring.

The body is at the home of her aunt, Mrs. William E. Johnson, 303 Greene Street.

Pallbearers will be George Thomas, Ernest Evans, Clyde Wilson, William Mackereth, Samuel Cousins and Stanley Walker.

J. GILBERT PFAFF

J. Gilbert Pfaff, 75, McCulloh Street, Frostburg, died at 9 p. m. yesterday in Miners Hospital, Frostburg, after an illness of four years.

A native and lifelong resident of Frostburg, Mr. Pfaff was a retired Celanese employe.

He is survived by his widow, Mrs. Sarah Elizabeth Saurbaugh Pfaff, five sons, John G., Jr., Clifton, Robert, James and Ernest, all of Frostburg; a daughter, Mrs. Margaret McAbee, Frostburg; three brothers, Frank, Jesse and Clayton, all of Frostburg, 11 grandchildren and one great-grandchild.

Thief Swindles Fourth Victim

City Police last night reported that another housewife had fallen prey to an alleged sweeper repairman who took her sweeper away "for repairs," promising to return it soon.

The sweeper swindle has been going on in this area for about three weeks. Police said the thief has obtained four sweepers by posing as a repairman, and has been attempting to sell them later.

Wastepaper Drive Nets 10 Tons

Ten tons of paper were gathered from the section between Baltimore Street and Baltimore Avenue and the Oldtown Road yesterday.

Wastepaper for those living in the area south of Oldtown Road will be collected today.

BIRTHS

Allegany Hospital announced the following births:

Mr. and Mrs. Isaac Zucker, 306 Washington Street, a daughter.

Raymond and Pauline Clower York, 506 Woodlawn Terrace, a daughter.

Mr. and Mrs. Paul Sindy, 226 Grand Avenue, a son.

Mr. and Mrs. Hosea S. Taylor, 442 Pine Avenue, a son.

Local Playground Group Adopts Five By-Law Changes

Reject Move To Waive $5 Annual Dues Fee

The Cumberland Playground Association last night voted approval of five changes and additions to organization by-laws including one to prohibit the waiving of annual dues fees in the future.

The changes were presented to the membership and voted unanimously after a by-laws committee read the recommended changes that resulted from a week's study of the original set.

The group rejected a section recommended by the committee that would have permitted the membership by a two-thirds vote to waive the annual fee of $5 which each of the 21 member organizations is assessed. Instead they voted for a rule that read: "Dues shall be $5 a year."

Other changes included the rewording of an original rule to read that "Seven shall constitute quorum," and another that added an additional officer to be known as the assistant secretary.

Also approved was a rule specifying that each organization holding membership in the association shall elect a representative, an alternate and a second alternate with only one person being allowed to vote, but all three being eligible for election to office in the association.

The membership approved a clause that calls for the president

Citizens Outline Freedom Train Program Here

Plan Activities For Week Before Sept. 22

(Pictures on Page 17)

A week of public observance of American ideals, to be known as "Rededication Week" in connection with the appearance of the Freedom Train here September 22, was tentatively outlined last night at a meeting of a citizens committee in the City Hall.

John M. Robb, general chairman introduced Sidney Kirsten, area director of the American Heritage Foundation, sponsors of the Freedom Train idea, who outlined a plan of organization for the observance. He offered several suggestions on procedure, and committee heads appointed by Robb discussed various phases of activity.

Kirsten said that most cities use the appearance of the Freedom Train as an opportunity to call attention to the American Heritage, the principles on which the nation is founded and for all Americans to rededicate themselves to liberty.

Carries 127 Documents

The train carries 127 of the nation's most priceless and historic documents showing the foundation and growth of American liberty. It operates at all times as a special train and is a seven-car streamlined traveling exhibition, free to the public.

The Freedom Train is in essence, Kirsten explained, the spearhead of the Foundation's program which seeks to create awareness among U. S. citizens of their priceless heritage.

A motion picture on "Freedom and American Liberty" was shown the committee, and Kirsten said the picture will be made available to local theaters during the Rededication Week observance.

Books, pamphlets and literature of all types on the subject are available to the committee and for general distribution. The over-all plan calls for a series of special days such as Cumberland Day, Veterans Day, Industry Day, Labor Day, Schools' Day, Women's Day, and Freedom of Religion Day. This program is flexible enough that it can be adapted to Cumberland or any other community by localizing the program completely.

Just how much will be undertaken here in the way of a full week of public activity has not been determined by the committee, but a mass meeting, a mammoth street parade and other special events are being considered, Robb said.

Emphasis was placed by committee members on the fact that "this is not just another exhibition coming to the city. It is an important milestone in the education and rededication to liberty for American people."

Where the train has visited, record crowds have thronged to see the collection of early documents that are so important in the nation's way of life. The exhibition is of interest to every loyal American, man, woman and child.

No Appropriation

Kirsten explained last night that the government has not appropriated a single penny for the train or its appearance across the country. Expenses are paid by public subscription, with each community bearing its share on a per capita basis. Cumberland's share is $1,700 plus whatever expense the local committee may incur, it was reported to the group. James B. Reinhart is chairman of the finance committee and plans to begin work immediately on a program to raise the necessary funds.

James Kendall, assistant secretary of the Chamber of Commerce, is chairman of all publicity. He named to his publicity committee Ed Hinkle, WTBO; J. William Hunt, Sunday Times; John R. Wilkinson, Times and Alleganian Company; F. Allan Weatherholt, News; Wilbur Bishop, General; Fred Perry and Ray Light, theaters; and F. V. Cozad, WCUM.

Other committee chairmen announced by Robb include Charles L. Kopp, schools; Rev. Carl H. Clapp, churches; Thomas F. Conlon, Sr., veterans; Leo C. Reichart, labor; C. P. Jolley, civic groups; Miss Mary C. Walsh, women's

TWUA Estimates Vote At Over 75 Per Cent

A TWUA official estimated late last night that at least three-fourths of the Celanese workers eligible to vote in the union security election being held at the Amcelle plant had cast ballots.

James A. Blackwell, TWUA representative, said an unofficial count made at 11:30 p. m., which he explained was necessarily a rough estimate, convinced the union that more than 75 per cent of the 8,044 eligible persons had already voted.

"We are very pleased at the excellent showing and look forward to the conclusion with full confidence," he said.

Blackwell said today's voting will probably be light. The election held by the National Labor Relations Board, he added, has been proceeding smoothly.

Kauffman To Head Budget Committee For Chest Drive

Group Will Begin Work Here Soon

David Kauffman, well known local attorney, was named chairman of the budget committee for the 1948-49 Cumberland Community Chest Campaign at a meeting of the board of directors of the Chest last night.

Other members of the committee, who were appointed by Frederic W. Eiler, president of the Chest, are:

Mrs. Emma M. Everstine, Mrs. C. Erich Roeder, James Alfred Avirett, Bernard J. Beck, James F. Martin and Henry A. Mackey.

Beck will represent Local 26, Rubber Workers Union, and Martin, Local 1874, Textile Workers Union, on the committee.

The budget committee expects to meet within the next week to review budget requests and make awards to organizations affiliated with the Cumberland Community Chest for the period from December 1, 1948, to December 1, 1949.

The executive committee last night made its recommendations to the budget committee.

Monthly financial reports of agencies were presented and approved last night.

The July financial report showed a cash balance of $16,716.95 on June 30 with receipts of $527 for a total of $17,243.95; July disbursements totaled $5,580.58 leaving a balance of $11,663.37 August 1. Receipts from 1947-48 pledges totaled $63,266.92, or 81 per cent of all pledges.

Army Takes 2 Veterans And Three New Recruits

Two ex-servicemen and three new recruits left Cumberland yesterday to join the Army and Air Forces, according to Lt. George J. Gocke, recruiting adjutant.

Keith M. Keller, Iowa City, Iowa, and Joseph C. McCreary, 23 Ridgeway Terrace, Cumberland, both with former service records, have signed up for three-year terms in the Air Force. Keller, unassigned, will go to Lankley Field, Va., while McCreary has been sent to San Antonio, Texas, for further processing before entering Parachute Rigger and Repairman's School.

The three new recruits will be sent to Camp Kilmer, N. J., in line with the new policy of sending all personnel without previous service to this camp unless they come under the one year 18-year-old program.

Enlisting for three-year periods were Robert J. Conway, Armored Force unassigned, and John F. Winn, Armored Force unassigned, both of Mt. Savage.

Leo Leasure, Route 1, Oldtown, has entered the Regular Army, unassigned, for two years.

Four Building Permits Issued

Four construction permits were issued yesterday in the office of the city engineer.

Leo E Leasure, Bedford Street, secured permits to erect a 34 by 34 foot veneer house and a concrete block garage at a cost of $7,500. Charles Windemuth, 446 Chestnut Street, received a permit to erect an open porch on his home at a cost of $150 and Lester W. Harvey, Massachusetts Avenue, received an improvement permit to enlarge one room of his home and construct a concrete block foundation at a cost of $150.

Mayor Thomas S. Post and Smoke Abatement Engineer George M. Hitchcock yesterday accepted an invitation from the municipal government in Frederick to attend a conservation field day there August 18. The two local officials will meet municipal heads from other Maryland cities in Frederick and attend the program in a body.

Warnick Held On $1,000 Bond In Car Theft Case

Police Still Search For Unknown Partner

Charged with violating the Dyer Act, Hubert Warnick, 21, Midland, yesterday waived a preliminary hearing before United States Commissioner James Alfred Avirett and was ordered held in default of $1,000 bond for action of the Federal Grand Jury.

Warnick, who was arrested Monday after police identified him as one of two men who traveled to Midland from Denver, Colo., in a bullet-riddled stolen car, yesterday admitted theft of the car in Idaho Springs, Colo., according to M. W. McFarlin, special agent of the Federal Bureau of Investigation office in Baltimore.

The prisoner, who was questioned by FBI agents here yesterday, was taken into custody by Troopers Harry S. Bosley and Milton G. Hart, Maryland State Police.

Authorities are still searching for Warnick's companion who has not been identified, Trooper Bosley said, adding the two men abandoned the car on Dan's Mountain Road two miles east of Midland.

Warnick, who at first denied knowing the car was stolen, completed a year's jail sentence July 9 in Colorado on a stolen car charge, he told authorities. He was presently on parole from the Colorado prison.

State police quoted Warnick as saying he last saw his companion, whom he met in Denver, Colo., when they left the car on Dan's Mountain Road after a tire went flat. Police said Warnick returned to the home of his mother and did not know where his companion went.

The possibility of checking further action of the pair through bank bags and coin wrappers found in the rear of the car was minimized yesterday by police who said authorities from the western state said the bank bags are distributed to all merchants doing business at the bank.

Warnick was returned to Allegany County Jail where he has been held since his arrest to await transfer to Baltimore where he will be arraigned and tried on the car theft charge.

Amended Sales Tax Returns Are Increasing

James J. Lacy, state comptroller, yesterday warned that Sales Tax licensees who fail to turn into the state the correct amount of monthly tax collections may face uncomfortably large assessments in the future.

The circumstances which gave rise to Lacy's warning were the result of the Sales Tax reports of the investigators and auditors who are working throughout the cities and counties of the State. This field force is checking returns and sending in amended returns where incorrect results are found.

Lacy reports that the results of this work in the month of July brought in $45,999.30 on amended returns, an increase of over $20,000, above the June figure and $15,000, above the May total.

The largest single payment of back collections in July was approximately $4,100, owed by a chain-store merchant on 11 months business. There have been numerous cases in practically every line of business where the divisions investigators filed amended returns covering five, six and ten month periods.

Thinking ahead, Sales Tax officials realize that returns of some licensees might not be checked for a year or two—possibly more. Amounts owed may be collected for as many as six years back from the date the payment was due.

Thus if a small business, the returns for which were about $400 a year, were checked at the end of the fifth year; the licensee would owe $2,000 plus half of one per cent interest per month and possible penalties up to 100 per cent of the tax due.

Lacy said failure to remit the proper amounts to the Sales Tax Division could create a tremendous hardship on a business and might force a licensee out of business in some instances.

He urged all licensees to guard against the necessity of sizeable future payments by filing correct returns on each month's business.

The Weather

Cumberlanders were wondering what happened to last week's heat when the thermometer dropped to 56 late last night. The highest temperature was 64 degrees yesterday and there was 0.86 inch of rainfall. Today should still be cool with less humidity.

CORRECTED CONTEST RATINGS-- Tally sheets of the Miss Maryland Beauty Pageant published in The Cumberland News yesterday morning were later found to be incorrect, and the corrected ratings are shown above. Arthur B. Gibson and John H. Mosner, tellers, prepared both tally sheets, and said yesterday they inadvertently had transposed the talent scoring and the bathing suit scoring under the wrong columns. Both pointed out that the pageant was presented with the evening gown competition first, the talent phase second and the bathing suit contest third. On the other hand, the tally sheets were prepared for evening gown scoring in the first column, bathing suit scoring in the second column and talent scoring in the third column. They said they made the error in taking the figures from work sheets carrying the totals of the judges' ballots without realizing the difference in the tally sheet column headings and the order in which the contests took place in the pageant itself. The corrected tally sheet shows Miss Frostburg, No. 3, defeated Miss Cumberland, No. 4, in bathing suit competition, that they tied for first place in evening gowns and that Miss Cumberland defeated Miss Frostburg in talent competition. Both Mosner and Gibson pointed out that the transposition made no difference in the final score, Miss Cumberland still winning by three points, despite Miss Frostburg's victory in the personality phase of the pageant. The scoring as announced from the stage by the master of ceremonies was correct, Gibson and Mosner said. The final tally sheet scoring published yesterday morning and not reproduced above was correct. It showed personality scoring and total points.

Bicycle Races To Be Revived At Playground Festival Next Week

Bicycle races, an almost-forgotten event in Cumberland, are being revived, at least for the younger set, by the the Thomas S. Post Playground Association.

The races will be the feature event of the three-day festival to be held at the playground next week.

Other events include a street dance Wednesday night to open the festival, and the crowning of the playground's king and queen, to be chosen by the children at the playground. The latter event is scheduled for Friday night, and Mayor Post will be in charge of the coronation ceremonies.

The playground association has announced that a quarter-mile cinder track will be laid off on the playground for the bicycle races. Half-mile and miles races will be held for 11 to 13-year olds and for 14 to 16-year olds.

Entrants must specify which race they wish to enter, and must include the diameters of their bicycle wheels. The number of teeth on the front and rear sprockets will also be considered in handicapping the contestants.

Prizes will be awarded to the winners. All entries must be received by 5 p. m. Monday. Entries should be addressed to Clair eMase, 1023 Lafayette Avenue.

Local Youth Gets Cabinet Post At Boys' Forum In Washington

A local boy, Charles Sitter, 17, son of Mr. and Mrs. E. B. Sitter, 400 Piedmont Avenue, was appointed Secretary of the Interior at the Boys' Forum of National Government this week in Washington.

Sitter was appointed by President Bill Geary of Louisiana, who was elected Tuesday night on the Federalist ticket at a convention of the two parties at the Forum. Geary was opposed by Oliver Sampson, North Dakota, who ran on the Nationalist ticket.

Albert D. Hildreth, Texas, a Nationalist, was elected vice president. He was opposed by Ken Bridges, Federalist from North Carolina.

Sitter, who was a "favorite son" candidate from Maryland, broke the deadlock at the Federalist Convention Saturday when he released his delegates to Geary.

Maryland swung the election in favor of Geary when Senator Bill Hancock, Baltimore, threw his support to the Federalist candidate after a deadlock developed on the third ballot.

The highlight of the week-long Forum occurred yesterday when the boys met President Harry S. Truman and shook hands with him.

President Truman, Attorney General Tom C. Clark, Secretary of the Navy John L. Sullivan, and Secretary of State George C. Marshall addressed the boys during the Forum.

The youths made a tour of the Federal Bureau of Investigation and of Naval Academy at Annapolis.

Sitter was a member of the Forums Senate Committee on Labor and Public Welfare, and took part in mock hearings on a bill concerning federal aid to education. Witnesses at the hearings were two members of the House of Representatives.

The boys also watched the U. S. Senate in session, and were introduced to Senators from each state.
